# MALONE

CHANGING THE WAY YOU GET THERE

Here at Malone, we like to think we are doing more than selling a product. We are providing the very best long term solution with ongoing support for your transport, storage and boat loading needs.

This ideology begins with an array of simple to use rack & carriers, storage systems, accessories and sport trailers with easily understood **Award Winning Instructions** and demonstration videos.

It continues with our **Lifetime Warranty**. If there is a workmanship problem with your lifetime guaranteed Malone product, we will replace it. Just one call is all it takes.

And finally, it is enhanced with **World Class Customer Service** that works to satisfy each individual installation and provides ongoing support for the life of the product.

Offering the largest choice of **Sports Trailers** with bundled packages in the industry. See pages 46 - 62.

## AFFORDABLE TO BUY - EASY TO ASSEMBLE - SIMPLE TO USE

Ten different models of **Kayak, Canoe & SUP Carts** with capacity ratings of 150, 200 and 250 lb. See pages 35 - 38.

Over twenty **Storage Systems** for ceiling, wall or floor installation. See pages 39 - 45.

**Canoe or Kayak Carrier Systems** for nearly any boat or vehicle. Over 30 options available. See pages 8 - 21.

**Bike Racks** for hitch, top-of-car, trunk mount and spare tire. See pages 28 - 34.

# SteelTop™ "Square Bar" Racks

SteelTop™ cross rail systems are designed to attach to factory installed raised side rails. These medium-duty racks are an affordable alternative for transporting bikes, kayaks, ski carriers and roof boxes. Available in three lengths and delivered ready to install.

Roof Racks

STEELTOP™  
ROOFTOP CROSS BAR SYSTEM

## Security Key Locks Included

### Features

- Corrosion resistant coating for longer life
- Spacer blocks to fit smaller bar profiles
- Key locking security attachment towers
- Rectangular shape fits most rack accessories
- Delivered complete and ready to install
- Simple (No Tools Required) Installation
- Removable shield design fits more vehicles
- Lifetime Warranty

### Available in Three Popular Lengths

- MPG201 (50" length)
- MPG202 (58" length)
- MPG203 (65" length)

## AirFlow2™ "Aero Style" Racks

The AirFlow2™ features enhanced strength, great fit capability and upgraded aerodynamics. Includes integrated towers, pre-installed locks and double walled aluminum rails for a quiet and confident transport. Optional T-slot installation hardware available.

### Roof Racks

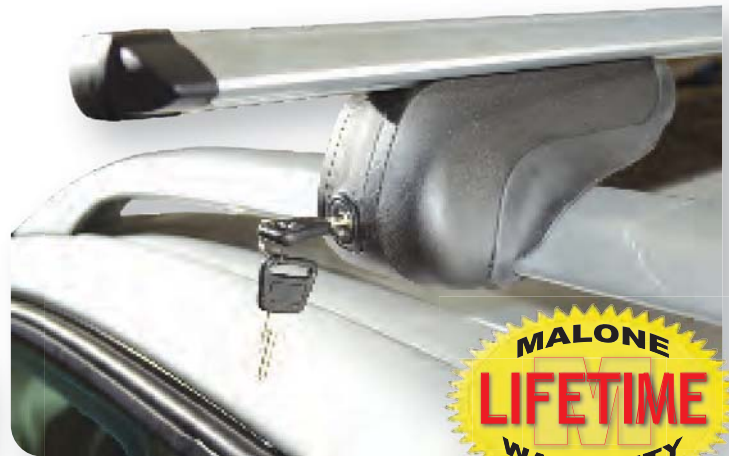

MPG215 (50" length)  
MPG216 (58" length)  
MPG217 (65" length)

#### Features

- Non-corrosive aluminum double wall construction
- Integrated T-slots for easy accessory attachment
- Cam assist bolts ensure a tight fit on small side rails
- Key locking security attachment towers
- Aerodynamic profile to reduce wind noise
- Delivered complete and ready to install
- Simple and quick installation - No tools required
- 165 lb load capacity for confident transport
- Lifetime Warranty

Simple Installation - Fits Most Four Door Vehicles

# HandiRack™ Inflatable Roof Racks

The HandiRack™ offers all the benefits of a traditional roof rack with none of the disadvantages. These high capacity roof racks are rugged enough for a wide selection of loads and are easily mounted to the vehicle's roof in a matter of minutes.

