Simple Installation - Fits Most Four Door Vehicles

HandiRack™ Inflatable Roof Racks

The HandiRack™ offers all the benefits of a traditional roof rack with none of the disadvantages. These high capacity roof racks are rugged enough for a wide selection of loads and are easily mounted to the vehicle's roof in a matter of minutes.

MPG452

HandiRack™

Features:

- . Three ply nylon construction - Double action air pump
- . 10' cam style load straps - Bow & stern safety tie-downs
- . Transport loads up to 180 lb - Fuel efficient design
- . Quick and easy deployment - Five D-ring anchor points
- . 37" x 9" x 4" high - Two Year Limited Warranty

Description:

With it's twin pressure tube design, the HandiRack™ can easily handle kayaks, canoes and assorted miscellaneous gear. Great for rental cars or quick trips to the hardware store.

Conveniently stores in the trunk when not in use.

SeaWing™ Kayak Carriers

The SeaWing™ features a non-corrosive molded frame that was engineered to assure a rust free life cycle. These carriers continue to be one of our best sellers because of their ease of use when loading and unloading boats. Includes everything needed to transport one kayak.

SEA WING™
V-STYLE KAYAK CARRIER

MPG107MD

Features:

- Universal fit Jawz2 mounting hardware
- 50mm and 60mm coated mounting bolts
- Cam style load straps with buckle guards
- Corrosion resistant nylon construction
- Simple "no tools" installation
- Bow & stern safety tie-downs
- 27.5" x 6" x 4.5" high
- Maximum boat weight: 75 lb
- Limited Lifetime Warranty

SaddleUp™ Kayak Carriers

The SaddleUp™ is a great way to transport large sit-on-top and fishing kayaks. The MPG110MD features four high-grip self-adjusting saddles. Each set includes two rear saddle covers that allow the boat to easily slide into place. Comes complete with hardware, load straps and safety tie-downs for one kayak.

MPG110MD

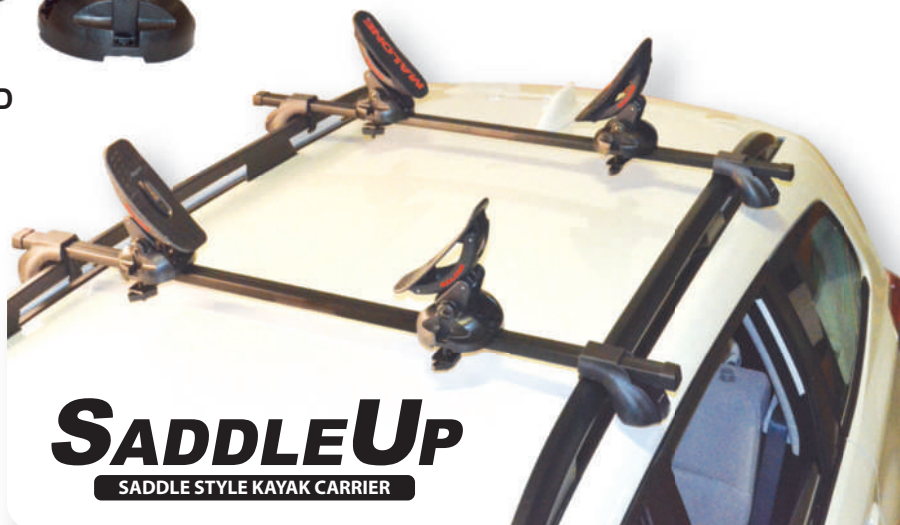

Front High Grip Saddles

Rear Saddles With Easy Load Sleeves

Features:

- . Four self-adjusting high-grip saddles
- . JawZ2 universal fit mounting hardware
- . Two Easy Load rear saddle covers
- . Corrosion resistant construction
- . Two mounting bolt lengths provided
- . Two 15' cam style polyester load straps
- . Safety bow & stern lines for one kayak
- . Detailed install and usage instructions
- . Dimensions: 5" x 5" x 9" high
- . Maximum boat weight: 90 lb
- . Limited Lifetime Warranty

Downloader™ Kayak Carrier

The Downloader™ is our premium J-Style carrier with features for low clearance, ease of loading and universal fit for most load bars. These carriers also include corrosion proof frames, molded strap bales, replaceable base pads, replaceable upper sleeves and a new fold-down release design.

DOWNLOADER™ FOLDING J-STYLE KAYAK CARRIER

MPG114MD

Features:

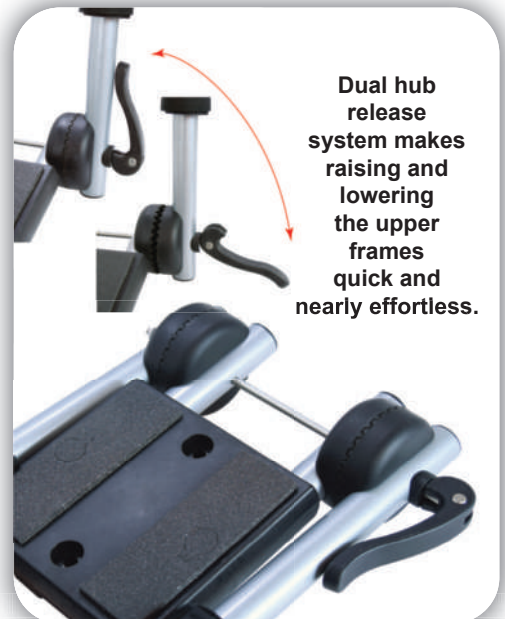

- Fold-down heavy duty aluminum frame
- Jawz2 universal hardware for most racks
- Replaceable fade-resistant pad sleeves
- Corrosion resistant material selection
- Built-in kayak boarding ramp
- Single-throw multi-hub release handle
- 11' cam style load straps with protectors
- 10' safety tie-downs with "S" hooks
- Integrates with MPG351XL Load Assist
- Designed & assembled in the USA
- Lifetime Limited Warranty

SaddleUp™ Carriers
(Load Bars Not Included)

Striper-4™ Fishing Rod and Paddle Carriers

The MPG126 Striper-4™ safely carries up to four large spinning rod & reels and conveniently mounts to most roof racks. The Ratchet Style Paddle & Mast Carrier comes complete with universal fit hardware and is fully padded to avoid road abrasion.

Features:

- . Holds four spinning style rods & reels
- . Universal fit for most round, square, oval and factory cross bars
- . Corrosion resistant construction and corrosion resistant hardware
- . Key-lockable cushioned tip clamp
- . Lifetime Limited Warranty
- . Clamp Dimensions: 18" x 5" x 4"
- . Tube Dimensions: 14" x 11" x 4"
- . Weight: 4 lb

Ratchet Style Paddle & Mast Carrier

Transporting long SUP paddles, 1pc kayak paddles and sailboard masts can be difficult. These Ratchet Style Paddle Carriers attach to round, square or aero style cross bars and provide a safe secure transport.

Carrier Installation Hardware

Providing the best possible fit is paramount for a successful installation. We offer a large cross section of hardware to securely and dependably attach Malone® carrier systems to nearly any type of vehicle or trailer load bar set-up.

Mounting Kits

The MPG303 and MPG304 both feature the V-shaped JawZ² that fit factory oval and Malone® aero and square style bars. Adapters that mount to after-market round bars are available upon request.

