MUD FLAPS

ENGINEERED TO PROTECT

For the front or rear of the vehicle, Textured Rubber Mud Guards add style and body protection. These mud flaps are constructed in the USA from recycled rubber, and they feature 18-gauge stainless steel plates to help protect the bottom edge. Similarly, our Textured Rubber Tow Guards offer full protection for your customer's trailer by creating a barrier at the rear of the vehicle. It is made from the same tough rubber as our Mud Guards and features a convenient use-as-needed, hitch-mounted design.

FEATURED PRODUCTS

Mud Guards

These heavy-duty mud flaps are built with 3/8" textured, recycled rubber and have high-polish, 18-gauge stainless steel plates.

Tow Guards

This simple trailer hitch attachment offers full-width, as-needed trailer protection while towing and comes fully factory assembled.

Heat shields

These stainless steel vehicle-specific attachments easily protect the Tow Guard against exhaust heat from the tailpipe.