Roof Racks

## HandiRack™

MPG452

### Features

- . Three ply nylon construction
- . Double action air pump
- . 10' cam style load straps
- . Bow & stern safety tie-downs
- . Transport loads up to 180 lb
- . Fuel efficient low profile design
- . Quick and easy deployment
- . Five D-ring anchor points
- . 37" x 9" x 4" high
- . Two Year Warranty

Conveniently stores in the trunk when not in use.

With it's twin pressure tube design, the HandiRack™ can easily handle large loads such as kayaks, canoes and assorted miscellaneous gear. Great for rental cars or quick trips to the hardware store.

# SeaWing™ Kayak Carriers

The SeaWing™ features a non-corrosive molded frame that was engineered to assure a rust free life cycle. These carriers continue to be one of our best sellers because of their ease of use when loading and unloading boats. Includes everything needed to transport one kayak.

Water Sport Carriers

SEAWING™  
V-STYLE KAYAK CARRIER

MPG107MD

### Features

- . Universal fit Jawz2 mounting hardware
- . 50mm and 60mm coated mounting bolts
- . Cam style load straps with buckle protectors
- . Low profile design for garage clearance
- . Corrosion resistant nylon construction
- . Simple "no tools" installation
- . Bow & stern safety tie-downs
- . 27.5" x 6" x 4.5" high
- . Maximum boat weight 75 lb
- . Lifetime Warranty

# SaddleUp™ Kayak Carriers

The SaddleUp™ is a great way to transport large sit-on-top and fishing kayaks. The MPG110MD features four high-grip self-ad using saddles. Each set includes two rear saddle covers that allow the boat to easily slide into place. Comes complete with hardware, straps and safety tie-downs for one kayak.

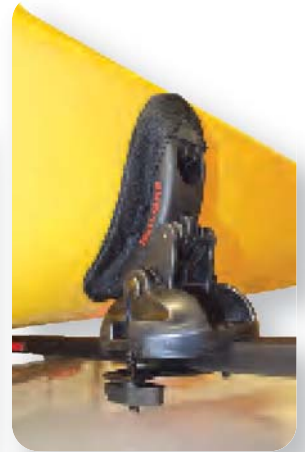

## Water Sport Carriers

MPG110MD

Front High Grip Saddles

Rear Saddles With "Easy Load" Sleeves

### Features Include

# Carrier Installation Hardware

Providing the best possible fit is paramount for a successful installation. We offer a large cross section of hardware to securely and dependably attach Malone carrier systems to nearly any type of vehicle or trailer load bar set-up.

Installation Hardware

MAKING THE BEST FIT

## Mounting Kits

The MPG303 and MPG304 both feature the V-shaped Jawz2 that fit factory oval and Malone aero and square style bars. Adapters that mount to after-market round bars are available upon request.

### Features Include

- Jawz2 v-style adapters, M8 T-knobs
- inc plated anti-corrosive mounting bolts
- MPG303 (with 50mm & 60mm bolts)

### Features Include

- Jawz2 v-style adapters, M8 T-knobs
- inc plated anti-corrosive mounting bolts
- MPG304 (with 60mm & 70mm bolts)

## Mounting Bolts

Because the cross bar thickness can vary between manufacturers, there is a requirements for different lengths for a correct attachment. All bolt kits are provided in M8, 4 pack sets.

MPG361 (50mm)

MPG362 (60mm)

MPG363 (70mm)

MPG364 (80mm)

MPG366 (90mm)

## Specialty Mounting Systems

Malone offers a wide selection of custom mounts for all types of carrier systems. The MPG5576-6 is available in sets of six. Single units available upon request.

## T-Slot Mounting Kits

These kits replace the standard MPG300 series Mounting Kits and utilize the T-slot in aluminum load bars to create an integrated mount for a variety of Malone carriers. See below for kit description and carrier fit.

MPG915 for Aero Style  
(MPG110, MPG112, MPG115, MPG119)

MPG1498 for Truck Rack  
(MPG110, MPG112, MPG115)

MPG6604 for Aero Style  
(MPG114, MPG116, MPG117, MPG118)

MPG8287 for Truck Rack  
(MPG114, MPG116, MPG117, MPG118)

## V-Style Kayak Carrier Load Assist

Simplify the kayak transport process with this integrated carrier / loader system. The SS Combo™ combines our MPG107 wing style saddles with a modular loader that extends nearly 22". Protects the vehicle and safely loads the kayak.

Kayak Load Assist

Extend the Loading Frame. Set the front of the kayak into the V-Block. Slide the kayak up and into the carriers.

Retract the Loading Frame. Dress the load straps and safety tie-downs. The kayak is now secure and ready for transport.

