ALPINESTARS PROTECTS ELI TOMAC

ALPINESTARS MOTORCROSS

At Alpinestars, the protection of our athletes is our top priority and of the utmost importance to us. Our core goals are, and forever will be, Protection and Safety, and it is these two very pillars from which we design all of our products.

With Protection and Safety being the very foundation we work from, our passion and desire to create the most advanced motocross products in the world are inspired by the values to protect the rider so that they can feel confident in their safety, and as a result, forget about the risks involved and to ride at their optimum level.

In our never ending quest to constantly imagine, research and develop new concepts and innovative designs, Alpinestars ceaselessly pushes the limits of just how protected a rider can actually be. And in our drive to further enhance Protection and Safety, we work with the most modern and ever-evolving medical knowledge available.

Armed with that same knowledge and technology, we then invent products, and in doing so, torture test them in our laboratory before we then give them to our athletes - namely the best riders in the world - and ask them to push them to their very limits.

From our riders we then receive invaluable, straight off of the motorcycle feedback about our concepts and how they feel, how they enhance performance and how they provide the rider with an unimpeded ability to ride at their full potential. And this is our very mission: to create products and that will offer our riders the most advanced protection possible, and as a result, allow them to never think about the very protective gear they have on. Our primary goal at Alpinestars is to help our riders concentrate on Championships, and at the same time, be as safe as possible. And this is the very same goal we have for you: the ultimate protection for the ultimate peace of mind for the ultimate ride.

TECHSTAR FACTORY JERSEY

MOTOCROSS / OFF-ROAD - **SIZE S-2XL** CODE - **376 1016**

- Fade resistant sublimated graphics.
- Moisture-wicking polyester main fabric.
- Mesh panels to increase airflow.
- Pre-curved sleeves.
- Elbow padding for improved comfort.
- Fitted wrist cuffs Cut longer in back for improved fit and compatibility with Alpinestars MX pants.
- Lower back grip printing to aid stability.

TECHSTAR FACTORY PANTS

MOTOCROSS / OFF-ROAD - **SIZE 28-40** CODE - **372 1016**

- Multi-panel poly-fabric construction with PU coating for strength and durability.
- Strategically die-cut perforated panels and mesh inserts for ventilation.
- Exclusive patented "vector" back panel provides maximum comfort and flexibility.
- Patented "babel" knee design with new pre-bent, reinforced and padded 3d knee and ballistic nylon for strength, plus hidden spandex stretch expansion gusset.
- Heavy poly fabric reinforcement on the seat area provides abrasion resistance.
- Genuine 1.3 mm leather reinforced inner leg panels for heat and abrasion resistance.
- Lightweight and ventilated mesh liner with stretch panel insert for improved fit.
- Inner pocket for key storage.
- Dual waist adjustment pull tabs.
- Vented TPR on knee and back to increase airflow.

TECHSTAR FACTORY GLOVE

MOTOCROSS / OFF-ROAD - **SIZE S-2XL** CODE - **356 1016**

- Lightweight stretch twill increase flexibility and breathability.
- Glove constructed in a pre-curved shape.
- Airprene knuckle flex points to improve protection and maximize riding comfort.
- Finger fourchettes covered with seamless one-piece stretch to avoid irritation.
- Silicon grips on fingers for improved grip and lever control.
- Airprene cuff with TPR wrist adjustment for customized fit.
- Reinforced palm area increases durability.

VENTURE JACKET FOR BNS

ENDURO - **SIZE S-3XL** CODE - **370 3012**

- Technical off-road and enduro performance riding jacket.
- Durable Nylon and Polyester fabric construction provides excellent abrasion resistance.
- Multiple stitched main seam construction for superior resistance against tearing.
- Pre-bent multi-panel sleeve construction affords an excellent fit in the riding position.
- Reinforced and 3D elbow construction with padded reinforcements for greater impact protection.
- Removable collar designed to accommodate the Bionic Neck Support and most neck brace systems on the market.
- Detachable sleeves allow the jacket to be worn as a vest.
- Front zippered air intakes and rear exhaust vents for highly effective climate control.
- 4 front pockets and 1 large pocket on the back.
- Convenient three-section front flap allows the jacket to be configured for greater airflow
- Flip out pass holder.
- Internal hydration pack compartment on the back with integrated pipe hold system.
- D-ring waist Hook and loop fastener adjustment and Hook and loop fastener wrist closure ensure a snug, tailored fit.
- Neoprene borders on cuffs for added comfort.

