

# PF5061

2009-10 Dodge Challenger HEMI 5.7L  
 2008-10 Dodge Challenger SRT-8 6.1L  
 05-2010 Magnum Hemi 5.7L V8, SRT-8 6.1L V8  
 06-2010 Charger Hemi 5.7L V8, SRT-8 6.1L V8  
 05-2010 300C Hemi 5.7L V8, SRT-8 6.1L V8

Dodge Challenger Hemi 5.7L V8  
 +Gains of up to  
**16 hp - 18 ft.lbs torque**

Dodge Challenger SRT-8 6.1L V8  
 +Gains of up to  
**28 hp - 24.5 ft.lbs torque**

## Features and Benefits:

- **MR Technology** (Tunes intakes to factory air/fuel ratios) patented
- **Injen/AMSOIL Ea nano-fiber performance dry filter**
- **Strategically located bracket**
- **Mandrel-bent prime aluminum alloy**
- **The only true Cold Air Intake System on the market**

**Unleash the fury of 16 ponies and 18 ft/lbs of torque from your Hemi V8!**

Superior engineering and unparalleled technology is what goes into the all new PF5061. This race inspired cold air intake comes equipped with Injen's famous patented, MR step down process, which calibrates your intake to factory air/fuel ratios. In addition, Injen introduces the first performance dry filter equipped with Ea nano-fiber technology (no oil required). Injen Technology: the company that brought you "The World's First Tuned Air intake system"
