FLEET-APPROVED COMFORT AND SAFETY

GRIP STEP™ RUNNING BOARDS EXPANDED METAL TREADS

Grip Step running boards are the ideal steps for work trucks and commercial vans. Their powder-coated construction is highly weather-resistant, and their unique metal treads offer several safety advantages. Grip Steps are also available in XL, SlimGrip™, rear step and hitch step configurations.

High traction

Unlike plastic, the expanded metal treads provide maximum traction and safety on the job, regardless of weather conditions.

Extra comfort

A broad width offers a comfortable surface to ensure confident footing and an ergonomic environment for drivers and workers.

Open treads

As passengers step up, dirt and debris are knocked off their boots and pass through the open treads, keeping the vehicle interior clean.