BNS TECH CARBON NECK SUPPORT

ENDURO - SIZE XS/M - L/XL CODE - 650 0014

- The BNS Tech is constructed from an advanced, high-performance carbon polymer compound to offer:
- Structural integrity and frame strength against heavy impact energies during a crash.
- Ultra-lightweight performance and comfort while riding.
- Resilience to low temperatures, below 0°C.
- The BNS Tech is designed to provide a customizable, secure and personalized fit with:
- SAS (Size Adapter System) for a versatile fitment in size ranges XS-M and L-XL.
- Lycra®-laminated foam padding kits: adaptable and interchangeable EVA foam pads allow compatibility with body protection systems.
- Strap System: Light strap worn over or under the jersey.
- The BNS Tech incorporates a bio-organic engineering design for superb ergonomics.
- Rear stabilizer promotes PFR (Progressive Force Relief) and dissipates energy loads by transmitting them across the back and shoulders and away from spine (thoracic vertebrae), and is connected to the frames via pivot key.
- Frame construction promotes improved contact with helmet during impact - including rear support edge that fits closer to the body, extra width to account for different helmet sizes and raised chest to reduce hyper-flexion.
- Innovative quick-release locking system for rapid and efficient fitting/removal offers secure and convenient closure.
- Compressed EVA foam compound padding to distribute the impact force over the widest area, yet remain lightweight.
- Category 2 CE certified under the PPE Directive (89/686/EEC).

FLUID TECH CARBON KNEE BRACE

PROTECTION - SIZE S/L - XL/2XL LEFT CODE - 650 0316 RIGHT CODE 650 0416

- EN 1621-1:2012 K type B / LEVEL 1
- New strong and advanced high-performance carbon polymer compound PA12 LCF reinforced for higher breaking resistance.
- New additional thin Ergo Fit spacer on the medial (bike) side to have the knee closer to the bike.
- New graphics
- New softer and comfortable strap system to avoid skin irritations.
- New soft comfortable lateral knee padding to avoid pressure points.
- The Fluid Tech is lightweight, strong and is constructed from an advanced, high-performance carbon polymer compound to offer:
 - Optimized structural integrity and frame strength
 - The Fluid Tech features a lightweight 'exoskeleton', reduced material construction design.
 - Highly ventilated: Channeled padding and mesh zones for optimized ventilation and airflow.
 - Crucial weight-saving: the Fluid Tech is 40 per cent lighter than current B2 brace versions.
 - Extreme temperature resilience: Fluid Tech performs at temperatures as low as -20°C (-4°F).
 - The Fluid Tech is designed to provide a highly customizable, personalized and stable fit
- SAS (size adapter system): provides adjustable and versatile brace fitment in size ranges S-M-L and XL-2XL.
- Innovative spacer system: Brace supplied with leg-size adjustment spacers (1mm, 2mm and 3mm) on either side of hinge, plus two pairs of flexible, anatomically optimized 'ergofit' spacers (6mm and 9mm) for improved directional articulation performance.
- Knee pivot system: New double-pivoting hinge system incorporating tool-free, fast, easily exchangeable extension stops (0, 5, 10, 15, 20 degrees) to prevent hyper-extension injuries.
- The Fluid Tech incorporates a bio-organic engineering design for superb anatomical performance:
 - Innovative patella/knee cup protection system: Ergonomically sculptured and ventilated knee cup system constructed from semi-rigid TPU backed by shock-absorbing PU memory foam.
 - Correct position of knee cup is secured accurately in place with top and bottom elastic straps, allowing multi-directional freedom of movement.
 - Additional protection in strongly angled positions afforded by upper and lower patella cuffs.
 - Innovative, dual X-strap system promotes secure fitment of brace in all riding positions and includes combined buckle and Hook and loop fastener closures for rapid and easy mounting.

FLUID PRO KNEE BRACE SET

PROTECTION - SIZE S/L - XL/2XL CODE - 650 1316

- EN 1621-1:2012 K type B / LEVEL 1
- New material blend PA12 GF reinforced for more stabilizing and supportive effect
- New graphics
- New softer and comfortable strap system to avoid skin irritations.
- New soft comfortable lateral knee padding to avoid pressure points.
- The Fluid Pro is lightweight, strong and is constructed from an advanced, high-performance carbon polymer compound to offer:
- Optimized structural integrity and frame strength
- The Fluid Pro features a lightweight 'exoskeleton', reduced material construction design.
- Highly ventilated: Channeled padding and mesh zones for optimized ventilation and airflow.
- Crucial weight-saving: the Fluid Pro is 25 per cent lighter than current B2 brace versions.
- Extreme temperature resilience: Fluid Pro performs at temperatures as low as -20°C (-4°F).
- The Fluid Pro is designed to provide a highly customizable, personalized and stable fit.
- SAS (size adapter system): provides adjustable and versatile brace fitment in size ranges S-M-L and XL-2XL.

