You are responsible for the safe and prudent operation of your vessel.

Failure to heed the following warnings could result in an accident or collision resulting in death or serious injury.

**Marine Operation Warnings**

- If the device uses maps, use the electronic chart in the device only to facilitate, not to replace, the use of applicable paper charts. Radiotelephony is not a substitute for any other device that utilizes a terrestrial broadband network operating on frequencies that are close to the frequencies used by the Global Navigation Satellite System (GNSS) such as the Global Positioning Service (GPS). Use of such devices may impair reception of GNSS signals.
- This device complies with Innovation, Science and Economic Development Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
- Failure to heed this warning could lead to vessel damage or personal injury.
- If the device has video input capabilities, do not attempt to operate or watch video input while operating or navigating your vessel. Operating or watching the video input while the vessel is moving could cause an accident or collision resulting in property damage, serious injury, or death.

**Hearing Damage Warning**

- Contact your local waste disposal department to dispose of the device/batteries in accordance with applicable local laws and regulations.

**Battery Notice**

- Contact the dealer or an experienced radio/TV technician for help.
- Connect the equipment into an outlet that is on a different circuit from the GPS device.
- Reorient or relocate the receiving antenna.

**International, Scientific, or Economic Development Canada Compliance**

If the device requires a connection to a computer, use only an interface cable that is designed and intended by Garmin for use with your product. Your device contains an internal GPS receiver and that uses an antenna internal to the unit.

**Radio Frequency Radiation Exposure**

- This device is a radio transmitter and receiver that uses an internal antenna to send and receive low levels of radio frequency (RF) energy for data communications. The device emits RF energy below the prescribed limits when configured for input power levels and uses with Garmin authorized accessories. To comply with RF exposure compliance requirements, the device should be installed and operated with a minimum of 20 cm (7.87 in.) between the device and your body. The device should not be used in other than its intended manner. This device must not be collocated or operated in conjunction with any other transmitter or antenna.

**FCC Compliance**

- The device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

**LIMITED WARRANTY**

Garmin will, at its sole option, repair or replace any components that fail in normal use. Such repairs or replacement will be made at no charge to the consumer for parts or labor, provided that the customer is responsible for any transportation costs.

This Limited Warranty does not apply to: (i) cosmetic damage, such as scratches, nicks and dents; (ii) consumable parts, such as batteries, unless product damage has occurred due to a defect in materials or workmanship; (iii) damage caused by accident, abuse, misuse, water, flood, fire, or other acts of nature or external causes; (iv) damage caused by service performed by anyone who is not an authorized service provider of Garmin; (v) damage to a product that has been modified or altered without the written permission of Garmin; or (vi) damage to a product that has been connected to power and/or data cables that are not supplied by Garmin. In addition, Garmin reserves the right to refuse warranty claims against products or services that are obtained and/or used in contravention of the laws of any country. Garmin navigation products are intended to be used only as a travel aid and must not be used for any purpose requiring precise measurement of direction, distance, location or topography.

Garmin makes no warranty as to the accuracy or completeness of map data.

This Limited Warranty also does not apply to, and Garmin is not responsible for, any degradation in the performance of any Garmin navigation product resulting from its use in proximity to any handset or other device that utilizes a terrestrial broadband network operating on frequencies that are close to the frequencies used by any Global Navigation Satellite System (GNSS) such as the Global Positioning Service (GPS). Use of such devices may impair reception of GNSS signals.

The maximum extent permitted by applicable law, the warranties and remedies contained in this limited warranty are exclusive and in lieu of, and Garmin expressly disclaims, all other warranties and remedies, whether express, implied, statutory, or otherwise, including without limitation any implied warranty of merchantability or fitness for a particular purpose, statutory remedy or otherwise. This limited warranty gives you specific legal rights, and you may have other legal rights, which vary from state to state and from country to country. If implied warranties cannot be disclaimed under the laws of your state or country, then such warranties are limited in duration to the duration of this limited warranty. Some states (and countries and provinces) do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall Garmin be liable for a claim of breach of warranty for any incidental, special, indirect or consequential damages, whether resulting from the use, misuse or inability to use this product or from defects in the product. Some states (and countries and provinces) do not allow the exclusion of incidental or consequential damages, so the above limitations may not apply to you.

If you seek warranty service outside of the original country of purchase, Garmin cannot guarantee that the parts and products needed to repair or replace your product will be available due to differences in product offerings and applicable standards, laws and regulations. In that case, Garmin may, in its sole discretion, provide applicable replacement parts and accessories, modify the warranty to comply with applicable local laws and regulations. In some cases, Garmin and its dealers may be unable to service your product in a country outside of the original country of purchase or return a repaired or replaced product to you in that country due to applicable standards, laws or regulations in that country.

**Australian Purchases**

- Products purchased through online auctions are not eligible for rebates or other special offers from Garmin warranty coverage. Online auction confirmations are not accepted for warranty verification. To obtain warranty verification, return a repaired or replaced product to the original retailer or to a Garmin Authorized Service Center in your country.

**International Purchases**

- International Purchases: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
