2011-2012 FORD MUSTANG V6 3.7L

Get ready to unleash some serious power from your 3.7L V6, with Injen's all-new

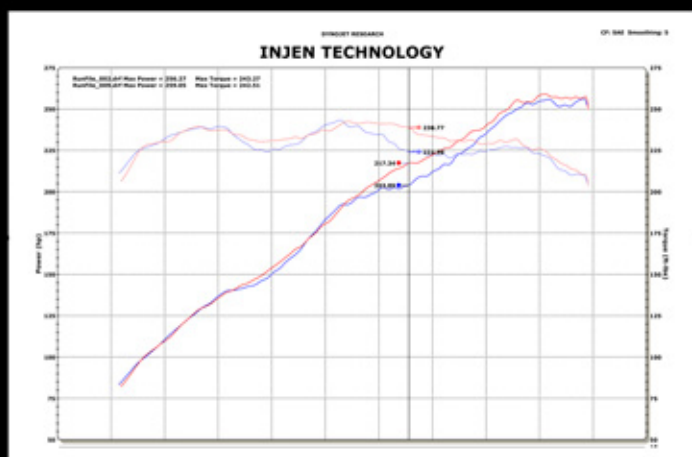

This air intake system will convert your pony to a Mustang on steroids, delivering a whopping 13.45Hp and 14.79 ft./lbs of torque. In addition, Injen's patented step-down tuning process will keep your engine running to factory safe air/fuel ratios, giving you a little peace of mind. As an added value, you'll get protection from the first surface loading filter: the nano-fiber dry filter will shield your engine from harsh and dirty environments, extending the life of your motor!

Get the trusted name in performance, InjenTechnology !