A-8 PROTECTION VEST ENGINEERED FOR BNS

PROTECTION - SIZE S/M - M/2XL - 2XL/4XL CODE - 670 0012

- prEN 1621-2:2012 / LEVEL 2
- EN 14021

- The combination of advanced design methods and high-tech materials ensures that Alpinestars A-8 Body Armour offers unrivalled levels of safety and performance to the dedicated Motocross and Enduro rider.
- This new, innovative armour system attains the highest level of protection in terms of CE standards, yet grants the rider exceptional freedom of movement.
- This highly-developed protector can be worn as an under-jersey without shoulder cups or as an over-jersey with shoulder cups and utilizes semi-rigid plastics to enable a superior fit against the body.

- The A-8's design allows the protectors to follow the body's motion perfectly, ensuring the armour is always in the optimal position to provide protection when it's needed.
- The large, lateral protectors are unique for such an armour system and wrap around the body effortlessly, while a newly developed buckle system allows the fit to be precisely adjusted.
- Strategically placed intake and exhaust events combine with extensive perforated panels to enhance airflow, resulting in greater riding comfort.
- The A-8 has also been designed to integrate with the Alpinestars Bionic Neck Support to offer riders a complete, high performance protection system for the upper body.

TECH 10 BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 7-14 / CORRESPONDING TO: EUR 40.5-49.5 CODE - 201 0014

- Lightweight upper combines full-grain leather with lightweight microfiber and impact and abrasion resistant TPU shell.
- Innovative, evolutionary TPU shin-plate construction for greater range of fitment features a reinforced Hook and loop fastener closure for comfortable, highly customized closure.
- Shin zone incorporates TPU blade system engineered to prevent frontal hyperextension and provides greater flex control.
- Evolutionary design for lateral flex zone provides front and rear flexion support and helps prevent torsion.
- Medial-facing panel constructed from TPU with rubber insert for maximum grip contact with bike and improved heat and abrasion resistance.
- Contoured TPU calf protector plate offers impact resistance.
- Innovative TPU rear blade system protects heel and features a rear hyperextension guard.
- Extensive TPU protection on toes, foot, heel, ankle, calf and shin with extra hard compounds on the toe-box, heel and achilles tendon.
- New closure system includes polymer buckles plus aluminium frame with innovative self-aligning, quick release closures for customized secure fitment.
- TPU lower shell is reinforced with metal shank and includes toe reinforcement for impact and abrasion resistance.
- All the buckles are replaceable.
- Soft microfiber gaiter helps seal out excessive water and dirt entry.
- Poly fabric lining with 3D open cell foam incorporates anti-sliding suede reinforcement on

- Exclusive dual compound sole is seamlessly integrated to the multi-density foot base structure with built-in support, the sole superior durability and grip.
- Ankle brace system innovative biomechanical inner brace features torsion bars to control ankle and leg rotation, while allowing freedom of movement.
- Shock absorbing padding on the heel and ankles plus an ultra thin and flexible forefoot area for increased sensitivity and control.
- Replaceable footpeg insert on sole is constructed from hard compound vulcanized rubber for durability and protection.
- Removable anatomic footbed.
- Tech 10 boot is CE certified to EN 13634:2010.

ANKLE BRACE SYSTEM

TECH 8 RS BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 5-15 / CORRESPONDING TO: EUR 38-51 CODE - 201 1015