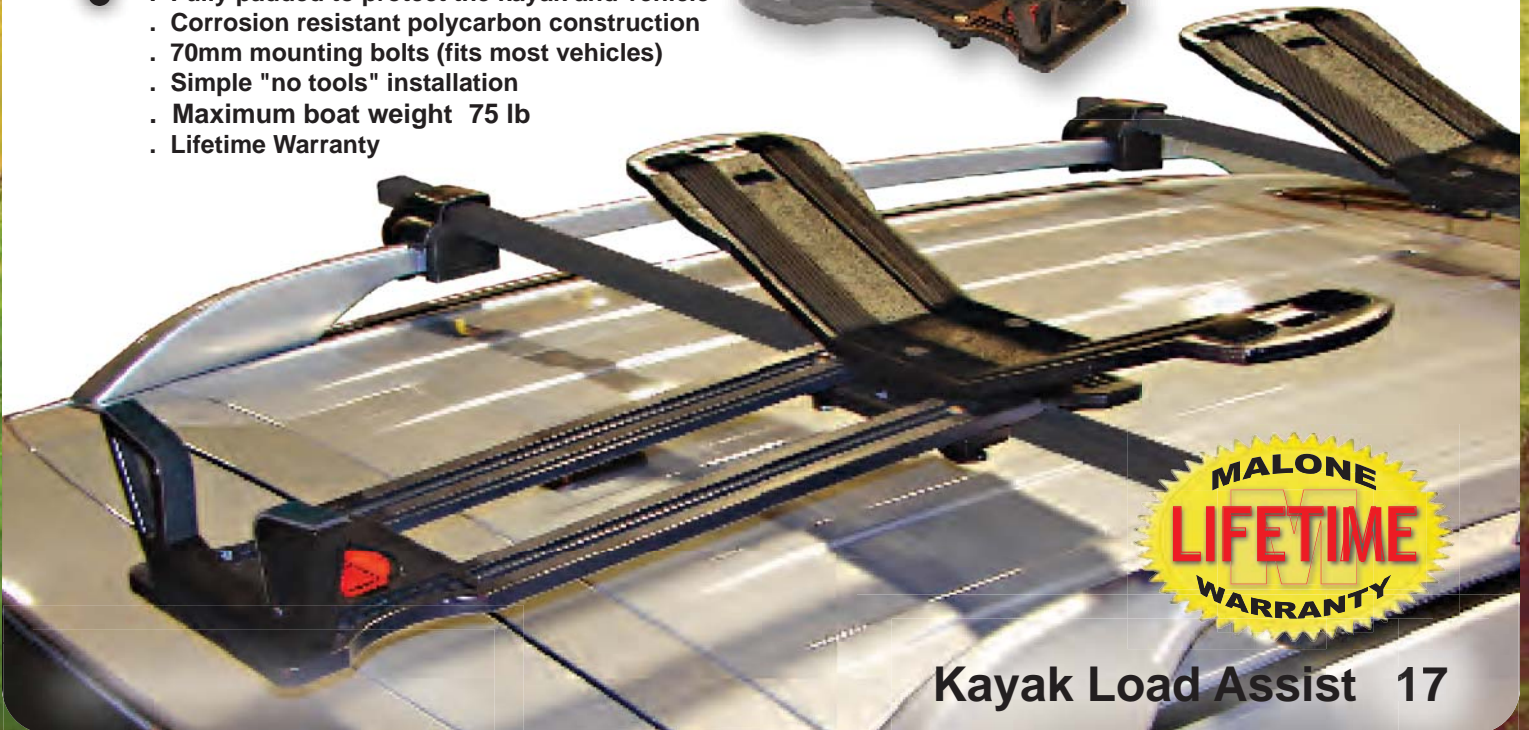

MPG113MD

SS COMBO™

Sold in singles. Transport requires two each. Non-skid bottom. 18" x 4.75" x 3.75"

**MPG169 Stacker Kit**  
8" blocks, load straps and tie-downs

## Rack Pads (SUP30™ Kit & 2pc Sets)

Rack pads are a simple, safe and effective way to transport surf and SUP boards when rooftop load bars are in-place. We offer two designs and three lengths of pad sets. A bundled kit that includes everything needed for board transport is also available.

Rack Pads

**Standard Rack Pads** Produced from heavy weave UV resistant polyester and featuring two different closure systems (hook and loop fastener). Fits round, square and smaller factory oval bars. One Year Warranty.

