| IMPORTANT: PLEASE NOTE. To select correct replacement parts, it may be necessary to identify the code character for the engine by looking at the VIN (Vehicle Identification Number) located on the dash panel. For 1981 and newer cars, refer to the 8th digit of VIN for the correct engine code. For 1980 and older cars, refer to the 5th digit of VIN for the correct engine code. |                 |                |             | <b>ASTRO - Continued</b>                                  |                 |                |             |