Features Include:

- . JawZ² v-style adapters, M8 T-knobs
- . Zinc plated anti-corrosive mounting bolts
- . MPG303 (with 50mm & 60mm bolts)

Features Include:

- . JawZ² v-style adapters, M8 T-knobs
- . Zinc plated anti-corrosive mounting bolts
- . MPG304 (with 60mm & 70mm bolts)

Mounting Bolts

Because the cross bar thickness can vary between manufacturers, there are requirements for different bolt lengths for a correct attachment. All bolt kits are provided in M8, 4 pack sets.

MPG361 (50mm)

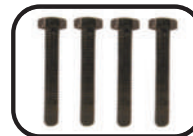

MPG362 (60mm)

MPG363 (70mm)

MPG364 (80mm)

MPG365 (90mm)

Specialty Mounting Systems

Malone® offers a wide selection of custom mounts for all types of carrier systems. These include load bar shim systems, specialty carrier adapters and rooftop flush rail attachment assemblies.

T-Slot Mounting Kits

These kits replace the standard MPG300 series Mounting Kits and utilize the T-slot in aluminum load bars to create an integrated mount for a variety of Malone® carriers. See below for kit description and carrier fit.

MPG915 for Aero Style (Fits MPG110, MPG112, MPG115)

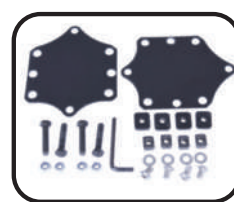

MPG1498 for Truck Rack (Fits MPG110, MPG112, MPG115)

MPG6604 for Aero Style (Fits MPG114, MPG116, MPG117, MPG118)

MPG8287 for Truck Rack (Fits MPG114, MPG116, MPG117, MPG118)

MPG4107 for Truck Rack (Fits MPG107)

MPG4132 for Truck Rack (Fits MPG132)
MPG4125 for Truck Rack (Fits MPG125) Requires 2 Kits

V-Style Kayak Carrier Load Assist

Simplify the kayak transport process with this integrated carrier / loader system. The SS Combo™ combines our MPG107 wing style saddles with a modular loader that extends nearly 22". Protects the vehicle and safely loads the kayak.

Extend the Loading Frame. Set the front of the kayak into the V-Block. Slide the kayak up and into the carriers.

Retract the Loading Frame. Dress the load straps and safety tie-downs. The kayak is now secure and ready for transport.

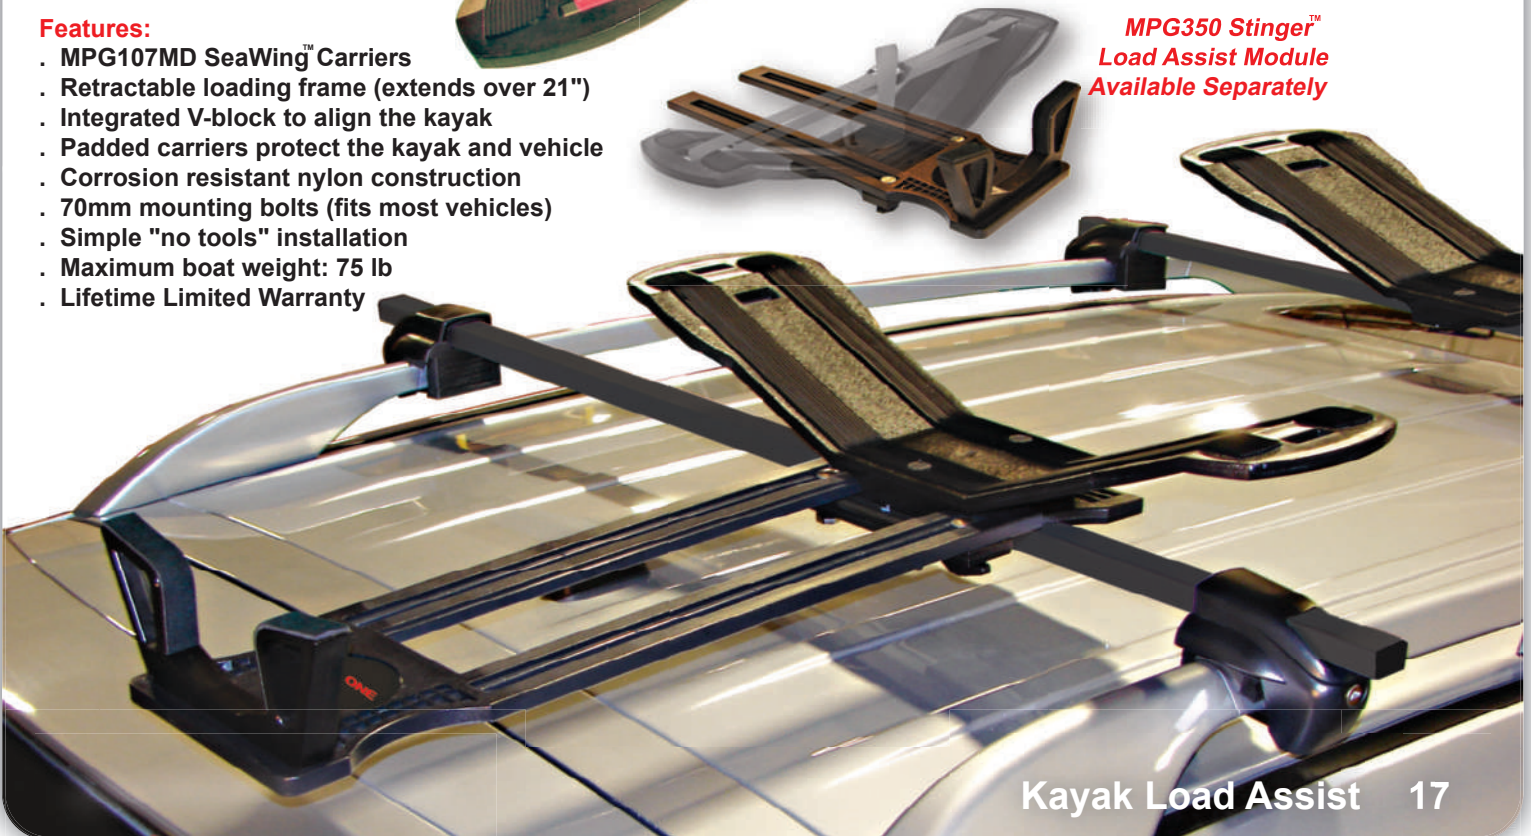

MPG113MD

SS COMBO™
V-STYLE KAYAK CARRIER WITH LOAD ASSIST

Features:

- . MPG107MD SeaWing™ Carriers
- . Retractable loading frame (extends over 21")
- . Integrated V-block to align the kayak
- . Padded carriers protect the kayak and vehicle
- . Corrosion resistant nylon construction
- . 70mm mounting bolts (fits most vehicles)
- . Simple "no tools" installation
- . Maximum boat weight: 75 lb
- . Lifetime Limited Warranty

MPG350 Stinger™
Load Assist Module
Available Separately

V-Style Kayak Carrier Load Assist

A loading system that installs in seconds and anyone can use. Fits most kayaks and works great on sedans, hatchbacks, SUV's and vans. Protects your vehicle and boats from loading & unloading abrasion. The MPG367 Channel Loader™ is sold in singles and features a Lifetime Limited Warranty.

SUV's, Vans & Hatchbacks

Mount a single Channel Loader™ to the upper rear of the vehicle. Place kayak bow onto the roller. Lift kayak stern and push forward. Secure kayak in carriers. Remove and store Channel Loader™.

Sedans

Mount two Channel Loaders™ to the upper and lower rear of the vehicle. Place kayak onto the lower roller. Lift kayak stern and push forward. Secure kayak in carriers. Remove and store Channel Loaders™.

