SUPERBOLT®

FENDER FLARES

- **LIFETIME WARRANTY !**
- **ROBUST NO DRILL ATTACHMENT**
- **STAINLESS STEEL BOLTS**
- **ELIMINATES VIBRATIONS & PAINT DAMAGE**
- **INTEGRATED MUD FLAP**
- **UV COATED IN SATIN BLACK FINISH FROM FACTORY**

No questions asked Unlimited Lifetime Warranty SUPERBOLT®, 100% Stainless Steel!

Patented SUPERBOLT® Installation Method: The ONLY Fender Flares that are installed without any drilling into the body using the Patented SUPERBOLT® attachment method that eliminates ALL vibrations and paint damage!

Air Design SUPERBOLT® Fender Flares integrated Mud Flap contour widens the bottom of the Fender Flare, protecting the vehicle sides from road debris and paint chips.

SUPERBOLT® Fender Flares are thermoformed with high-tech multilayer Black ABS Senosan Polymer from Austria. The top surface is coated at the factory with German OEM approved 2K Satin Black Paint providing ultra UV protection and OEM Finish.

F025A11 FRONT BUMPER GUARD

UV Coated in Satin Black & Silver
Finish from Factory

DOT approved DRL incorporated

F-150's **Front Bumper Guard** with integrated **Skid Plate** delivers the heart of Off- Road country.

This High End part is manufactured with the most advanced OE materials providing a stunning premium upgrade to the front end of your Truck.

F-150's heavy- duty, high- impact Front Bumper Guard fits like a glove on the factory Bumper in a matter of minutes without having to drill or cut any section of the vehicle. Each of our Front Bumper Guards include a pair of DOT approved Osram- Sylvania LED DRL Lights, for improved visibility and safety during all weather conditions.

BUILD YOUR RIDE

F020A33 TAILGATE SPOILER

UV Coated in Satin Black Finish
from Factory

Outstanding sport rear end upgrade

Tailgate Spoiler does not work
on trucks equipped with factory
Tailgate Step

Visually and technically speaking, F-150's **Tailgate Spoiler** provides a unique level of personalization and improved aerodynamics.

This very unique custom accessory harmoniously complements your F-150's style and installs on the rear bed door in a matter of minutes with perfect fit and no drilling required.

F025A09SB TAILGATE APPLIQUE

UV Coated in Satin Black Finish
from Factory

Take your F-150 to the next level with this Plug & Play **Tailgate Applique** which provides your truck with an upgraded presence of High End and Sport versions.

Installs in a matter of minutes with perfect fit and no drilling required.

F025A03 SUPERBOLT® FENDER FLARES (SET OF 4)

Manufactured with our high performance Soft Feel Heavy Duty TPR engineering material for superior fit, strength and durability. Special features such as our Integrated Stainless Steel Foot Rest and exclusive Hexa-Liner surface pattern, that improves driving comfort while delivering needed interior protection from liquid spillage and waste.

OUR DESIGN CENTER & MANUFACTURING PLANT

For almost 3 decades, Air Design has collaborated with different partners in the automotive industry to design, develop, produce and deliver a wide range of accessory solutions molded in thermosets and thermoplastics, aluminum and steel, for exterior and interior applications in passenger vehicles.

By fostering a culture of Innovation and emphasizing the extensive use of the latest technology and composite materials, Air Design is positioned as a clear leader in the automotive supplier partner area.

We consistently deliver impressive Industrial Design and Custom Manufacturing methods to support the most demanding vehicle personalization programs within the OEM segments.

Air Design is a true full-service development partner, offering a broad range of collaboration capabilities, including: Conceptual Sketches, Renderings, Design, 3D Modeling, CAD Engineering, Virtual Reality, Rapid Prototyping, Tooling, Manufacturing, Delivery, Installation, Training, and ongoing Support.

Air Design employs approximately 250 engineers, designers, and plant personnel from over 15 different countries.

A recent expansion into the Aftermarket via Dealer Direct channels and Wholesale Distribution partnerships with industry leaders in the US allows Air Design to call upon its extensive OE experience and increase consumer access to its high-end styling products.
