

## WARRANTY

New Car and Equipment warranties remain in effect when HUBB Filters are used. For more information regarding Vehicle Manufacturer's warranties and aftermarket product warranties, please review "The Magnuson – Moss Warranty Act", of 1975.

HUBB Filters, Inc. warrants every HUBB filter to be free from defects in material and workmanship for a period of 100,000 miles from first use. The use and cleaning process recommended by HUBB Filters must also be followed. This warranty does not apply if the filter has been improperly installed, damaged, abused, used in competitive racing or modified for high performance engines.

HUBB Filters are manufactured to the high quality standards and guaranteed to meet/or exceed form and function in accordance with the Society of Automotive Engineers (SAE) and International Organization for Standardization (ISO) test procedures.

TO THE EXTENT PERMITTED BY LAW, THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. HUBB AND ITS AFFILIATES AND SUBSIDIARIES WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, SPECIAL OR EXEMPLARY DAMAGES OF ANY KIND. ALSO TO THE EXTENT PERMITTED BY LAW, THIS LIMITED WARRANTY SETS OUT YOUR EXCLUSIVE REMEDIES WITH RESPECT TO THE FILTERS. NO ATTEMPT TO ALTER, MODIFY OR AMEND THIS WARRANTY SHALL BE EFFECTIVE UNLESS AUTHORIZED IN WRITING BY AN AUTHORIZED REPRESENTATIVE OF HUBB.

Some states do not allow exclusions or limitations of incidental or consequential damage, so the above limitations or exclusions may not apply to you. This warranty gives you specific rights and you may have other rights, which vary from state to state.

If your HUBB Filter is found to be defective in material or workmanship, HUBB will replace your filter with another HUBB filter. HUBB Filters, Inc. will reimburse you for reasonable costs of the parts and labor required to repair your engine or equipment to the extent the damage was solely attributable to a defect in your HUBB filter.
