AFEPOWER.COM/SCORCHERPROREBATE

The aFe Scorcher PRO hand-held performance programmer gives drivers the edge they need, whether it's tackling tough terrain, pulling a heavy payload or maximizing fuel economy on the highway. It's sleek design, full-color display and customizable gauges help track and adjust powertrain performance to deliver more horsepower and torque when it's needed most. Cloud-based tune delivery over built-in WiFi means that the Scorcher PRO will always be running the latest tuning enabling drivers to stay one step ahead of the pack. This product does not support any changes to your vehicle's emission system.

ULTIMATE PERFORMANCE:

All-in-one, performance programmer that provides specially calibrated tunes for vehicles equipped with aFe POWER products to maximize your vehicles performance potential and drivability at the touch of a button.

AFE POWER TUNES:

It's the ultimate in performance enhancements, customized tunes to match specific aFe POWER product modifications on your vehicles ECU to perform perfectly and produce maximum power.

CONNECTIVITY:

Connects to the vehicle's OBDII port and has Wi-Fi capability so you can download aFe POWER's custom tunes whenever or wherever you want. Can also be connected to a PC to download aFe POWER custom tunes.

DATA LOGGING & MONITORING:

Monitor and display critical vehicle data using on-screen, full color customizable gauges. View, capture or download your vehicle's data on one device.

AFE POWER TUNES:

The Scorcher PRO offers the capability to read and clear DTC's (diagnostic trouble codes).

*Tunes also available for factory equipped vehicles