**MPG313, 18" Rack Pads** For surfboards. Sold in sets of 2.

**MPG314, 25" Rack Pads** For kayaks. Sold in sets of 2.

**MPG315, 30" Rack Pads** For SUPs. Sold in sets of 2.

MPG312

**MPG312, SUP30™ Rack Pad Kit** Carry one or more SUPs with this easy to use, hassle free rack pad system. The SUP30™ works with round, square and most factory cross rails. Features include two fade-resistant nylon weave 30" rack pads, cam style load straps and a ratchet tie-down with grab loop for safe transport.

**Premium Rack Pads** These high performance pads are designed for both after-market and factory oval wing-style™ load bars. Featuring acrylic fabric with UV resistant coating and a hook and loop fastening system that firmly holds each pad in place. One Year Warranty.

**AERO18™**  
Premium Rack Pads

**MPG380-18, 18" Rack Pads**  
For surfboards. Sold in sets of two.

**AERO25™**  
Premium Rack Pads

**MPG380-25, 25" Rack Pads**  
For kayaks. Sold in sets of two.

**AERO30™**  
Premium Rack Pads

**MPG380-30, 30" Rack Pads** For StandUp paddle boards. Sold in sets of two.

# Safety Tie-Downs & Load Straps

Tie-downs and load straps are a basic safety requirement for all transports. We offer the largest selection of safety line anchors, ratchet systems and straps in the industry. Our systems meet the needs of a wide range of budgets and installation requirements.

Tie-Downs & Straps

**Sentry™ Ratchet-Style Safety Tie-Down** Our premier tie-down system offers unparalleled performance to keep watercraft safely anchored and secure. Installs in seconds and simple to deploy. One Year Warranty.

- Features**
- Ratchet style pulleys (2)
  - Stainless steel S-hooks (2)
  - 10' - 1/4" polypropylene rope (2)
  - 2' black grab loops (2)
  - One Year Warranty

MPG316

**Additional Tie-Downs & Anchors** The MPG306 Tie-Down is our economy priced rope & hook. The MPG309 SpeedLine™ delivers excellent performance with ratchet-style pulleys using 1/8" poly-cord with carabineers. The MPG322 Hood Loops are strictly for under the hood application and provide secure anchor points.

MPG910

# Axis™ and Katahdin™ Cargo Carriers

The Axis™ can be vertically or horizontally deployed for differing loads and is produced from high grade steel tubing and powder coated to resist corrosion. The Katahdin™ delivers great style and large volume capacity. The MPG311 includes cargo net and Lifetime Warranty.

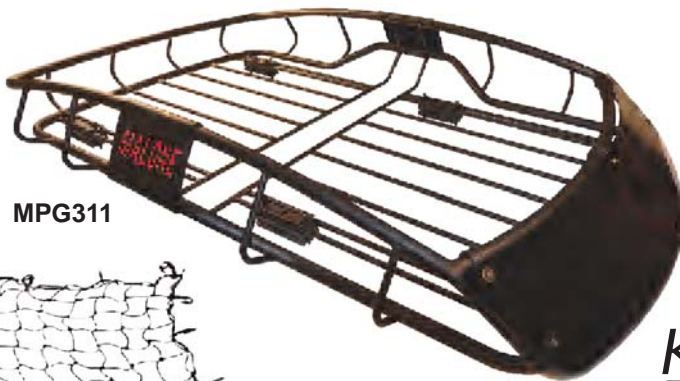

## Cargo Carriers

**Features** 8 height settings (56" - 63") - 10 width settings (32" - 48") - Side arm load containment 2" receiver with pin - Powder coat finish - Dimensions 63" x 48" - Capacity 500 lb - Weight 33 lb

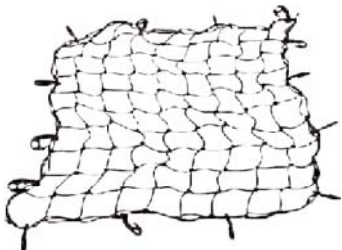

### MPG925 Heavy Duty Cargo Net

Secure your gear with this durable shock cord mesh net. Stretches to conform to the cargo. Works great with the MPG311 Katahdin™. Includes impact resistant hooks. **One Year Warranty.**

### Features

- Two piece design assembles in minutes
- Powder coated steel construction
- Safely transport loads up to 165 lb
- Universal mounting hardware
- Custom fairing for less wind noise
- Requires a minimum 25" cross bar span
- Lifetime Warranty
- 61" x 38" x 10" high

Includes MPG925 Cargo Net

**KATAHDIN™**  
CARGO BASKET

# Pilot™ TC ST (Top of Car)

Malone proudly offers a world class line of rooftop, hitch, back of car and spare tire transport systems. The Pilot™ TC ST ratchet arm bike rack features a 51" tray which is great for rooftop transport. A 65" long version (MPG2100) is also available for trailers. See page 53 for details

Shown MPG2130. See Page 32 for details.