- Upper constructed from a combination of full grain leather and innovative and light microfiber that is flexible and abrasion resistant.
- Alpinestars inner ankle sleeve is constructed from leather with 3D mesh panels and incorporates adjustable shock absorbing gel inserts on the ankles and a removable anatomic footbed for enhanced comfort, fit and protection on the ankle and lower leg.
- Alpinestars exclusive high grip, dual density rubber outsole includes footpeg area which is reinforced with hard polymer compound for durability and comfort. The outsole is fully replaceable.
- Reinforced lateral flex zone above outward facing ankle helps prevent torsion.
- Contoured shin plate injected with high modulus polymer for superior impact and abrasion resistance is perforated for ventilation.
- Contoured calf protector plate is injected with high modulus polymer for impact resistance.
- Extended, internal protection plates constructed from injected polymer to guard the ankle and lower foot as well as the toe box area.
- Advanced closure system features strong techno-polymer buckles for easy adjustability with a precise, secure and streamlined fit.
- Top and bottom reverse closure design provides superior impact security and improved fit.
- Low profile toe for improved control and sensitiveness in the shift area.
- Full length, sculpted rubber panel on the inner side of the boot gives superb grip against the bike and is insulated with aluminum foil for improved heat resistance.
- Instep and Achilles flex zones for superior comfort, control and support.
- Replaceable kick starter protection insert located on the right boot.
- Stamped steel sole and heel guard.
- Soft, polymer gaiter provides effective seal around the top of the boot, preventing excessive water and dirt entry.
- Breathable 3D tech mesh lining reduces heat buildup and improves comfort.
- Contoured tempered steel shank is over injected inside the mid sole assembly for rider safety and support.
- New buckle closure system includes polymer buckles plus aluminum frame with innovative self-aligning quick release closures.
- All buckles are replaceable.
- Full inner bootie is constructed with 3D breathable mesh plus synthetic material chassis for support, plus breathable textile lining on the ankle areas.
- Ankle features perforated soft comfort padding and incorporates adjustable shock absorbing gel inserts on the ankles. Gel inserts are replaceable.
- Dual compound, removable anatomic footbed features polymer forefoot plus EVA arch support and top textile lining for support and comfort.
- Replaceable footpeg insert on sole is constructed from hard compound vulcanized rubber for durability and protection.
- Tech 8 RS boot is CE certified to EN 13634:2010.

TECH 7 BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 5-16 / CORRESPONDING TO: EUR 38-52 CODE - 201 2014

- Lightweight upper combines full-grain leather with lightweight microfiber and impact and abrasion resistant TPU shell.
- Innovative, evolutionary TPU shin-plate construction for greater range of fitment features a reinforced Hook and loop fastener closure for comfortable, highly customized closure.
- Shin zone incorporates TPU blade system engineered to prevent frontal hyperextension and provides greater flex control.
- Evolutionary design for lateral flex zone provides front and rear flexion support and helps prevent torsion.
- Medial-facing panel constructed from TPU with rubber insert for maximum grip contact with bike and improved heat and abrasion resistance.
- Contoured TPU calf protector plate offers impact resistance.
- Innovative TPU rear blade system protects heel and features a rear hyperextension guard.
- Extensive TPU protection on toes, foot, heel, ankle, calf and shin with extra hard compounds on the toe-box, heel and achilles tendon.
- New closure system includes polymer buckles plus aluminum frame with innovative self-aligning, quick release closures for customized secure fitment.
- TPU lower shell is reinforced with metal shank and includes toe reinforcement for impact and abrasion resistance.
- All the buckles are replaceable.
- Soft microfiber gaiter helps seal out excessive water and dirt entry.
- Poly fabric lining with 3d open cell foam incorporates anti-sliding suede reinforcement on heel area.
- Exclusive dual compound sole is seamlessly integrated to the multi-density foot base structure with built-in support, the sole superior durability and grip.
- Ankle brace system innovative biomechanical inner brace features torsion bars to control ankle and leg rotation, while allowing freedom of movement.
- Shock absorbing padding on the heel and ankles plus an ultra thin and flexible forefoot area for increased sensitivity and control.
- Removable anatomic footbed.
- Replaceable footpeg insert on sole is constructed from hard compound vulcanized rubber for durability and protection.
- Tech 7 boot is CE certified to EN 13634:2010.

