FACTORY MATCHED REGISTRATION KITS™

SERIES 200
The original and still the most popular. Outline color shades into body color for that custom airbrushed look.

All series registration kits include:
- Factory Matched colors from the manufacturer.
- UV coated, fade, fuel & scratch resistant. 3 inch legal size.
- Meets US Coast Guard guidelines when installed correctly.
- 100% Lead Free Inks

All our number kits are clamshell packaged for best results at retail.

CHEMICALS

**STICKER-ON!™**
DECAL APPLICATION FLUID

We have taken the frustration away from decal applying. No more bubbled, misaligned or wrinkled decals. Curvy application areas are easier to do.

**STICKER-OFF!™**
DECAL ADHESIVE REMOVER

Remove old decal adhesive easily. No more sticky residue to mess up your new decals.

**RX UV Protectant Cleaner & Polish™**

Developed for the Marine industry RX has quickly become the standard for protecting plastic and metal surfaces found on Boats, Motorcycles, PWC, ATV's, UTV’s and Helmets.

RX seals the surface with a micro-thin layer of UV protectant. RX restores nutrients that sun and water take away, just one use moisturizes and restores shine quickly and easily.

**Use RX to clean and protect your plastic. Just spray and wipe.**

- For use on Isinglass, Strata glass, plastic, stainless steel, aluminum, Gel-coat or any painted surface.
- Great for fairings, cowling, helmets, visors, fenders and any plastic or painted surface.
- RX is the most price effective alternative to other plastic cleaners on the market today.
- Provides 100% UVA and UVB protection.
- Cleans and protects from dirt, water spots, salt spray and grime.
- Use on vinyl glass routinely to preserve clarity. For boaters or ragtop automobiles this is a must!
- Rx conditions vinyl glass and helps avoid costly repairs from scratches and sun damage.
- Use RX on gauges, instruments, windscreens, bezels & trim to protect from the sun and add a shine to your surface.
- Anti-static formula reduces salt & dirt buildup. Dirt and grime wash away easier with RX on the surface.
- Made in the USA.

**PART NO.**
RX (14oz. can)

---

**RX Vinyl Upholstery Cleaner™**

Cuts grease and heavy soil on all vinyl surfaces.

Fast acting multi-purpose aerosol foaming cleaner that removes stains, dirt, sap and grime from vinyl upholstery. Cleans, brightens and restores new appearance. Quick, easy spray on application.

- Use on Boat, Auto, RV and Home.
- Use routinely to maintain upholstery.
- Formula has a balanced blend of synthetic cleaning aids designed to clean tough stains but not harm your vinyl surface.
- Clean seats, cushions, sunpads, steering wheels, helm, chrome trim, vinyl tops, dashboards, bolsters, gunnel pads, furniture, rubber mats, whitewall tires.
- Excellent on stubborn stains & tree sap.
- 18 fl. oz. can
- Made in the USA.

Shore Tee Footstakes are the quick and easy way to store your kayak, canoe and SUP off the ground. Keep rainwater, mold, foliage, dirt and animals out of your expensive water equipment. Push the stake into the ground, sand or beach with your foot, flip kayak, canoe or SUP onto top of stakes, use eyelets built in, to tie item down. Foam padded stake tops rest your SUP board gently to avoid dings and abrasions. Want to mount the Shore Tee on your dock or hard flat surface? No problem! Use additional base mounts that attach to footstake for hard flat surface mounting. Sold separately.

- Injection molded HDPE automotive grade plastic.
- Will not corrode or rust.
- Lightweight 3.1 lbs. Floats.
- Sold in pairs.
- Made in the USA

TREAD DOCTOR KNOBBY CUTTING TOOL™
Get New Traction on Worn Tires!

This lightweight handy heated tool cuts new edges into your dull worn out knobby tires. Refresh your front or rear tire before putting a new tire on. Extends the life of your tire, quickly and easily.