Three Position Setting

CHANNELLOADER™
KAYAK LOAD ASSIST

75 LB. Load Limit

MPG367

Features:

- . V-shaped roller works with most kayaks
- . Padded non-marking vacuum cups
- . Fits most SUV's, sedans and hatchbacks
- . Three position loading adjustment
- . Stores in the vehicle when not in use
- . Easily installs in seconds
- . Maximum kayak weight: 75 lb

Protects the Vehicle and Kayak

Sold in Single Units

Two Units Recommended for Sedans

Kayak Load Assists & Optional Bundles

The Telos[™]XL provides a safe way to load a kayak into Malone[®] J-Style or V-Style carriers. The MPG368 is an adapter system that allows the Telos[™]XL to be used with most racks & after-market carriers. Also offering two great bundles for loading and kayak transport.

TELOS[™]XL

KAYAK CARRIER LOAD ASSIST

MPG351XL

Place the cradles in their lowest position and load the kayak.

Slowly raise each cradle independently using a side to side motion.

Continue to raise the cradles up to their highest position.

Load Capacity: 75 lb

Slide the kayak up over the boarding ramps and into the carriers.

Features & Specifications:

- Self-locking vertical ratchet - Adjustable bottom extensions
- Fully padded steel cradles - Quick-release detachment
- Stores in the trunk - Made in the USA - Length (Extended): 98.25"
- Length (Retracted): 58.75" - Weight: 19 lb - Lifetime Limited Warranty

TELOS[™]XL

Universal Roof Rack Adapter

Fastens to the vehicle's crossbars and provides an attachment for installing the Telos[™]XL. Integrates the Load Assist with most brand name kayak carrier systems.

MPG368

Load Capacity: 75 lb

Features & Specifications:

- Universal fit for round, square and oval cross bars.
- Designed for exclusive use with the Telos[™] and Telos[™]XL.
- Small footprint - Only requires 3" of rack space to install.

BUNDLES

TELOS[™]XL

Load Assist with Universal Roof Rack Adapter

Bundle the MPG351XL and MPG368.

Complete Load Assist System. Integrates with nearly any vehicle with roof racks.

Allows use with existing kayak carriers.

MPG372

TELOS[™]XL

Load Assist with MPG114 DownLoader[™]

MALONE LIFETIME WARRANTY

Bundle the MPG351XL and MPG114.

Complete Kayak Carrier / Load Assist System. Integrates with nearly any vehicle with roof racks.

Great for touring & recreational kayaks.

MPG352

Rack Pads (SUP30™ Kit & 2pc Sets)

Rack pads are a simple, safe and effective way to transport surf and SUP boards when rooftop load bars are in-place. We offer two designs and three lengths of pad sets. A bundled kit that includes everything needed for board transport is also available.

Standard Rack Pads: Produced from heavy weave UV resistant polyester and featuring two different closure systems (Velcro® and shock cord). Fits round, square and most factory oval bars. One Year Limited Warranty.

MPG313, 18" Rack Pads: For surfboards. Sold in sets of 2.

MPG314, 25" Rack Pads: For kayaks. Sold in sets of 2.

MPG315, 30" Rack Pads: For SUPs. Sold in sets of 2.

MPG312

MPG312, SUP30™ Rack Pad Kit: Carry one or more SUPs with this easy to use, hassle free rack pad system. The SUP30™ works with round, square and most factory cross rails. Features include two fade-resistant nylon weave 30" rack pads, cam style load straps and a ratchet tie-down with grab loop for safe transport.

Premium Rack Pads: These high performance pads are designed for both after-market and factory oval "wing-style" load bars. Featuring acrylic fabric with UV resistant coating and a Velcro® fastening system that firmly holds each pad in place. One Year Limited Warranty.

AERO18™
Premium Rack Pads

MPG380-18, 18" Rack Pads:
For surfboards. Sold in sets of two.

AERO25™
Premium Rack Pads

MPG380-25, 25" Rack Pads:
For kayaks. Sold in sets of two.

AERO30™
Premium Rack Pads

MPG380-30, 30" Rack Pads: For stand up paddle boards. Sold in sets of two.

Foam Block Carriers

Malone® car top foam kits and single replacement blocks offer an affordable transport system for your canoe, kayak, surfboard or stand up paddle board. Universal profile fits round, square and oval load bars. Made in the USA with only the finest EVA closed cell foam.

Safety Tie-Downs & Load Straps

Safety tie-downs and cam-style load straps are a basic safety requirement for most transports. Malone® offers one of the largest selections of safety line anchors, ratchet systems and load straps in the industry. Our systems meet the needs for a wide range of budgets and installation requirements.

Sentry™ Ratchet-Style Safety Tie-Down: Our premier tie-down system offers unparalleled performance to keep watercraft safely anchored and secure. Installs in seconds and simple to deploy. One Year Limited Warranty.

- Features:**
- Ratchet style pulleys (2)
 - Stainless steel S-hooks (2)
 - 10' - 1/4" polypropylene rope (2)
 - 2' black grab loops (2)
 - One Year Limited Warranty

MPG316

Additional Tie-Downs & Anchors: The MPG306 Tie-Down is our economy priced rope & hook. The MPG309 SpeedLine™ delivers excellent performance with ratchet-style pulleys using 1/8" poly-cord with carabiners. The MPG322 Hood Loops are strictly for under the hood application and provide secure anchor points.

MPG306 Tie-Downs

MPG309 SpeedLine™ Ratchet

MPG322 Hood Loops

MPG308 QuickLash™ T-Style Hood Loops

T-style anchors designed to work under the hood or with the deepest rear hatches. Eliminates the need for finding vehicle frame tie-down points. Polypropylene and injection molded T-body construction with end caps. Two per set.

Premium Load Straps: One inch wide 1200 lb. pull strength polyester load straps featuring corrosion resistant cam style buckles. Each strap features a heavy duty molded rubber buckle protector along with an outer neoprene sleeve that ensures great protection for vehicle and boat. Available in singles or two piece packs. One Year Limited Warranty.

MPG357, LockUp™ - 10' long cable lock

(Sold in singles only)

Rooftop Cargo Boxes

A perfect selection of premium rooftop boxes for vacations, the slopes or general transport needs. Dual side opening lids, quick attachment hardware and gas filled struts for effortless opening and closing. Molded from UV resistant ABS plastic for years of service. Assembled in the USA. Lifetime Limited Warranty.

MPG902

Attachment Wrench

Interior Load Straps to Secure Contents

Quick Attach Mounting System
Fits Round, Square and Oval / Aero Cross Rails

Features:

- . Two Tone High Gloss ABS Construction
- . Gas Spring Struts
- . High Tensile Reinforced Base
- . Aerodynamic High Volume Design
- . Three Locking Points

Dual Opening Lid Included with the MPG902, MPG910 & MPG911. Simplifies Installation.

MPG911

Cargo™ Series of Rooftop Boxes

The Cargo™ series includes two premium level boxes uniquely designed for daily use or a long planned road trip. Each unit features a high gloss outer coating for a great look and is ensured with a Lifetime Limited Warranty. Proudly assembled and packaged in the USA.

MPG901

The Cargo12™ is designed for high functionality. Great for smaller vehicles or when high load capacity isn't required. A clean aerodynamic profile with central locking system. Available in high gloss gray. Lifetime Limited Warranty.