TECH 5 BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 5-16 / CORRESPONDING TO: EUR 38-52 CODE - 201 5015

- Upper constructed from innovative and light microfiber material with action leather on toe box.
- Redesigned instep and Achilles accordion flex zones.
- Contoured TPU calf protector plate, TPU higher medial protector and TPU outer lateral ankle.
- Injected TPU shin plate connected with the TPU medial protector panel; Hook and loop fastener upper closure, plus TPR flap for broad ranging calf fit adjustment and support. The TPU higher medial protector designed with technical texture for improved grip.
- Bio-mechanical pivot.
- Ergonomic TPU triple buckle straps.
- Innovative one-piece TPU injected dual compound foot shell, reinforced by a metal shank

- inside and co-injected toe reinforcement.
- TPU heel patch connected with shell and lateral/medial TPU sections.
- Extended PU synthetic gaiter helps seal out excessive water and dirt entry.
- Soft poly foam surrounds the ankles and collar.
- Entire textile lining.
- New closure system includes 4 polymer buckles with an innovative closure system. This closure includes a ratchet with memory and a quick release/locking system with self-aligning design for precise closure; the all buckles are replaceable. Replaceable anatomic EVA footbed with textile lining on top.
- Exclusive high grip rubber compound outsole.
- Tech 5 boot is CE certified to EN 13634:2010.

TECH 1 BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 5-16 / CORRESPONDING TO: EUR 38-52 CODE - 201 6016

- Upper construction is made from innovative and light microfiber material that is flexible and abrasion resistant plus light microfiber on front and rear bellow.
- Toe box is made of synthetic material.
- Alpinestars exclusive high grip outsole, the outsole is fully replaceable.
- Replaceable stamped steel sole guard.
- Redesigned instep and achilles accordion flex zones.
- Extended PU synthetic gaiter helps seal out excessive water and dirt entry.
- Contoured TPU calf protector plate, TPU higher medial protector, TPU outer lateral ankle and TPU heel counter offer support and resistance to impacts.
- Rear TPR gaiter patch applied on top of the TPU calf protector gives protection and comfort on rear flex.
- Injected TPU shin plate connected with the TPU medial protector panel; Hook and loop fastener upper closure, plus TPR flap for broad ranging calf fit adjustment and support.
- The TPU higher medial protector is designed with technical texture for improved grip.
- Bio-mechanical medial blade system allows a good front rear flex giving support and protection to the ankle.
- The ergonomic TPU triple buckle straps are wrapping harmoniously the front flex from the medial protector to the lateral side without compromising the flex.
- New closure system includes 3 polymer buckles with an innovative closure system. This closure includes a ratchet with memory and a quick release/locking system with self-aligning design for easy, precise closure; the all buckles are replaceable.

- Innovative one-piece TPU injected insole, reinforced by a metal shank inside and co-injected toe reinforcement.
- Soft foams surrounds the ankles and collar offer comfort and shock absorbing performance.
- Entire textile lining for more comfort.
- Replaceable EVA footbed with textile lining on top.
- Tech 1 boot is CE certified to EN 13634:2010.

TECH 6S BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 2-8 YOUTH / CORRESPONDING TO: EUR 34 - 42 CODE - 201 506

- Tech 6S is specifically designed and sized for junior riders.
- Contoured shin plate protector is injected with high modulus TPU for a high level of impact and abrasion resistance.
- Extended inside plate is injected with medium hard TPU guarding the side and toe box area and features a soft TPU insert for controlling grip.
- The inner side of the boot is specifically designed for control and features thick and wide stamped suede designed for excellent contact and grip against the bike, whilst guarding against heat.
- Wide calf protector plate is injected with TPU for high impact resistance.
- Injected external TPU heel protector guards the outer ankle and features a shock-absorbing insert on the back of the boot.
- Mesh internal lining is laminated with open cell foam for improved air circulation.

- High density contoured padding provides shock absorption for the heel and ankle areas.
- Removable anatomic foot bed. Optimal back and forth flexibility.
- 3-stage instep flex zone for maximum comfort, control and support.
- Coated Leather upper.
- Exclusive rubber outsole design.
- Closure structure features three, low profile Aluminum buckles with memory, self-alignment, micro adjustment and a quick release/locking system. Top and bottom reverse closure design provides superior impact avoidance and optimal fit.
- Increased flexibility at the ball of the foot for improved braking and shifting.
- Soft TPU gaiter.
- TECH 6s boot is CE certified to EN 13634:2010.

TECH 3S YOUTH BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 2-8 YOUTH / CORR. TO: EUR 34-42 // PRODUCED SIZES: SIZE 10 - 1 KIDS / CORR. TO: EUR 28 - 33
CODE - 201 4011

- Constructed using synthetic material.
- Designed specifically for junior riders.
- Contoured shin plate protector is injected with high-modulus TPU for a high level of impact and abrasion resistance.
- 3-stage instep flex zone for maximum comfort, control and support.
- Exclusive rubber outsole design with unique side wrapping design.
- External TPU panel located on calf area of boot to provide grip against bike.
- Rubber sole construction coupled with soft EVA midsole.
- Removable anatomical foot bed.
- Internal toe and heel protection PU reinforcement molded into the inner structure for enhanced protection.
- Internal ankle protection molded into the internal construction of the boot.
- External PU molded toe protector providing the ultimate in grip and safety.
- Additional specially modified smaller foot bed to accommodate growth and extended longevity of product (only available in boots size: 10-11-12-13-1-2-3-4).
- TECH 3s boot is CE certified to EN 13634:2010.