Tread Doctor uses a specially designed heated carbide cutting blade to trim your knobby tire. It is easy to do yourself, just plug in and start cutting. With a little practice you can cut the minimal amount of rubber off each time to get a new edge for more traction.

It’s like riding with a new tire every moto!
- Tread Doctor easily pays for itself by extending tire life and giving you improved traction.
- Tread Doctor blade easily resharpens for years of life.
- Unit includes On/Off Switch and Holding Stand.
- Use it to cut tires for different conditions or after every moto.
- Tread Doctor™ is CE and ROHS Certified. All components used exceed industry standard for durability and enhanced functionality.
- Available in English, AU/NZ and Euro electrical versions.
- Tread doctor easily cuts new edges on the lugs of snowmobile tracks. New tracks are expensive, Labor intensive and Time consuming.

*easily fits on any 50cc Motorcycle
ACCESSORIES

**5X Trailer Valet**

The Trailer Valet is the first and only tongue jack dolly system that provides you with the flexibility and maneuverability to pivot and move your trailer with ease. Our chain drive crank system allows you to propel your boat, utility, or horse trailer around the driveway or up an incline. The gear reduction mechanism on the Trailer Valet is powerful enough to move a 5000lbs trailer with a 500lbs max tongue weight.

The Trailer Valet works by simply turning the hand crank that powers our patented drive system. The drive system features both high and low gears and can be operated from either the right or left side. Also, when the steering handle is in the up position, it engages the drive system and allows you to steer into tight or otherwise inconvenient spots. When the handle is released the brake system is engaged. This trailer dolly can be conveniently locked into the upright position in seconds for easy storage when the job is done, or be quickly moved to reposition another trailer. For trailer frames that are rectangular in profile, not cylindrical.

Use cordless drill attachment (not included) and your Trailer valet now becomes a motorized dolly for even easier moving.

- Frame bracket Installs in minutes.
- Automatic safety brake.
- Flips up or down in seconds for quick storage and towing.
- One year manufacturer’s warranty
- Moves up to 5,000lbs or 500lbs tongue weight
- High quality steel with hammer powder coat finish
- Patented drive system with high and low drive gears
- Posi-traction for maximum traction and ease of handling
- The lightweight design, weighing at only 35lbs, makes it easy to take on the go

**GUNNAR™ LANYARD KILL SWITCH SYSTEM**

Gunnar Kill Switches are the only kill switch specifically designed to work safely and correctly with your electrical system. Gunnar Kill Switches shut off the engine the way the OEM designed it to be shut off. Don’t risk your electrical system and your safety with any other unit.

There are two types of electrical systems used on powersports vehicles. Normally Open (N.O.) and Normally Closed (N.C.). N.O. switches are the open type, they ground the ignition lead when the tether is pulled away from the bars. N.C. switches work the opposite and are typically used on battery type ignitions which may have an ignition key as the identifier. Most newer, more complex electrical systems are N.C.

- Easily connects to electrical system
- Includes all needed hardware, wiring, connectors and lanyard
- Available in black, blue and red
- Chart on packaging helps you identify your electrical system

ROLLASTAND®
The answer to bikes without center-stands! The Rollastand® allows you to easily clean the grime from both front and rear wheels of your motorcycle without having to push the bike across the garage. No more pushing your bike around the shop. Also makes chain maintenance, inspecting tires and checking air pressure easier. Just roll the bike onto the stand and place on its’ side-stand. Wheel spins, allowing you maximum access to clean easily. Works great for front or rear wheels. Two models to choose from: Sportbike, or Metric Cruiser & Harley®.

RS-1 Sportbike
- Designed for bikes without center-stands
- Easily clean front or back wheels
- Easy one person operation
- No danger of dropping bike
- Powder coated
- Sealed bearings
- Non-slip backing

RS-2 American & Metric Cruisers
- Makes whitewalls, spokes, chrome and rims easy to clean
- Works great for large touring bikes (Goldwing™, etc) in conjunction with the center-stand
- Use on any motorcycle
