Invisible to Invaluable...
IN SECONDS!

Invis-A-Rack™ by Dee Zee

- Innovative cargo rack system.
- Uprights hide away when not in use and pop up in seconds for use with ladders, canoes and any longer items.
- More fuel efficient than typical ladder racks because they stow away when you don't need them.
- Installs easily with no drilling.
- Powder coated aluminum. 500 lb. capacity.

<p>FULL SIZE TRUCKS:</p> <p>#DZ951550 Fits 5.5' Beds</p> <p>#DZ951600 Fits 6' & 6.5' Beds</p> <p>#DZ951800 Fits 8' Beds</p>

TRANSFER TANKS

Liquid Transfer Tanks

- Aluminum/Steel/Combo

55

Auxiliary Fuel Tanks

- Aluminum/Steel/Combo

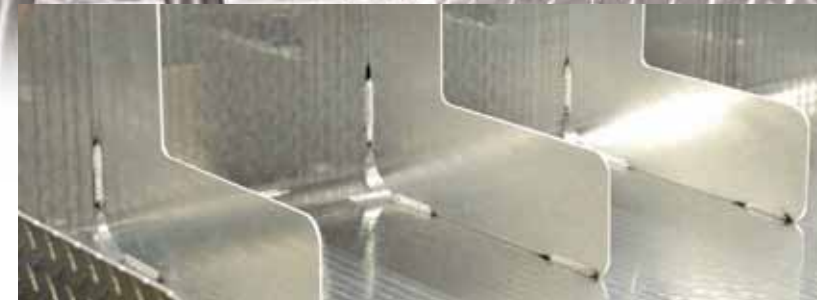

62

Accessories

- GPI® Pumps/Parts

66

TRANSFER TANKS

INTERNAL BAFFLES

Creates compartments inside the tank to control the movement of liquid, which eliminates pressure on the outer welds

LOCKABLE BREATHING CAP

The cap allows the tank to breathe, which reduces pressure when liquid is moving in the tank and eliminates the vacuum when pumping out of the tank.

DRAIN PLUGS

Allows the tank to be drained by gravity.

STEEL OR ALUMINUM

Available in steel with either a white or black finish and also available in polished aluminum or black powder coat aluminum.

RADIUS BENDS

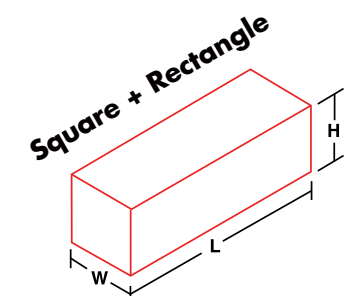

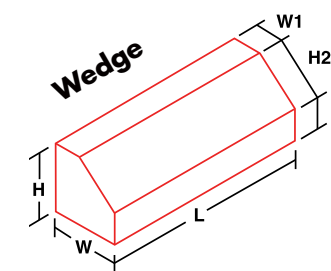

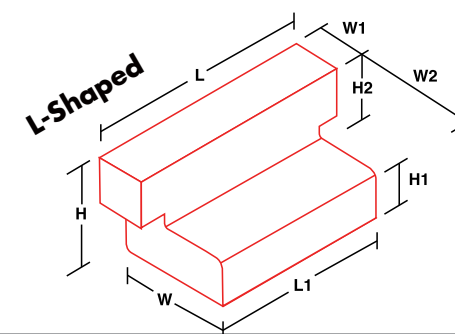

Allows liquid to move freely inside the tanks at the corners, which eliminates the pressure on 90° weld points.

COATING

Dee Zee's patented NRT™ additive by DuPont® is superior in rust and corrosion prevention. Available on steel tanks only.

SIZE AND STYLE VARIETY

Multiple sizes and styles work for end user's specific needs.

TRANSFER TANKS

ALUMINUM TRANSFER TANKS

- Made from non-rusting Brite-Tread aluminum.
- Tanks include baffles, cap, drainage plug and coupler for venting.
- Used for transporting non-flammable liquids
- L-shaped tanks work great with Dee Zee crossover tool boxes.

#DZ91750 ¹ Square

H	24"	H-1	9"	H-2	15"
Vol	92 gallons				

Vented caps add 3.5" to overall height. Mounting tabs and drain plugs also alter dimensions slightly. For private use only. Not for commercial applications of interstate commerce. Not designed for use as auxiliary fuel systems as they do not meet title 49 of the United States Federal Register governing transportation. Not for use with gasoline.

Center weighted pumps are highly recommended. Off center pumps must be supported with brackets to ensure tank warranty.

*Part numbers with a textured black powder coat finish denoted with a (B).

AUXILIARY TANKS

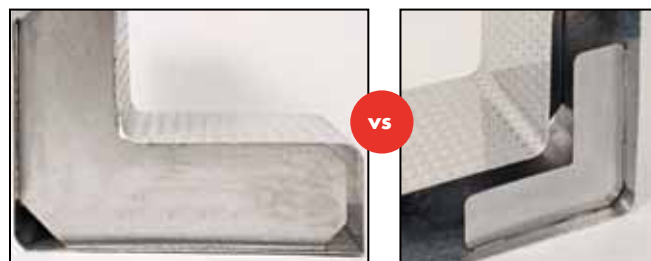

The same tanks you rely on, now with the ability to feed directly into the fuel line of your diesel vehicle.

- Made from non-rusting aluminum, either polished or with a black powder coat.
- Hydrostatically pressure tested to 29 psi. (federal regulation 178.814)
- Full sized and fully welded baffles add extra strength:

Meets...

- Federal Motor Carrier Safety Administration requirements for auxiliary tanks.
- Federal DOT requirements for UN31B tanks.*

*Always check local rules and regulations before altering your OEM fuel system.

AUXILIARY TANK BAFFLES

STANDARD TANK BAFFLES

CONNECTOR KITS

- Feed diesel directly into your fuel line.
- All hoses and hardware included.
- Some cutting required on the OEM fuel hose.
- Not designed for continuous flow. Flow valve must be closed during vehicle operation.
