

GC-30 Gas Caddy

The perfect assistant to have by your side, meet the Gas Caddy from Handy!

This portable storage tank is the answer to your fuel storage needs. Holding gasoline, mixed fuels, or diesel fuel, the Gas Caddy is great for motorcycle shops, workshops, garages, marinas, farms, and campgrounds. The 8-foot long clear yellow-tinted gas hose allows you to see your gas flow. The gas caddy meets OSHA safety standards.

Gas caddy features:

- Drain hole to remove water and contaminants
- Fuel level gauge
- Two inch filler neck for bulk filling
- Epoxy powder-coat
- 14 gauge steel construction for durability
- 10" x 2.7" semi-pneumatic wheels