CARGO12™ ROOFTOP CARGO BOX

Specifications:

- . Volume: 12.0 cf
- . Length: 55.1"
- . Width: 31.5"
- . Height: 17.3"
- . Capacity: 165 lb
- . Mounting System: Quick Attach
- . Box Opening: Single Side
- . Locking Points: 2
- . Material: Polyester (Gloss Gray)
- . Cross Bar Spread: 25" - 27"

MPG902

The Cargo16™, our full-sized and most popular rooftop box is perfect for the family vacation or transporting skis and boards to the mountain. Fits five to six sets of skis (max length 192cm) or three to four snowboards or additional gear space for three to four passengers.

CARGO16™ ROOFTOP CARGO BOX

Specifications:

- . Volume: 16.25 cf
- . Length: 76.4"
- . Width: 27.9"
- . Height: 18.9"
- . Capacity: 165 lb
- . Mounting System: Quick Attach
- . Box Opening: Dual Side
- . Locking Points: 3
- . Material: ABS (Gloss Silver)
- . Cross Bar Spread: 25" - 40"

Includes all the features for simple installation and effortless opening and closing. Each unit is coated with a high gloss for a great look and ensured with our Lifetime Limited Warranty.

ProfileTM18 Rooftop Boxes

The ProfileTM18 is offered in two color choices and features a low profile design that is perfect when headed to the slopes. These boxes have a patented quick-attach mounting system, abrasion and UV resistant ABS construction, centralized locking system and dual opening lid.

PROFILETM
ROOFTOP CARGO BOX **18B**

The ProfileTM18B comes with a rich high gloss onyx black lid and matte black reinforced bottom. This sophisticated design, when coupled with its technical features, successfully delivers a rock solid gear transport system.

MPG911

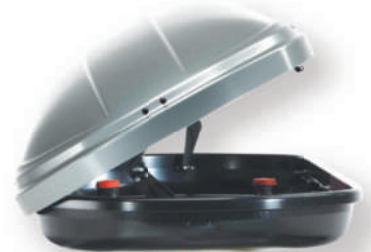

Volume: 18.0 cf - Length: 78.75" - Width: 32.3" - Height: 15.75" - Capacity: 165 lb - Mounting System: Quick Attach
Box Opening: Dual Side - Locking Points: 3 - Material: ABS (Gloss Black or Silver) - Cross Bar Spread: 25" - 36"

PROFILETM
ROOFTOP CARGO BOX **18S**

The ProfileTM18S is offered in pearl silver that compliments nearly all vehicle colors. This "low & wide" profile is a perfect mountain-bound choice for multiple skis and boards. Assembled in the USA with a Lifetime Limited Warranty.

MPG910

Axis™ Cargo Carriers & Attachments

The MPG907 Axis™ Truck Bed Extender can be vertically or horizontally deployed and includes an anti-wobble bracket for stability. The LoadRoller™ attaches to the MPG907 and makes loading easier with less boat abrasion. The MPG912 and MPG917 are bundled Bed Extender packages.

MPG907

Includes Anti-Wobble Bracket

MPG907

Features: 8 height settings (55.5" - 62.5") - 10 width settings (28" - 48") - Side arm load containment - 2" receiver with pin - Powder coat finish - Includes anti-wobble bracket - Dimensions: 62.5" x 48" - Capacity: 375 lb - Weight: 33 lb

Axis™
LOAD EXTENDER WITH VERSARAIL™
W/SINGLE VERSARAIL™

Combines the Axis™ Bed Extender with a single 58" VersaRail™ cross rail to create a complete truck transport system.

MPG912

Axis™
TRUCK BED EXTENDER ROLLER
LOADROLLER

Shown Installed to MPG907 Bed Extender

Add the MPG909 LoadRoller™ to the Axis™ for more convenient loading and unloading. Protects the boat & boards from scratches & abrasions.

Features:

- . No tools required installation
- . PVC sleeve w/ steel core
- . Dimensions: 2" dia x 42" long
- . Weight: 8 lb
- . Capacity: 250 lb
- . Lifetime Limited Warranty

MPG909

Axis™ Angler
TRUCK BED EXTENDER WITH LOAD ROLLER
BUNDLE

Integrate the Axis™ Bed Extender with the MPG909. Includes 15' load straps, ratchet-style safety tie-downs and DOT safety flag.

MPG917

Includes:

- . MPG907 Axis™ Load Extender
- . MPG909 Axis™ LoadRoller
- . MPG316 Sentry™ Ratchet Tie-downs
- . MPG551 DOT Approved Safety Flag
- . MPG908 Hitch Anti-Wobble Bracket
- . 15' Cam Style Load Straps (2)

MALONE[®] BIKE RACKS

Malone[®] proudly offers a value class lineup of rooftop, hitch-style, back of car and spare tire bike transport systems.

These racks are designed to carry a maximum of one, two or four bikes based on the design.

A **Lifetime Limited Warranty** that covers workmanship or component failure is included with each rack.

to satisfy customer requirements for cost and product performance, we created three different product categories. See pages 29-35 for details.

Shown in image above:
MPG2110 Pilot™ HM2.
 See Page 29 for details.

