TRUCK ACCESSORIES

WHY CHOOSE A KARGO MASTER RACK?

STRENGTH IS OUR HERITAGE

Within each Kargo Master truck rack is a heritage that goes back to our first truck rack in 1982. We've engineered simply the best modular trucks in the industry. Durable, strong, and resilient Kargo Master truck racks perform; year after year; job after job. You can rely on our racks to withstand the test of time.

FUNCTIONAL

All Kargo Master racks are made from round tubing which is stronger than square tube designs. Easy to remove rear support bars and integrated tie down hooks give you total flexibility and security in loading your ladders and cargo. Our large ergonomic drop down handles make it easier to step up to your truck. We use clean swaged tube joints that disappear. Fasteners are OEM in appearance. Available in black gloss (steel) or silver (aluminum) powder coat finishes.

STRONG

There is a big difference between supporting a static load and supporting that load while coming to a hard stop, veering around a tight freeway off ramp, or bouncing over pot holes or railroad tracks. Kargo Master makes the strongest production racks available, and it is easy to understand why. We use bigger, thicker, round tubes, with extensive gusseting of legs and cross bars.

PRO II HEAVY DUTY	Constructed with 2" diameter x .083" thick high tensile strength mechanical tubing, the Pro II rack is designed to carry heavy materials and cargo.
PRO III MEDIUM DUTY	Made with 1.625" diameter x .083" thick tubing, the Pro III is a lighter racking solution than the Pro II.
PRO IV HD ALUMINUM	With the Pro IV, light doesn't mean weak by any means. Fabricated with 2" diameter x .12" thick T-6 aircraft aluminum.
ECONO LIGHT DUTY	Our Econo racks provide easy and economical options for ladders and light materials.
ADVENTURE SPORT	Our Adventure Sport Truck Rack gives you the ultimate in rack configuration and usage. Compatible with most popular accessories.

ADVENTURE SPORT TRUCK RACK

A VERSATILE RACK FOR WORK OR PLAY

30070 BASE RACK

31680 OPTIONAL TELESCOPING SIDE BARS

Rack features.

- Adjustable length which allows for easy configuration for any type of gear. Bicycles, kayaks, canoes, tents and more
- Durable powder coat flat black finish
- 1.125" cross bar compatibility for all your sport carry accessories
- Strong 2" steel pillars
- Optional 2" telescoping side bars. #31680

The new 30070 truck rack is the perfect crossover rack for your adventures both on and off the job. Built to withstand the rigors of the workplace or your rigorous trip to your favorite kayak run. Load up with materials or all the gear for your next excursion. This rack features sturdy 2" steel pillars and 1.125" cross bars making it compatible with most accessory mounting systems. Optional 2" side bars allow you to attach numerous items such as tool hooks or truck tents. Whether you are a warrior during the week or on weekends, this is the rack for you.

- Telescoping side bars increase available mounting points and provide additional strength
- Adjustable length allows easy configuration for any kind of gear
- Side bars are not necessary for most commercial applications
- Essential, however, if one intends to carry a tent

ADVENTURE SPORT TRUCK RACK
 Cargo Rack for All Full-Sized & Compact Trucks – Black
 Use for Carrying Ladders or Compatible with Most Yakima Products

Vehicle fit.

- Mounting kit included to fit most common pickup truck applications

DRILL-FREE INSTALLATION

TRUCK ACCESSORIES

EXTRA CROSS BAR
PRO II, III & IV
31110 2" Black - Pro II
31600 1.625" Black (Steel) - Pro III
31690 2" Silver (Aluminum) - Pro IV

WINDOW GUARD
31080 Protects rear cab window while adding support to both the racks and the truck bed. For 01000, 01040, 80000
31080C Clamps to Attach Window Guard to 01040, 80000

EMERGENCY LIGHT MOUNT BRACKET
31170 Mounts emergency flasher to any location on side rails.

UTILITY HOOK
31150 Side mount hooks holds coiled materials within reach of ground.

RETRACTABLE RATCHET STRAPS (PAIR)
31490 2" x 7'. These bolt-on retractable ratchet straps allow quick and easy tie down of items on top of the rack. Bushing kit included.

STANDARD FULL-LENGTH BED RAILS
31270 72" - Pro II & Pro III
31280 78" - Pro II & Pro III
31300 96" - Pro II & Pro III
 These rail-type mounts distribute the rack load, protect the bed sides and provide a strong base for mounting a tool box.

FRONT BAR WIND DEFLECTOR
31570 All truck racks make some wind noise when air rushes around the front U bar. This clamp-on deflector can be aligned to significantly reduce noise.

6" TALLER LEGS (SET OF 4)
31530 For 01110
31540 For 01130
31650 For 80030
 These extended camper cap legs are 6" longer than standard to provide extra clearance for high-rise camper caps.

EXTRA CROSSBAR
31700 For 1.625" Dia. Tube - Silver
 (Use with 80070, 80080)
