2008-11 DODGE CHALLENGER ABS EGX REAR WINDOW LOUVER Kit

Part #: Complete 5388-3400-08

TOOLS REQUIRED

Glass cleaner, grease pencil, adhesive promoter, clean soft rags and automotive grade masking tape.

J 11 HO P

1. Place the **louvers** onto a clean, flat work area. Temporarily install the **mounting brackets** (two (2) flat ones at the bottom). Then install the remaining six (6) **bent brackets** around the perimeter. Install the nylon thumb nuts to retain the brackets.
2. Install the supplied **1/8" x 1/4" foam tape** to the inside surface (where shown with white lines) breaking at the mounting brackets.

3. Thoroughly clean the rear window on the vehicle and apply protective masking tape around the rear window to protect the paint during louver alignment (not shown).
4. Remove the tape backing at this time.

5. Mark the six (6) bent bracket locations around the perimeter of the window with a grease pencil.

6. Remove the louvers and mounting brackets.
7. Take the **six (6) bent brackets** and remove the red 3M tape backing. Align the bent **brackets** to the markings made in **Step #5** and press firmly into place.

8. Align the louvers in place ensuring that all studs protrude through the mounting holes.
 9. Open the trunk and lift up on the bottom edge of the louvers and pass the studs on the two (2) flat brackets up through the holes in the bottom edge of the louvers.

10. Once properly aligned, press the louvers and brackets firmly into place to set the tape.

11. Secure the louvers using the supplied nylon thumb nuts.
 12. Finished installation.

Part #5388-3400-08