PILOT™

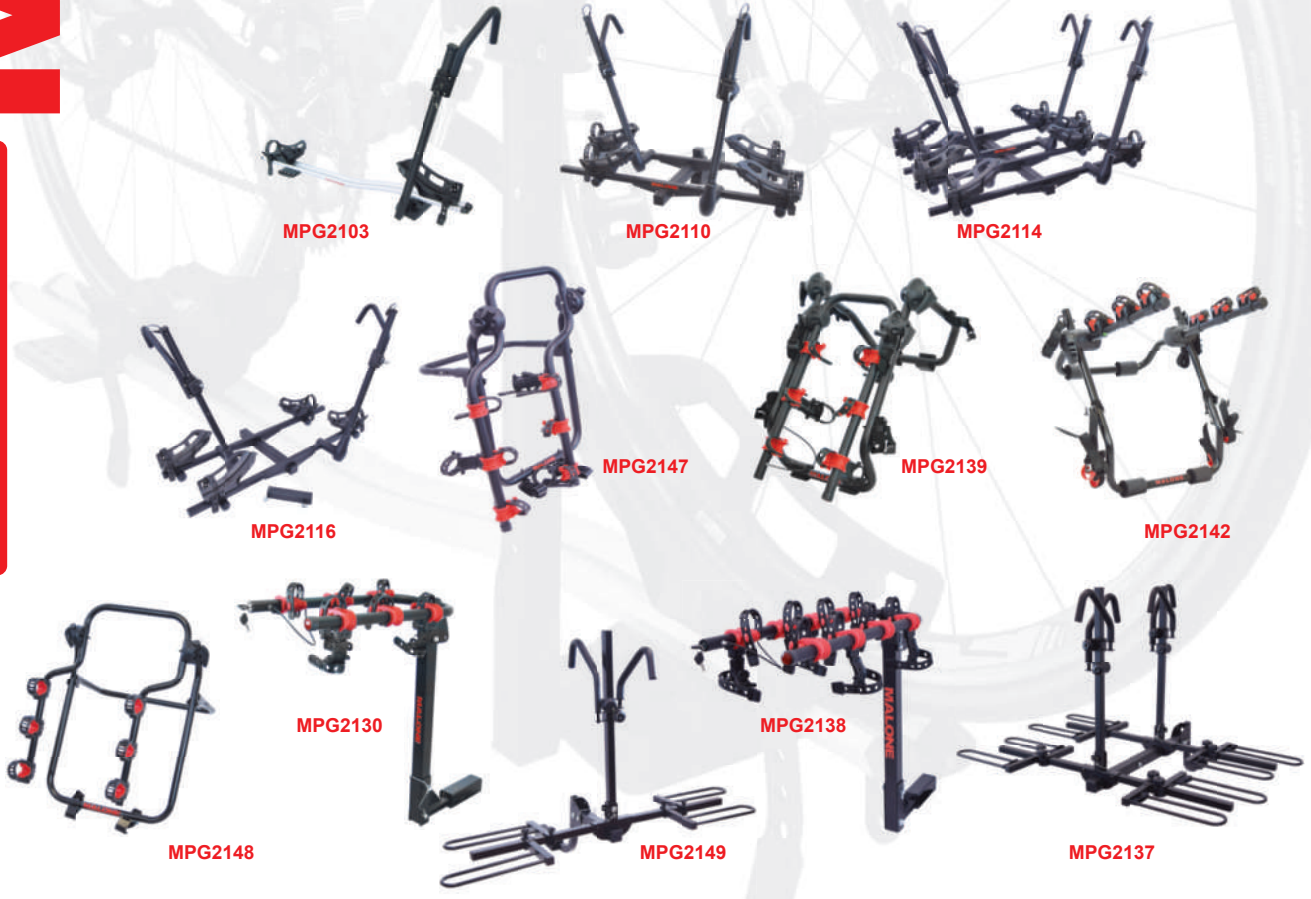

The Pilot™ series of rooftop and hitch carriers represents our flagship line and delivers the best in options materials, tooling and overall performance design.

Look for moderate pricing and great engineering in our Hanger™ line of bike transports. These trunk systems combine great value without sacrificing quality.

For those on a budget, but still require a high level of performance, the RunWay™ line of hitch, back of car and spare tire carriers is the best choice.

HANGER™

RUNWAY™

Pilot™ HM2, Pilot™ HM4 (Platform)

The Pilot™ HM2 and Pilot™ HM4 are two and four bike, hitch style platform carriers that require 2" receivers. Each carrier features theft resistant security cables, ratchet pivot arms and custom wheel holders for tires up to 5" wide.

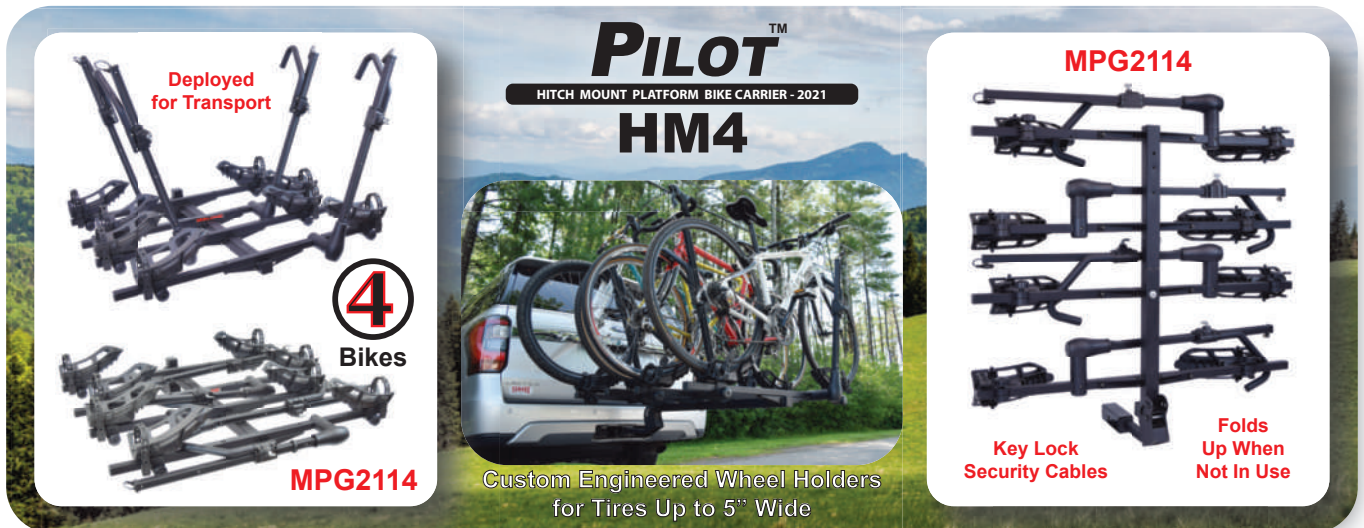

Features:

- . Two bike capacity (four bike with MPG2116 Co-Pilot™)
- . Tilt-down frame for access to rear hatch or trunk
- . Pivoting ratchet arm secures bike's front wheel
- . Arm & wheel holders eliminate bike to bike contact
- . Fits 20" - 29" wheels and up to 5" fat tires
- . Includes anti-wobble locking hitch pin
- . Retracting security cable for each bike

Specifications:

- . Load Capacity: 33 lb per bike x (2 or 4) bikes
- . Steel powder coated construction
- . Fits 2" receiver mounts & MPG2116 Module
- . Dimensions: 47" x 39" x 14"
- . Weight: 46 lb

Note: Not compatible with tandem, electric or recumbent bikes.

Features:

- . Four bike capacity
- . Tilt-down frame for access to rear hatch or trunk
- . Pivoting ratchet arm secures bike's front wheel
- . Arm & wheel holders eliminate bike to bike contact
- . Fits 20" - 29" wheels and up to 5" fat tires
- . Includes anti-wobble locking hitch pin
- . Retracting security cable for each bike

Specifications:

- . Load Capacity: 33 lb per bike x 4 bikes
- . Steel powder coated construction
- . Fits 2" receiver mounts
- . Dimensions: 47" x 63" x 14" high
- . Weight: 85 lb

Note: Not compatible with tandem, electric or recumbent bikes.

Co-Pilot™ Module (Platform), Pilot™ TC ST (Top of Car)

Increase capacity of your existing Pilot™ HM2 from two bikes to four bikes with the Co-Pilot™ Expansion Module. The Pilot™ TC ST ratchet arm bike rack features a 51" tray which is great for most standard bike frame & tire combinations.

Co-PILOT™ EXPANSION MODULE

TWO BIKE EXPANSION MODULE FOR PILOT HM2 - 2021

2
Bikes

MPG2116

Features:

- Integrates with the MPG2110 Pilot™ HM2
- Two bike capacity (4 bikes with MPG2110)

Specifications:

- Load Capacity: 33 lb per bike x 2 bikes
- Dimensions: 47" x 28" x 9"
- Weight: 39 lb

Note: Purchase of MPG2110 Pilot™ HM2 required.

Features:

- Single bike capacity
- Ratchet SafeHook™ secures the front tire with no frame contact
- Compatible with disk brake, thru-axles axles and most frames
- Adjustable extra wide wheel holders fit most tires
- Universal fit mounting hardware fits Malone® racks, factory oval, round and most aero-style load bars

Specifications:

- Load capacity: 33 lb
- Aluminum & steel powder coated construction
- Fits 20" to 29" wheels and up to 5" fat tires
- Dimensions: 51" x 12" x 6"
- Weight: 10 lb

Note: Not compatible with tandem and recumbent bikes. Rear hatch spoilers may inhibit installation.

MPG163

Kayak & SUP Wall Mount (Fixed Position)

We offer the largest cross section of storage systems in the industry. Each product has been carefully engineered to meet the exact requirements for the installation. Regardless of the kayak, canoe or board to be stored, we have the right rack to keep it safe.