## PILOT

The Pilot™ series of rooftop, hitch and back of car carriers represents our flagship line and deliver the best in options materials, tooling and overall performance design.

## HANGER

Look for moderate pricing, yet world class engineering in our Hanger™ line of bike transports. These hitch and trunk systems combine great value without sacrificing quality.

## RUNWAY

For those on a budget, but still require a high level of performance, the RunWay™ line of hitch, back of car and spare tire carriers are the best choice.

### Features

- Single bike capacity
- Ratchet SafeHook™ secures the front tire with no frame contact
- Available in two tray lengths (51" and 65")
- Compatible with disk brake, thru-axles axles and most frames
- Ad unstable extra wide wheel holders fit most tires
- Universal fit mounting hardware fits Malone racks, factory oval, round and most aero-style load bars

### Specifications

- Load capacity 33 lb
- Aluminum & steel powder coated construction
- Fits 20" to 29" wheels and up to 5" fat tires
- Dimensions 51" x 12" x 6"
- Weight 10 lb

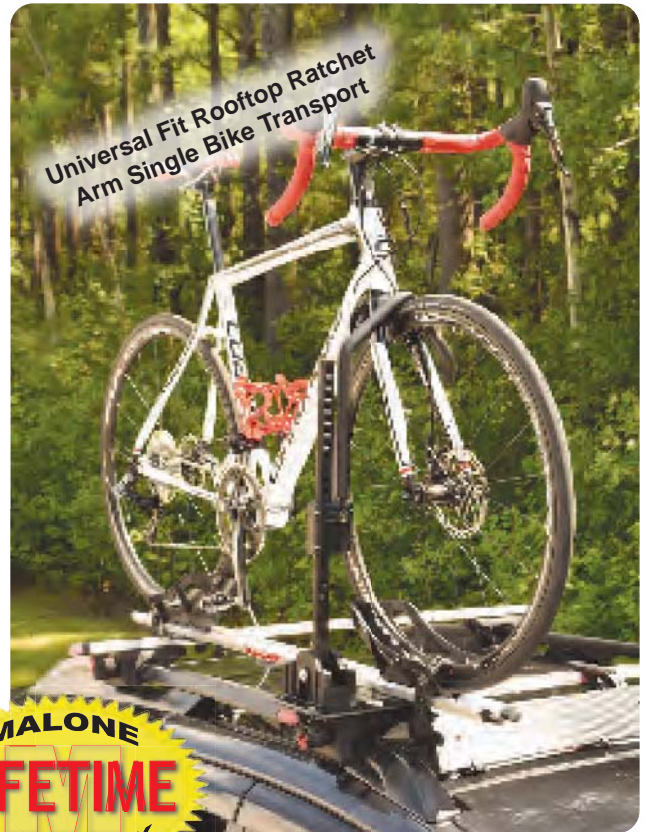

**Note** Not compatible with tandem and recumbent bikes. Rear hatch spoilers may inhibit installation.

# Pilot™ HM2, Co-Pilot™ 2 (Hitch Platform)

The Pilot™ HM2 is a two bike, hitch style platform carrier for 2" receivers only. This system can be integrated with the separately available MPG2115 Co-Pilot™ 2 which converts overall capacity from a two bike carrier to a four bike carrier.

## Bike Racks

### Features

- Two bike capacity (four bike with MPG2115)
- Tilt-down frame for access to rear hatch or trunk
- Pivoting ratchet arm secures bike's front wheel
- Arm & wheel holders eliminate bike to bike contact
- Fits 20" - 29" wheels and up to 5" fat tires
- Includes anti-wobble locking hitch pin
- Semi-retracting key lock security cable

### Specifications

- Load Capacity 33 lb per bike x (2 or 4) bikes
- Aluminum & steel powder coated construction
- Fits 2" receiver mounts & MPG2115 Module
- Dimensions 31" x 39" x 15"
- Weight 30 lb

**Note** Not compatible with tandem, electric or recumbent bikes.

# Hanger™ Series (Hitch & Back of Car)

The Hanger™ HM3 and HM4 are hitch style carriers that offer convenience, flexibility and security for three and four bike transport. The Hanger™ BC3-OS has the flexibility of fitting nearly any vehicle and provides bike stability using anti-sway technology.