DOUGIE LAMPKIN

TECH 7 ENDURO BOOT

MOTOCROSS / OFF-ROAD - PRODUCED SIZES: US 5-16 / CORRESPONDING TO: EUR 38-52 CODE - 201 2114

- Upper constructed from light, innovative microfiber that is flexible and abrasion resistant. Innovative, evolutionary TPU shin-plate construction for greater range of fitment features a reinforced Hook and loop fastener closure for comfortable, highly customized closure.
- Shin zone incorporates a TPU blade system engineered to prevent frontal hyperextension and offer greater flex control. Specifically designed sole provides Enduro riders superior durability, grip, feel and a high level of structural rigidity.
- Wide entry aperture for convenience with Hook and loop fastener upper closure TPR flap to allow broad ranging calf fit adjustment and support.
- Medial-facing area constructed from one-piece TPU panel with honeycomb sculpturing for maximum grip contact with bike and improved heat and abrasion resistance.
- Top rear flexion of the boot is supported around the calf by an innovative TPU sliding blade system which dissipates the friction.
- Ergonomic buckle system offers secure and highly personalised closure.
- Innovative TPU lateral ankle protection provides biomechanical link between the middle lateral and the bottom lateral of the boot. Instep and Achilles accordion flex zones constructed for superior control and support.
- TPU lower shell is reinforced with metal shank and includes toe reinforcement for impact and abrasion resistance.
- Extended microfiber gaiter helps seal out excessive water and dirt entry.
- New closure system includes polymer buckles plus aluminum frame with innovative self-aligning, quick release closures for customized secure fitment. All buckles are easily replaceable.
- Breathable mesh 3D liner with anti-sliding microfiber suede reinforcement on the heel area.
- Soft poly-foam surrounds the ankles and collar offer comfort and shock absorbing performance.
- Removable anatomic footbed. Exclusive high grip rubber double density compound outer sole. Sole and footpeg are replaceable.
- Tech 7 Enduro boot is CE certified to EN 13634:2010.

TECH 3 ALL TERRAIN BOOT

OFF-ROAD / ENDURO / ATV - PRODUCED SIZES: US 5-16 / CORRESPONDING TO: EUR 38-52 CODE - 201317

- Contoured shin plate is injected with high modulus TPU for a high level of impact and abrasion resistance.
- TPU injected rear plate.
- Shock absorbing padding on the ankles.
- Leather and microfiber instep flex zone.
- Abrasion resistant patch on the outside ball of the foot.
- Replaceable anatomic footbed.
- Leather upper.
- Alpinestars exclusive compound rubber sole with high grip, rough terrain design.
- Toe to heel support, including a stamped steel shank.
- Three buckles with memory featuring an integrated quick release/locking system and a top reverse closure.
- Buckles are injected with high impact resistant technopolymer.
- Top of the boot is sealed with a Hook and loop fastener.

- Gaiter made of soft TPU.
- Strap connected to elastic stretch leather.
- Polyester fabric lining coupled with padded foam.
- Extended gaiter helps prevent dirt and moisture entry.
- TECH 3 AT boot is CE certified.

TECH2 BOOT

OFF-ROAD / ATV- PRODUCED SIZES: US 6-13 / CORRESPONDING TO: EUR 39-48 CODE - 201 807

- Coated Leather and TPU upper gives protection, flexibility and comfort.
- Breathable liner.
- Outsole is an Alpinestars exclusive compound design for high abrasion protection and high grip. The outsole is compression molded around a contoured tempered steel support shank.
- Buckles are made from a high impact-resistant injection molded TPU.
- Lowered Achilles cutout for greater flexibility.

- High grip TPR and Hook and loop fastener closure at top of boot.
- Medial side of boot is protected by thick, abrasion and heat resistant suede with unique heat stamped graphic.
- Instep flex zone stitched for maximum support.
- Dual compound TPU toe-guards for improved flexibility and increased impact protection.