250 lb
Capacity

MPG323

HighRise™
J-STYLE WALL STORAGE

Fixed Position

MPG323, J-Style Wall Rack: A high capacity wall system designed to hold large kayaks where weight is a factor. Constructed of 1.25" steel tubing and coated for inside / outside installation. Fully padded. Corrosion resistant mounting hardware.

150 lb
Capacity

MPG344

J-Hoops™
KAYAK WALL STORAGE

Fixed Position

MPG344, Single Kayak Wall Rack: This medium capacity wall storage system safely holds sit-inside and sit-on-top kayaks. 1.00" round powder coated steel tubing covered with a thick layer of foam. Lifetime Limited Warranty. Includes mounting hardware.

250 lb
Capacity

MPG327

BOARDROOM™
SUP-STYLE WALL STORAGE

Fixed Position

MPG327, SUP-Style Wall Rack: A rock solid wall mount rack for multiple surfboards and stand-up paddle boards. 27" long powder coated and fully padded steel frame with coated mounting bolts that resists corrosion.

150 lb
Capacity

SUP-PORT™
SUP WALL STORAGE SYSTEM

MPG347

MPG347, Single Board Wall Rack: Safe storage for one SUP. 26" high x 11" deep frame. Easily installs in minutes.

Wall Mount Ski Storage Rack

- Rubber coating 7" long hangers
- Includes six hanger assemblies
- Includes mounting hardware
- Reinforced steel frame
- Load capacity (per hanger): 20 lb
- Load capacity (total): 120 lb

MPG385

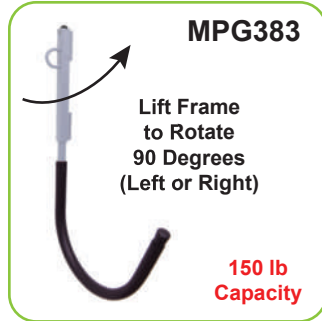

MPG385, Ski Wall Rack: Safely store six sets of skis. Dimensions: 49" x 7" x 3.5". Lifetime Limited Warranty.

Kayak & SUP Wall & Ceiling Mount (Folding & Strap)

The **Yak~Swing™** and **SUP~Swing™** each feature a convenient “fold away” design when not in use. The **SlingOne™**, **SlingTwo™** and **SlingThree™** utilize a quick-release carabiner system that offers an improved process for loading or unloading kayakers.

YAK~SWING™ KAYAK FOLDING WALL STORAGE SYSTEM

MPG383 Kayak Wall Storage (Folding): A medium capacity wall storage system that conveniently folds back against the wall when not in use. Safely holds sit-inside, and, sit-on-top kayakers. Includes a welded cable ring that allows a cable lock to be installed for theft prevention. Includes all mounting hardware. **Lifetime Limited Warranty.**

SUP~SWING™ SUP FOLDING WALL STORAGE SYSTEM

MPG384 SUP Wall Storage (Folding): A fully padded single SUP or surfboard storage system that rotates 90 degrees when not in use. Includes a welded security cable ring, multi-point fastening system and mounting hardware.

SLINGS, Kayak Storage Systems: Three storage units that feature 1200 lb, 1.5" wide quick-release carabiner straps. Mounts to a wall or the ceiling. Includes coated eye-hook mounting bolts. One Year Limited Warranty.

Free Standing Kayak Storage Packages

Built with powder coated high load steel, these FS Rack™ storage packages are easy to assemble and will last for years. Fully padded J-style Holders gently protect the kayakers from abrasion and hull distortion. Available in three kayak and six kayak storage bundles.

Two large fishing kayakers and a need for lower wet / dry storage.

Features:

- MegaSport™ 2 Boat w/ Storage - Bunks
 - MPG535 Base Trailer
 - MPG561 Large Kayak Bunk Kit (2)
 - MPG537 Storage Drawer - MPG547 Wire Basket
 - MPG540 Spare Tire & Lock
- (See individual product descriptions)

MPG550-TH

MEGASPORT TRAILER PACKAGE

Best Application:

Two large fishing kayakers and a need for overhead storage and lower wet / dry storage.

Features:

- MegaSport™ 2 Boat w/ Storage & 2nd Tier - Bunks
 - MPG535 Base Trailer
 - MPG561 Large Kayak Bunk Kit (2)
 - MPG537 Storage Drawer
 - MPG547 Wire Basket
 - MPG545 2nd Tier Kit
 - MPG540 Spare Tire & Lock
- (See individual product descriptions)

MegaSport™ Trailer Packages

The MPG207 MegaWing™ and SaddleUp™ carriers work well with more traditionally designed hulls. We created three excellent packages using these carriers along with a wide selection of affordable options to make every fishing experience a great one.

Best Application:

Two medium to large fishing or recreational kayakers with standard hull design and a need for increased overhead storage, rod holders, milk crate containment and lower wet / dry storage.

MPG550-AM

MEGASPORT TRAILER PACKAGE

Features:

MegaSport™ 2 Boat Ultimate Angler Package - MegaWing™
 MPG535 Base Trailer - MPG207 Carriers (2)
 MPG537 Storage Drawer - MPG547 Wire Basket
 MPG545 2nd Tier Kit - MPG541 Fishing Rod Tube
 MPG546 Milk Crate Cage - MPG540 Spare Tire
 (See individual product descriptions)

Best Application:

Two medium to large fishing or recreational kayakers. A need for increased overhead storage, rod holders, milk crate containment and lower wet / dry storage.

MPG550-AU

MEGASPORT TRAILER PACKAGE

Features:

MegaSport™ 2 Boat Ultimate Angler Package - SaddleUp™ Pro
 MPG535 Base Trailer - MPG110 Carriers (2)
 MPG537 Storage Drawer - MPG547 Wire Basket
 MPG545 2nd Tier Kit - MPG541 Fishing Rod Tube
 MPG546 Milk Crate Cage - MPG540 Spare Tire
 (See individual product descriptions)

Best Application:

Two medium to large fishing or recreational kayakers with standard hull design. A need for lower wet / dry storage.

MPG550-M

MEGASPORT TRAILER PACKAGE

Features:

MegaSport™ 2 Boat w/ Storage - MegaWing™
 MPG535 Base Trailer - MPG207 Carriers (2)
 MPG537 Storage Drawer - MPG547 Wire Basket
 MPG540 Spare Tire & Locking Attachment
 (See individual product descriptions)

MegaSport™ Trailer Packages

Rounding out our offering of MegaSport™ packages are three designs developed for anglers with both recreational or larger fishing kayaks. Each product has been carefully assembled to meet both budget requirements and specific optional needs.

Best Application:
Two medium or large fishing or recreational kayakers with traditional hull designs and a need for increased overhead storage and lower wet / dry storage.

MPG550-TM

MEGASPORT TRAILER PACKAGE

Features:
MegaSport™ 2 Boat w/ Storage & 2nd Tier - MegaWing™
MPG535 Base Trailer - MPG207 Carriers (2)
MPG537 Storage Drawer - MPG547 Wire Basket
MPG545 2nd Tier Kit - MPG540 Spare Tire
(See individual product descriptions)

Best Application:
Two medium or large fishing or recreational kayakers and a need for increased overhead storage and lower wet / dry storage.

MPG550-TU

MEGASPORT TRAILER PACKAGE

Features:
MegaSport™ 2 Boat w/ Storage & 2nd Tier - SaddleUp™ Pro

MPG537 Storage Drawer - MPG547 Wire Basket
MPG545 2nd Tier Kit - MPG540 Spare Tire
(See individual product descriptions)

Best Application:
Two medium or large fishing or recreational kayakers and a need for lower wet / dry storage.