## Bike Racks

### Features

- Four bike capacity
- Arms fold down when not in use
- Tilt-away mast with foot pedal & pin control
- Soft fully padded anti-sway frame cradles
- Integrated security cable with key locks
- Anti-wobble security key locking hitch pin
- Padded mast for additional bike protection
- Cradle ratchet straps & webbing strap

### Specifications

- Load Capacity 33 lb per bike x 4 bikes
- Powder coated construction
- Fits 1.25" and 2" receivers
- Dimensions 29" x 14" x 34"
- Weight 22 lb

**Note** Not compatible with tandem or recumbent bikes.

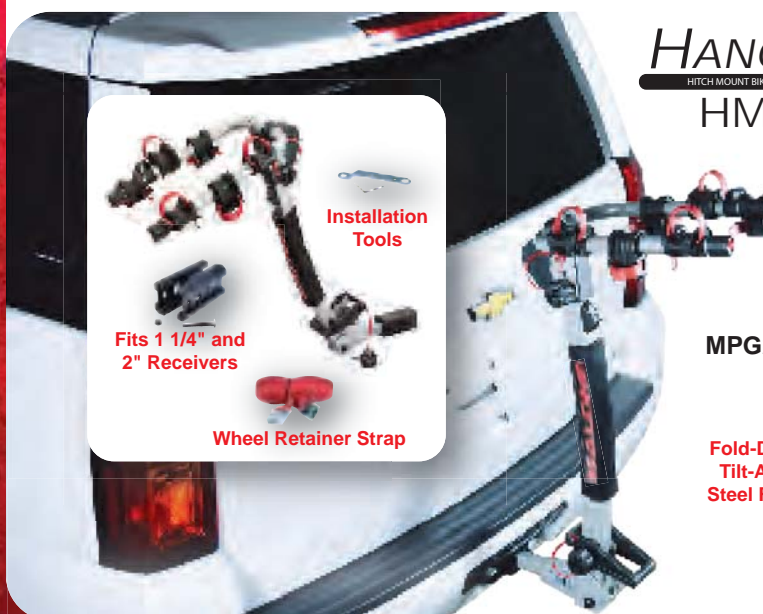

### Features

- Three bike capacity
- Oversize steel tubing for strength and stability
- Integrated cable lock secures bikes to rack
- Four quick release hubs for quick adjustment
- Six point webbing strap system
- Anti-sway cages help maintain the load
- Webbing stabilizing strap included
- Arms fold when not in use

### Specifications

- Load Capacity 33 lb per bike x 3 bikes
- Oversize steel construction
- Dimensions 32" x 22" x 30"
- Weight 15 lb

**Note** Not compatible with tandem, recumbent or electric bikes. May not be compatible with rear roof top spoilers.

### Features

- Three bike capacity
- 16" arms fold down when not in use
- Tilt-away mast with foot pedal / pin control
- Soft fully padded anti-sway cradles
- Integrated security cable with key locks
- Anti-wobble security key locking hitch pin
- Padded mast for additional bike protection
- Cradle ratchet straps & webbing strap included

### Specifications

- Load Capacity 33 lb per bike x 3 bikes
- Aluminum & steel powder coated construction
- Fits 1.25" and 2" receivers
- Dimensions 24" x 14" x 34"
- Weight 20 lb

**Note** Not compatible with tandem or recumbent bikes.

# Hanger™ (Spare Tire), RunWay™ (Hitch)

The Hanger™ T3 OS delivers our best price and design quality for 3 bike spare tire transport.

The RunWay™ HM3-OS is a traditional 3 bike system that features anti-sway technology.

The RunWay™ HM2 is a platform style carrier that eliminates bike to bike contact.

## Bike Racks

### Features

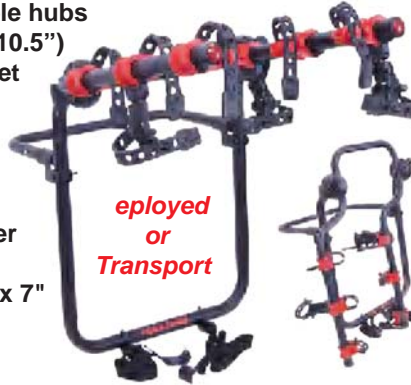

- Three bike capacity
- Oversize steel tube construction
- Two cam buckle anchor straps
- Quick release and unstable hubs
- Three tire settings (8"-10.5")
- Right or left wheel offset
- Three anti-sway cages
- Padded frame cradles
- Safety reflectors

### Specifications

# Bike Transport & Security Accessories

Along with offering a complete line of car top, hitch, back of car and spare tire bike carriers, Malone also offers a cross section of accessories designed to improve and simplify the aspects of bike transport and security.

