Chevrolet Performance warrants to the purchaser for the time and/or mileage indicated below that it will repair or replace, at its option, any Chevrolet Performance Engines, Transmissions, Components and Short Block Assembly (as noted below) that fails due to a defect in material or workmanship. Chevrolet Performance will use new or remanufactured parts for repair or replacement.

Warranty coverage is based on months/mileage, whichever comes first, and begins on the date of installation by an authorized Chevrolet Performance dealer or by a qualified Independent Service Center (ISC). For all consumer installed, over-the-counter sales, warranty begins on date of retail sale.

1. Parts and labor warranty when installed by a Chevrolet Performance Dealer or qualified installing Independent Service Center (ISC).
2. Parts and labor warranty when sold over the counter and REPAIRED by a Chevrolet Performance Dealer or qualified installing Independent Service Center (ISC), on-highway applications only. Parts only warranty when consumer repaired or when installed in non-highway application. Coverage limited to defects in material and/or workmanship of the specific part only.
3. Includes Allison 1000 Series assemblies sold through Chevrolet Performance dealers.
4. Engine upgrades require appropriate associated parts to ensure proper engine and transmission cooling and torque capacity, fuel/air delivery and emission controls (upgrade example: 305 engine replaced with 350 engine).
5. Parts-only warranty when sold over the counter.
6. Must be installed in a “street legal” automotive application for use on public roads.
7. Warranty valid when all required components are installed on the same vehicle and purchased on one invoice.
8. Parts and labor warranty when installed by a Chevrolet Performance dealer.

This warranty does not cover:

- Damage due to improper installation, negligence, alteration (including changes to engine controls), accident, or improper use. Proper vehicle use is discussed in the vehicle Owner’s Manual.
- Any vehicle that has been used for racing (on or off track), stunt driving, performance testing, or used under other extreme operating conditions.
- Any vehicle where the odometer has been disconnected or the mileage reading has been altered.
- Damage caused by lack of proper maintenance as described in the vehicle’s original Owner’s Manual/Maintenance Schedule, failure to follow Maintenance Schedule intervals, or failure to use or maintain proper type and levels of fluid, fuel, oil, and lubricants recommended in the Owner’s Manual/Maintenance Schedule. Proof of proper maintenance is the owner’s responsibility. Keep all receipts and be prepared to present them if questions arise about maintenance.
- Damage as a result of overheating, contamination or lack of lubrication.
- Damage caused by a turbocharger, supercharger, nitrous oxide, or similar product, which is not an approved Chevrolet Performance Part or Accessory.
- Racing engines and/or their components.
- Use of components in excess of maximum torque specification.
- Damage as a result of modification/replacement of torque converter that is part of transmission assembly.
- Loss of time, inconvenience, loss of use, or other economic loss.
- Vehicles registered and normally operated outside of the United States.
