

HUSKY GEARBOX®

VEHICLE INTERIOR STORAGE SYSTEMS

GM CREW CAB: 07-11

Husky GearBox®

Has a factory look along with a soft feel that blends with your interior and hides neatly under your second seat

MESSY TRUCK? PROBLEM SOLVED...

The Husky GearBox® is perfect for storing loose items, reducing clutter and keeping your vehicle looking clean and organized. This unique storage system is engineered to specifically fit under your vehicles rear seats. Large capacity and removable dividers make it easy to store and organize both large and small items such as jumper cables, tools, car care supplies and whatever else you keep in your vehicle. The Husky GearBox® is manufactured using co-extruded materials consisting of a rigid durable substrate for strength and a soft impact-resistant surface that minimizes cargo shifting and provides noise reduction. A black textured finish gives the GearBox® a factory look. Proudly engineered and manufactured in the USA with a lifetime warranty against cracking or breaking. Husky GearBox®... custom interior vehicle storage for today's most popular trucks.

Looking for dependable car organizers? Rely on Husky for quality and long-lasting products.