## Bike Racks

### MPG2151 - Fork Block QR

Create your own bike carrier with these simple and versatile block mounts. Installs on any flat surface and secures the bike's fork for a confident transport.

#### Features

- Capacity One bike
- 9mm quick release skewer holds bike to block
- 100mm spacing fits most bikes
- Pass-through holes for inserting security cables
- Powder coated aluminum construction
- Dimensions 2" x 7" x 2"
- Lifetime Warranty

### MPG2165 - Top Tube Adapter

For use when the bike is required to hang from a carrier's horizontal arms. The Top Tube Adapter provides a removable temporary frame piece on bikes with step-through or other unconventional frame designs.

Easy one button operation opens locking gates that snap shut around the seat post and stem.

#### Features

- Coated gates protect the bike's finish
- Simple one button operation
- Oversize telescoping (23" - 30") shaft
- Non-rotating shaft to maintain transport stability
- Steel construction
- Dimensions 24" x 3" x 2"

### MPG2168 - MPG2171 LoopLocks™

A fast and economical way to add a layer of security when transporting bikes. Dress the cable loop around the frame of the rack back through the bike and then insert into the keyed bracket attached to the carrier.

Locking brackets can be attached to any 1" (MPG2168) or 1.25" (MPG2171) diameter tubing.

#### Features

- 46" long coated 1/4" diameter security cable
- Mounting bolts shielded by locking end of cable
- Two models offered (1" and 1.25" diameter tubing)
- Mounting tool included

**Note** Not a high security locking system. Designed to stop the opportunistic thief.

### MPG2174 - Locking Hitch Pin

These locking hitch pins are used with most Malone receiver hitch carriers. They are threaded to provide anti-wobble to the carrier and security locking capacity at the hitch.

Can be used with or without the locking head when the hairpin cotter (included) is deployed.

#### Features Include

- Fits 2" trailer hitches
- 10,000 lb towing capacity
- Corrosion resistant coating
- Cotter pin & two keys included

# Standard Ground Transport

Malone canoe, kayak and SUP carts were developed with the idea that portage from the vehicle to the water should be as effortless as possible. All four carts share the features of marine grade aluminum frames, airless tires and stainless steel hardware.

Ground Transport

### Features

# Kayak & SUP Wall Mount (Fixed Position)

We offer the largest cross section of storage systems in the industry. Each product has been carefully engineered to meet the exact requirements for the installation. Regardless of the kayak, canoe or board to be stored, we have the right rack to keep it safe.

Storage Systems

250 lb Capacity

MPG323

Fixed Position

**MPG323, J-Style Wall Rack** A high capacity wall system designed to hold large kayaks where weight is a factor. Constructed of 1.25" steel tubing and coated for inside / outside installation. Fully padded. Stainless steel hardware.

150 lb Capacity

MPG344

Fixed Position

**MPG344, Single Kayak Wall Rack** This medium capacity wall storage system safely holds sit-inside and sit-on-top kayaks. 1.00" round powder coated steel tubing covered with a thick layer of foam. Lifetime Warranty. Includes hardware.

250 lb Capacity

MPG327

Fixed Position

**MPG327, SUP-Style Wall Rack** A rock solid wall mount rack for multiple surfboards and stand-up paddle boards. 27" long powder coated and fully padded steel frame with stainless steel mounting bolts that resists corrosion.

MPG347

150 lb Capacity

**MPG347, Single Board Wall Rack** Safe storage for one SUP. 26" high x 11" deep frame. Easily installs in minutes.

## Wall Mount Ski Storage Rack

- . Rubber coating 7" long hangers
- . Includes six hanger assemblies
- . Includes mounting hardware
- . Reinforced steel frame
- . Load capacity (per hanger) 20 lb
- . Load capacity (total) 120 lb

MPG385

**MPG385, Ski Wall Rack** Safely store six sets of skis. Dimensions 49" x 7" x 3.5". Lifetime Warranty.

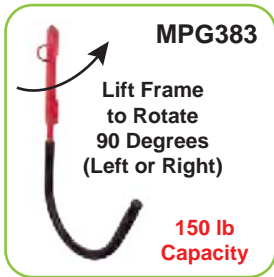

# Kayak & SUP Wall & Ceiling Mount (Folding & Strap)

The **Yak~Swing™** and **SUP~Swing™** each feature a convenient "fold away" design when not in use. The **SlingOne™**, **SlingTwo™** and **SlingThree™** utilize a quick-release carabineer system that offers an improved process for loading or unloading kayakers.

