Part # TOY-1946S

Picture #1:
Here is our project Toyota Tacoma in need of a GrillCraft Sport Grille.

Picture #2:

Picture #3:
Remove push clips on the top of the grille shell.

Picture #4:
Pull up on the grille to remove.

Picture #5:
Unclip Toyota emblem from the back side.

Picture #6:
Place sport grille into opening while holding in place mark the top mounting tab hole location.

Picture #7:
Drill top mounting screw holes using 3/16 drill bit.

Picture #8:
Place upper mounting screws in place first then mark lower mounting screw location.

Picture #9:
Drill lower mounting screw holes then fasten grille to the grille shell.

Picture #10:
Optional cutting out the center is a option for a clean look it also makes inserting the grille screws easy.

Picture #11:
Optional Removing the center bar.

Picture #12:
Optional A look at the grille shell with the center removed.

Picture #13:
Now your talking!!!!!!!!!!!!!!

Picture #14:
The fit of the GrillCraft Grille is
awsome!!!!!!!!!!!!!!

Picture #15:
GrillCraft Grilles are Quality!!!!

Picture #16:
Optional Painting the area behind the grille flat
black makes for a clean look!!!!!!!!!!!!!!

Picture #17:
Looking Good with GrillCraft's Toyota Tacoma
mesh grille in Black Powder Coat Finish!!

Picture #18:
Shown here in silver color without cutting the grille
shell center.
