

2019 TRUCK ACCESSORIES

TRUCK

Bestop® has been a leader in Jeep® and Truck accessories for more than 65 years. Our selection of products for Trucks and SUVs comes from years of creating specialty products for outdoor adventures with your vehicle.

Our Truck products feature the same engineering, quality control, fit and finish that has established Bestop as the sole supplier of factory soft tops for Jeep since 1986. We are proud to say all of our Bestop-branded replacement soft tops, including Supertop® for Truck, are designed and manufactured in North America.

EZ FOLD™ SOFT TONNEAU

Our easiest and fastest tonneau to install

Heavy-duty adjustable clamps secure tonneau to truck bed

Folded and secured in back of cab, the EZ Fold™ allows for nearly full bed use

EZ FOLD™ TRIFOLD SOFT TONNEAU

- Built-in boxed aluminum frame provides superior strength, quick folding, and does not require any rail installation
- OEM-quality, heavy-duty adjustable clamps secure or release with one-hand operation
- Durable leather-grain textured vinyl is stretch- and shrink-resistant, withstands all climates, mildew- and UV-resistant
- Reinforced corner construction for additional strength and stability
- Integrated buckle straps secure folded tonneau to truck bed
- Easy to install and remove, even in extreme weather

ZIPRAIL™ SOFT TONNEAU

ZIPRAIL™ SOFT TONNEAU

**LIMITED
LIFETIME
WARRANTY**

- Tough, premium grade leather-grain, vinyl-coated polyester withstands any climate or weather. Also mildew- and UV-resistant
- Helps protect cargo in bed of truck
- The proven Belt-Rail™ attachment system attaches the tonneau cover securely and quickly to the truck bed
- Peel-back, non-snap closure featuring quick release tabs makes for fast and easy open and close
- 30-minute no-drill installation
- Integrated bow system reduces installation time
- Reduces drag to help improve gas mileage

Fully-integrated bow system for a smoother profile and easier install

No-drill installation clamps secure frame rail assembly to bed

ZipRail™ attaches to truck bed by tucking fabric into the Belt-Rail™ attachment system. Pull tabs at both rear corners for convenient operation

EZ ROLL™ SOFT TONNEAU

Partially open shown for operational purposes only.

Pull tabs at both rear corners for convenient operation

No-drill installation clamps secure frame rail assembly to bed

Roll-style tonneau, attaches with hook-and-loop fastener, mounts on top of bed rails

EZ ROLL™ SOFT TONNEAU

- Tough, premium-grade leather-grain vinyl-coated polyester withstands any climate or weather. Also mildew- and UV-resistant
- Bows integrated into the fabric for quick roll up
- Tonneau sits on top of bed and secures to rail with hook-and-loop fastener
- Rolls conveniently to the back of the truck bed in about a minute
- Allows tailgate access without removing cover
- Restraint straps secure rolled Tonneau behind cab
- Hook-and-loop system makes the EZ Roll™ easy to use
- Features silver anodized aluminum rails and top quality fabric for that OEM look
- Bed clamps allow easy installation directly to bed with no drilling

POWERBOARDS®

Components

Wireless components placed in door jambs. Signal travels to central receiver, which signals controller to open or close Powerboard® NX.

Separate System

The Powerboard® NX doesn't tap into the truck's wiring, so there's no interference with other aftermarket items, like door alarms or remote starters.

Wiring Harness

Nothing goes inside the cab (NX only). Fewer headaches for installers, as no door panels, carpets, or kickplates are removed; no digging into the dashboard.

Motor

Usually we try to make things quicker, but we discovered that slowing down the board made it more elegant, more refined, more like the OE boards. It also gives kids a bit more time to get in the back doors.

Linkages

Our engineers increased the diameter and added gussets to the motor mounts to make them even stronger.

Wedge Block

Small changes count. Wedge blocks now feature a larger clamping surface with the clamp bolt threaded in place to eliminate slippage.

POWERBOARD®

**LIMITED
3 YEAR/100k
WARRANTY**

- Electrically powered running board hides stealthily underneath your truck when doors are closed and extends down to meet your foot when door opens
- Drops down about 6" and out 2" to create a stair-step into your truck
- Full-length board works with both front and rear doors, driver and passenger sides
- 600 pound load capacity per side
- Complete kit includes two full-length boards, OEM-quality sealed motor, controller, hardware, wiring harness with weatherproof connectors and LED light kit
- Built-in anti-pinch safety features sense pressure to keep board from retracting on your hand and feet
- Patented high-strength, die-cast aluminum linkage built to last in any climate
- OEM-quality sealed motors that perform in any weather
- OEM-quality heavy-duty wiring harness with weatherproof connectors
- Sturdy 6 1/4 inch wide aluminum running board features ultra-durable, non-slip, powder-coated surface
- Integrated LED Light Kit mounts to linkage or to body and illuminates board and ground below for easier access in and out of the cab

POWERBOARD® NX

**LIMITED
3 YEAR/100k
WARRANTY**

The Powerboard® NX has proven Patented wireless technology that makes it a whole lot smarter, and a whole lot easier to install. But that's not the entire story. It's also the end result of several years worth of continuous improvement and testing of every single component on every Powerboard® we make.

SMARTER: The same design as the original Powerboard®, but now using patented wi-fi technology that sends the door signals to the controller.

EASIER: Installation just got quicker, and far easier: no more removing door panels, no tapping into the factory color-coded door wires.

SIMPLER: Attachment of Bestop's® exclusive door transmitters solves all the door open-close signaling and multiple connections.

- Powerboard NX features wireless activation components that reduce installation time and effort
- State-of-the-industry powered running board extends in about one second, retracts flawlessly after four second delay
- Splits the distance between the ground and your cab
- High-quality, performance and value at a lower price
- Integrated LED lighting standard on all Powerboards

Side mount retracted on 2010 Dodge® Ram dually

Side mount extended on 2010 Chevrolet® Silverado

Simply extends with a push of your foot
