RECOIL TRACTION BARS

Improve your traction on the street, track, and trail with BDS RECOIL Traction Bars. This revolutionary floating design uses tunable dual-stage compression springs for improved traction without binding up like traditional traction bars. RECOIL Traction Bars use heavy-wall tubing with a forged flex end and easy bolt-on mounts.

#123409-128408..... 19FK158

- Notes
1. Requires frame bracket modification and welding.
 2. Strut compressor required for installation.
 3. No strut disassembly required.
