## PF7075 CHEVY DURAMAX 6.6L V8

**+Gains of up to  
20 hp / 40 ft.lbs of torque**

### MRtech2

When MR Technology is implemented horsepower/torque gains are maximized while air/fuel ratio is stabilized. MR Technology tunes the intake system to within SAFE FACTORY LIMITS, making it the THE WORLD'S FIRST TUNED AIR INTAKE SYSTEM!

### ARE YOU READY FOR AN AMERICAN REVOLUTION PART II?

Feel the Power-On-Demand of this all new Chevy Duramax Built in the USA air intake kit. Towing, racing or just daily driving will be an all new experience when you call on the Horsepower and Torque this kit will produce. Up to 20 Hp and 40 TQ. It's not just the power leaving you breathless, lift the hood and witness the beauty of a Geometric 356 Prime cast polished or wrinkle black aluminum intake tube along with the endless features of the Diesel Power Box Injen's launch of the Power-Flow Diesel air intake systems has sent the industry into design frenzy. Consumers, wholesalers and competitors alike are left in awe after viewing the ultimate design and specs of this new technological evolution. Powered by Injen's latest engineering design - Vi Technology, a multi-port air induction system that fills the plenum with air providing added Power-On-Demand. Filtering the air is a first stage easily removable stainless steel pre-filter screen and an all new Injen/AMSOIL Ea Nanofiber technology dry media designed to handle the toughest of dirt.

### KEY FEATURES:

- VARIABLE INDUCTION TECHNOLOGY (VI TECHNOLOGY)
- REUSABLE DRY MEDIA INJEN/AMSOIL EA NANOFIBER AIR FILTER
- EASILY REMOVABLE AND WASHABLE STAINLESSSTEEL PRE-FILTER
- GEOMETRIC 356 PRIME CAST ALUMINUM TUBE
- GLASS FILLED NYLON AND POLYPROPYLENE COMPOSITE MIX POWER-BOX
