- febi ProKit – Guaranteed complete kits with all the parts required for a repair.

# INDIVIDUALLY STRONG, UNBEATABLE AS A TEAM

The bilstein group is a family-run, independent group of companies providing a single strong umbrella under which the prestigious product brands febi, SWAG and Blue Print are united.

As a leading specialist in the global automotive aftermarket, the bilstein group offers spare parts and repair solutions to fit all popular makes of cars and commercial vehicles.

The range, which is exceptional in its breadth and depth, comprises approximately 47,000 different products and is supplemented by practice-oriented services. The bilstein group can therefore meet even the highest requirements.

## Solutions „Made in Germany“ – At home all over the world

With a product line of over 30,000 different parts for cars and commercial vehicles, febi bilstein offers a complete and constantly growing range of professional vehicle repair products for all current vehicle makes and models.

### Focusing on our customers' interests

As a strong partner to the vehicle trade and workshops, our top priorities are quality assurance and service. This is why you will only find products of tested original equipment quality at febi bilstein.

### Looking to the future

As a supplier and manufacturer, we use the know-how we have acquired over many years and state-of-the-art manufacturing technologies in order to meet the growing expectations of the market at all times. For this reason we are continually investing in the expansion of our in-house production, testing equipment and machinery at febi bilstein. Only this way are we able to fulfil both our own requirements and our partners' expectations in terms of credible quality assurance.

**(1)** bei Erneuerung eines kompletten Halters ist die andere Seite mit auszutauschen (febi 18686 verwenden); ein vorher montiertes Gummilager darf nicht wiederverwendet werden, da die Innenhülse durch das trockene Abziehen zerstört wird! Querlenker mit der Form A sind auszutauschen, nicht mischen!!  
 When replacing a complete retainer please do also think of the other side - this has to be replaced as well (use febi 18686). A rubber mounting installed before may not be used anymore as the rubberized interior is destroyed by the dry pulling off.  
 Control Arms Form A have to be replaced, do not mix.!!