MPG550-U

MEGASPORT TRAILER PACKAGE

Features:
MegaSport™ 2 Boat w/ Storage - SaddleUp™ Pro
MPG535 Base Trailer - MPG110 Carriers (2)
MPG537 Storage Drawer - MPG547 Wire Basket
MPG540 Spare Tire with Locking Attachment
(See individual product descriptions)

MegaSport™ LowBed™ Base Trailer

The **MPG550-LB** is a MegaSport™ Base Trailer refitted with new lower bar supports and bundled with a custom 2nd Tier Kit. The kayaks are just 25" off the ground and can be loaded much safer. This lower height allows the trailer to be backed down a boat ramp for kayak launch into the water.

Features:

- Marine grade galvanized frame
- 25" low-clearance load bar supports
- Custom 2nd tier load bar system
- DOT & Transport Canada approved
- L.E.D. "plug & play" lights
- Crank assist jack stand & wheel
- 86" long, 14 gauge steel load bars with D-ring tie-downs
- Extended reinforced tongue
- 2" trailer coupler
- Tongue lift handle & skid plate
- Five Year Limited Warranty

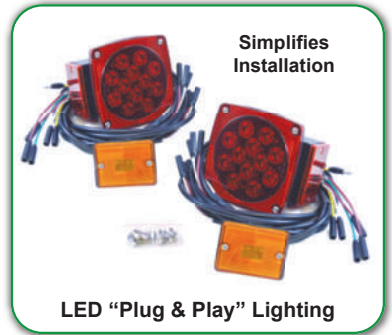

Specifications:

- Weight: 425 lb
- Length: 174"
- Width: 86"
- Wheels: 10" diameter - 5 lug
- Tire Pressure: 40 PSI
- Maximum speed: 70 MPH
- Load Capacity: 1000 lb

Proudly Made
In The USA

MPG550-LB

MegaSport™ LowBed™ Trailer Packages

Three LowBed™ Trailers that include a 2nd Tier Load Bar System, Cargo Box, Rod Tubes, Spare Tire and several choices for kayak carriers. These packages are part of our Pro Level offering for transport of multiple large kayakers with nearly any hull configuration.

MPG550-LBB

Best Application:
Two large sit-on-top or two large fishing kayaks.
(Works with most hull types)

MPG550-LBB

MEGASPORT LOWBED TRAILER PACKAGE

Kayaks Not Included

MegaSport™ LowBed™ w/ 2nd Tier, Spare Tire
2 sets Kayak Bunks
Cargo Box, 2 Rod Tubes

Features:

MPG550-LB LowBed™ Base Trailer - Custom 2nd Tier Load Bar System
MPG910 Rooftop Cargo Box - MPG541 Fishing Rod Storage Tube (2)
MPG561 Large Kayak Bunk Kit (2) - MPG540 Spare Tire & Lock Attachment
(See individual product descriptions)

MPG550-LBM

MEGASPORT LOWBED TRAILER PACKAGE

Kayaks Not Included

MegaSport™ LowBed™ w/ 2nd Tier, Spare Tire
2 sets MegaWings™
Cargo Box, 2 Rod Tubes

Features:

Trailer Accessories

Trailer accessories (pages 65-70) include icons to confirm correct trailer fit & compatibility.

MPG465

MicroSport™ Spare Tire with Lock Attachment

12" galvanized wheel.
Lock not included.

MPG540

MegaSport™ Spare Tire with Lock Attachment

10" galvanized wheel.
Lock not included.

MPG582

EcoLight™ Spare Tire with Lock Attachment

8" powder coated wheel.
Lock not included.

MPG592

XtraLight™ LowMax™ Pontoon-Style Spare Tire with Lock Attachment

8" powder coated wheel.
Lock not included.

MPG474

Second Tier Kit with 50" Load Bars

Retrofits to all MicroSport™ Trailers.

Great for a cargo box, extra boat or additional gear space.
Install in minutes. No drilling required.

MPG467

Retractable Kick Stand

Elevates the tongue for easy handling.

MPG207

MegaWing™ Reinforced V-Style Carriers

These injected molded carriers are built with the increased strength & firmness required to transport heavy sit-on-top kayaks. Includes 15' cam style load straps and all required mounting hardware.

We recommend usage with traditional V-bottom keel / hull designs.

MPG481

Hard Shell Storage Trunk

Removable Lid
Galvanized Mounting Brackets
Fits Perfectly in Trailer Frame

3.7 cubic feet of storage space.

Trailer Accessories

The MPG494 allows the MicroSport™ tongue to be retracted back into the frame for improved storage. The Trailer Safety Mast ensures that the trailer is visible at all times. The MPG536 and MPG537 are unique in-frame storage systems for the MegaSport™.

MPG494

MicroSport™ Retractable Tongue Kit

17.5" x 6.5" x 2.75"

Store your trailer upright against a wall. Reduces overall length from 159" to 98".

Retrofits to all existing MicroSport™ trailers.

Includes rear rubber bumpers, hitch pins and all wiring needs.

Drill-Free Installation

Vertical Storage Option

MPG488

Trailer Safety Mast

Includes Mounting Hardware Kit

Helps When Backing Up

Keeps the Trailer's Position Visible at All Times

MPG536

MegaSport™ Plastic Storage Trunk

MPG535 MegaSport™

An alternative to the MPG547 Wire Basket and fitting in the same chassis area, the MPG536 adds a level of added security and moisture resistance.

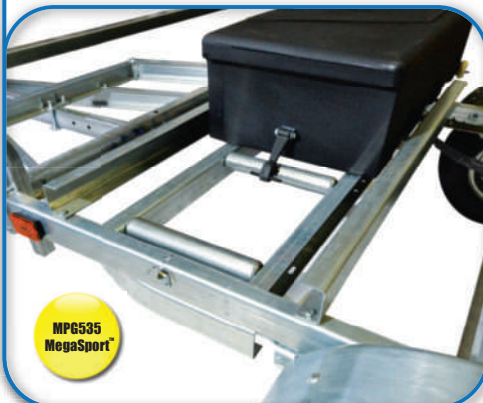

Features:

- High strength molded plastic construction
- 8 cubic feet of dry storage space (44" x 19" x 17.75")
- Hinged lid with security latches (locks not included)
- Includes all required mounting hardware

MPG537

MegaSport™ Storage Drawer w/ Rollers & Wheels

Can Be Retrofitted to Any Existing MegaSport™

MPG535 MegaSport™

Features:

- Durable plastic construction
- 5.5 cubic feet of storage space
- Removable plastic lid with water seal
- Includes all mounting hardware, steel rollers and guide wheels.

Note: Locks not included.

A dry storage drawer (with cover) that conveniently slides out from under loaded boats for easy access to stored gear. Great for batteries, fish finders and tackle boxes.

Oversized rollers integrate with the trailer frame to create a functioning conveyor platform for ease of use.

Trailer Accessories

The MPG561 Large Kayak Bunk Kit can transport nearly any kayak regardless of the hull configuration. Safely carry up to six fishing rods with the MPG541 Rod Storage Tube. The MPG543 Charging Station provides permanent charging power to the trailer.

MPG561
Large Kayak Bunk Kit

Sold in Sets of Two

Features:

- 84" x 4" x 2" covered bunks (set of 2)
- 15' green cam style load straps (set of 2)
- Marine grade weather resistant bunk covering
- Installation hardware for two individual bunks
- Made in the USA - Five Year Limited Warranty

MPG561

Transport One Kayak.
Fits Nearly Any Hull Configuration.

