Hoods

A brand new Steel Hood is the only way to go!

Add the look of power and strength to your truck with a brand new steel hood with built-in cowl or ram air-style scoop. These superior quality STEEL hoods are made just like your factory original hood, with the exception of the added Cowl scoop styling. They will fit beautifully on your pickup truck. All underside bracing and brackets are faithful reproductions of originals. Our hoods are manufactured on our own steel tools, for the ultimate in quality control. Fully coated with EDP (which makes a terrific primer), these gorgeous hoods will look great on your truck for a very long time.
