

**SP1998**

2008-09  
Infiniti G37 3.5L V6

2007-08  
Infiniti G35 3.5L V6

SP1998P POLISHED  
SP1998BLK BLACK  
HYDROSHIELD PART# X-1034

ALSO AVAILABLE AS  
A COLD AIR INTAKE  
**SP1997**

**+Gains of up to  
13 hp - 13 ft.lbs torque**

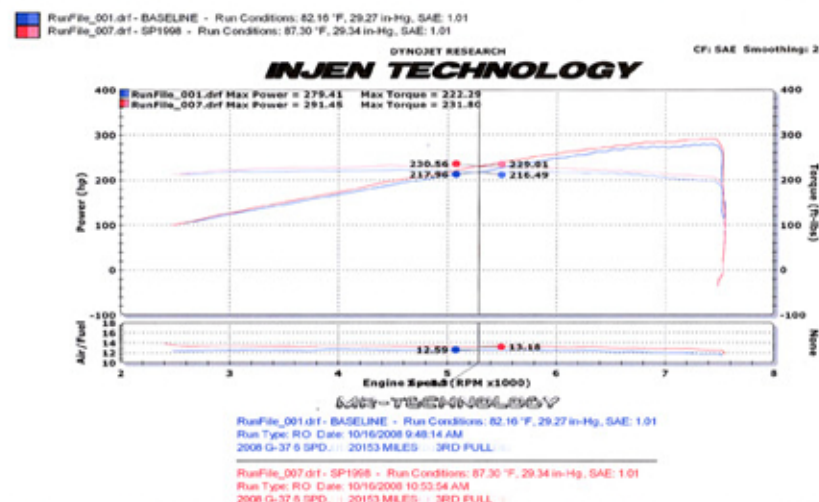

**Features and Benefits:**

- DYNO-TUNED TWIN INTAKES
- INJEN/AMSOIL dry filters with inverted air stacks
- HEAT SHIELDS with 5" composite velocity stacks
- MR TECHNOLOGY (Tuned intakes to factory air/fuel ratio's) (Patent #7,359,795)
- AIR INTAKE HORNS, Extending horns and lengthening the tube into the body of the filter allows air to flow at a greater velocity within the intake tract.
- MANDREL-BENT AIRCRAFT ALUMINUM ALLOY
- TUNED MASS AIR FLOW SENSORS

**Copying our patented step down process is the best form of flattery but it can never be duplicated**

**FEEL THE EXPLOSIVE COMBINATION OF TWIN AIR INTAKE HORNS AND MR TECHNOLOGY!** Injen Technology's innovations have made it a world-renowned tuning company, second to none. Be the first to bolt on an unmatched 13hp and 13 ft.lbs. of torque! The all-new SP1998 is equipped with identical twin air intake horns, individual heat shields and 5" velocity stacks that will make your heart race. Injen's new addition to the line of performance is the Injen/AMSOIL eA nano-fiber dry filters, the performance filter of the future! **DON'T FALL FOR THOSE CHEAP KNOCK-OFFS FOUND SO ABUNDANTLY IN TODAY'S MARKET.** Trust the name with the only patented tuning process: look for the logo of authenticity. Choose the best, choose Injen Technology!

**Patents:** MEGARAM (MR), AIR FUSION AND INTAKE AIR HORNS - If it isn't Licensed and Certified by Injen Technology, you're buying a substandard knock-off. Trained and certified engineers will display the licensing logo of authenticity and will receive full support from Injen Technology. Look for the licensing logo whenever purchasing an intake displaying any of our patented processes.