MPG541
Fishing Rod Storage Tube

Custom Mounting Brackets

This telescoping rod transport system delivers a secure transit for your expensive "gone fishing" gear. Steel brackets firmly secure this system to load bars and/or overhead vertical supports.

Designed for easy access with a hinged door. Holds up to six saltwater (extra long) rods. A fully molded and nearly indestructible frame with padded ends for years of service.

Features:

- Custom mounting brackets
- Telescoping 6" diameter frame
- Adjustable length (73" to 102")
- Lockable hinged access
- Holds up to six oversized rods
- Five Year Limited Warranty

Hinged Access Door (Closed)

Hinged Access Door (Open)

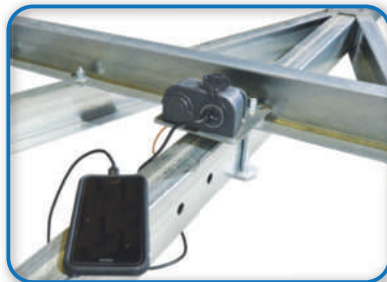

Five Year Limited Warranty

MPG543
Electric Charging Station

Waterproof permanent mount station for charging LED lighting, fish finders, GPS, phones & camera.

Features Include:

- One standard & two USB receptacles
- One 5V 1 amp illuminated USB receptacle
- One 5V 2.1 amp illuminated USB receptacle
- One 12V standard accessory receptacle
- Galvanized mounting plate with hardware

Trailer Accessories

Store your wet gear in the MegaSport™ Wire Storage Basket. The MPG553 SUP Transport Pads fit the MicroSport™ and provide a safe abrasion resistant transport for paddle boards. The MPG545 furnishes the MegaSport™ with an extra tier to fit accessories like the MPG542 LED Flood Light.

MPG547 MegaSport™ Wire Storage Basket

This ruggedly built wire basket fits perfectly in the MegaSport™ chassis and provides storage space for wet gear, bait buckets and landing nets.

Features Include:

- Powder coated steel welded construction
- 8 cubic feet of storage space (48" x 16" x 18")
- Removable wire lid with cam buckle retention strap
- Includes all required mounting hardware

MPG535
MegaSport™

MPG553 MicroSport™ SUP Transport Pads

Sold in
Sets of Two

One Year Limited Warranty

Installs under the load bars and attaches directly to the MicroSport trailer frame. These 36" long pads protect and transport StandUp paddle boards which can require extra caution to avoid abrasions and scratches.

MPG545 MegaSport™ 2nd Tier Kit w/ Load Bars

MPG535
MegaSport™

Excellent for a
Cargo Box
or
Additional
Boat

Increase load capacity to your MegaSport™ with this all steel upper level load bar system. Installation is quick and simple using the retro-fit design that easily integrates to a prior assembled trailer. **Note:** This part does not fit the MegaSport™ LowBed™ version trailers.

Ideal for adding extra gear without sacrificing convenient waist-level lower space. The adjustable rear load bar allows perfect placement for differing load requirements.

Features:

- Modular galvanized steel design for a quick installation
- 50" long x 1.25" square heavy duty galvanized load bars
- 150 lb load bar capacity
- Made in the USA
- Dimensions: 5' 10" long x 50" wide
- Five Year Limited Warranty

MPG542 LED Flood Light (Magnetic Mount)

MPG460C
MicroSport™

MPG464-LB
MicroSport™
LowBed™

With it's long 10' power cord, this magnetic base LED flood light can be mounted anywhere on the trailer's frame.

The 2000 lumen twin beam bulbs provide ample light for late night and early morning set-ups.

Features Include:

- Aluminum waterproof housing
- 10' insulated power cord
- Standard 12V plug with switch
- Five Year Limited Warranty

Note: May require MPG543.

MPG2100

- Features:**
- Single bike capacity
 - Ratchet SafeHook™ secures the front tire
 - Compatible with most frames
 - Adjustable wide wheel holders fit most tires
 - Mounting hardware fits Malone® trailer racks
- Specifications:**
- Load capacity: 33 lb
 - Powder coated construction
 - Fits 20" to 29" wheels and up to 5" fat tires
 - Dimensions: 65" x 12" x 6"
 - Weight: 13 lb
- Note:** Not compatible with tandem and recumbent bikes.

The **MPG2100** Tray Style Bike Carrier provides safe transport for one bicycle on all Malone® trailers. Features an extra-long tray to fit a wider bar spread. Key locking to prevent opportunistic theft. Captures the front wheel with no frame contact. Five Year Limited Warranty. Please note that for the MegaSport™, the second tier is required.

MPG126 Striper™ Fishing Rod Holder

See [Page 15](#) for Full Specifications

- Features:**
- Four rod capacity
 - Universal fit for most load bars
 - Corrosion resistant construction
 - Key-lock theft deterrent design

General Trailer Accessories

Offering a popular cross section of trailer accessories to improve overall trailer transport satisfaction. Every product has been carefully designed for convenience, quality of detail and overall workmanship.

Trailer Cross Bar Conversion Kit

Add a Cross Bar Conversion Kit to your utility trailer in minutes. Comes complete with cross bars, bar upright supports and easily installed mounting hardware. Fits most cross bar and rack accessories.

Convert a standard trailer into a canoe, kayak, bike or cargo box hauler. The **Trailer Cross Bar Conversion Kit** provides an easy solution for upgrading your trailer.

Featuring 78" long load bars with D-ring tie-downs, cross supports, installation brackets and all required mounting hardware to create a confident and professional set-up.

Made in USA. Five Year Limited Warranty.

TopTier™ Utility Trailer Cross Bar System

Dramatically increase utility trailer payload capacity with the TopTier™ Trailer Cross Bar Kit. Easily installs to most utility trailers with raised side rails. Great for transporting canoes and kayaks. The perfect solution for contractors needing extra overhead cargo space or paddlers looking to retrofit an existing trailer.

Features:

53" Galvanized Steel Uprights

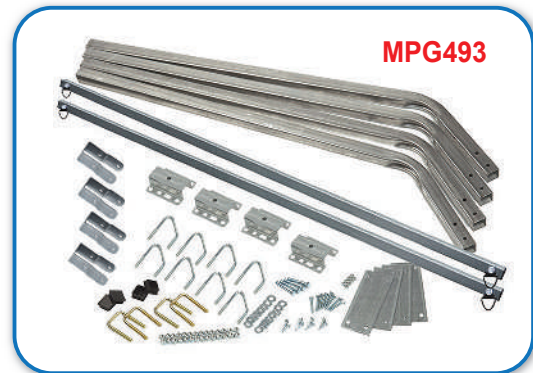

78" Steel Cross Bars w/ D-Ring Tie downs

Upright Stabilizers

Now Includes U-bolts for Square Rails

Proudly Made In The USA

Five Year Limited Warranty

Rear Safety Flag

MPG551

A Safety Flag is a must for safe daytime transport of canoes, kayaks and extra long loads.

DOT approved weather resistant construction.

One Year Limited Warranty

Hitch Anti-Wobble Bracket

MPG908

Stops movement between the vehicle's receiver and receiver ball mount.

Great for eliminating a rattling hitch installation.

Five Year Limited Warranty

Double Hitch Receiver

MPG544

Increase towing capacity with this two inch Double Hitch Receiver. Add a Malone® bike or cargo carrier to your trailer hitch set-up.

Anti-wobble design holds the carrier in position.