## Storage Systems

**YAK~SWING™**  
KAYAK FOLDING WALL STORAGE SYSTEM

**MPG383 Kayak Wall Storage (Folding)** A medium capacity wall storage system that conveniently folds back against the wall when not in use. Safely holds sit-inside, and, sit-on-top kayakers. Includes a welded cable ring that allows a cable lock to be installed for theft prevention. Includes all mounting hardware. Lifetime Warranty.

**SUP~SWING™**  
SUP FOLDING WALL STORAGE SYSTEM

**MPG384**

**150 lb Capacity**

**MPG384 SUP Wall Storage (Folding)** A fully padded single SUP or surfboard storage system that rotates 90 degrees when not in use. Includes a welded security cable ring, nine point fastening system and mounting hardware.

**SLINGONE™**  
KAYAK STORAGE SYSTEM

**135 lb Capacity**

**MPG340**

**S / S, Kayak Storage Systems** Three storage units that feature 1200 lb, 1.5" wide quick release carabineer straps. Mounts to the wall or ceiling. Includes coated eye-hook mounting bolts. One Year Warranty.

**SLINGTWO™**  
KAYAK STORAGE SYSTEM

**135 lb Capacity**

**MPG341**

**SLINGTHREE™**  
KAYAK STORAGE SYSTEM

**MPG342**

**135 lb Capacity**

# Free Standing Kayak Storage Packages

# MegaSport™ Trailer Upgrade & Accessories

The MPG549 Upgrade allows the standard galvanized wheels & fenders to be swapped out for custom aluminum designs. Several choices for secure and convenient in-chassis storage are available. Electronic options include a magnetic flood light and charging station.

Sport Trailers

**Aluminum Wheel Upgrade**  
Replaces standard galvanized wheels.

MPG549

**Aluminum Fender Upgrade**  
Replaces standard galvanized fenders.

## MPG549 MegaSport™ Wheel & Fender Upgrade

Available only at the time of the original purchase of a MegaSport™ trailer, this upgrade allows the standard galvanized wheels and fenders to be exchanged for aluminum wheels and diamond tread aluminum fenders. See page 56 for updating an existing trailer.

MPG547

## MPG547 Wire Storage Basket

This ruggedly built wire basket fits perfectly in the MegaSport™ chassis and provides storage space for wet gear, bait buckets and landing nets.

### Features Include

- Powder coated steel welded construction
- 8 cubic feet of storage space (48" x 16" x 18")
- Removable wire lid with cam buckle retention strap
- Includes all mounting hardware

MPG536

## MPG536 Plastic Storage Trunk

An alternative to the wire basket and fitting in the same chassis area, the MPG536 adds a level of security and overall water resistance.

### Features Include

- High strength molded plastic construction
- 8 cubic feet of dry storage space (44" x 19" x 17.75")
- Hinged lid with security latches (locks not included)
- Includes all required mounting hardware

## MPG543 Electric Charging Station

Waterproof permanent mount station for charging LED lighting, fish finders, GPS, phones & camera.

### Features Include

- One 5V 1 amp illuminated USB receptacle
- One 5V 2.1 amp illuminated USB receptacle
- One 12V standard accessory receptacle
- Galvanized mounting plate with hardware

MPG543

MPG542

## MPG542 LED Flood Light (Magnetic Mount)

With it's 10' power cord, this magnetic base LED flood light can be mounted anywhere on the trailer. The 2000 lumen twin beam bulbs provide ample light for late night / early morning set ups.

### Features Include

- Aluminum waterproof housing - 10' coiled power cord
- Standard 12V accessory plug with switch - May require MPG543

# MegaSport™ Trailer Accessories

The MPG537 Storage Drawer provides easy access to gear. The MegaWing™, with it's enhanced strength, can handle kayaks weighing over 75 lb. Other options include a Spare Tire kit Fishing Rod Storage Tube and custom aluminum wheels and fenders.

Sport Trailers

MPG537

Unique Slide-Out Storage for Quick Gear Access

Can Be Retrofitted to any Existing MegaSport™

## MPG537 Plastic Storage Drawer with Rollers

A dry storage drawer (with cover) that conveniently slides out from under loaded boats for easy access to stored gear. Great for batteries, fish finders and tackle boxes. Oversized rollers integrate with the trailer frame to create a conveyor platform for ease of use.

### Features Include

- Molded plastic construction for high durability - 5.5 cubic feet of storage space - Removable plastic lid with water seal gasket
- Includes all mounting hardware, steel rollers and guide wheels. Please note Locks not included.

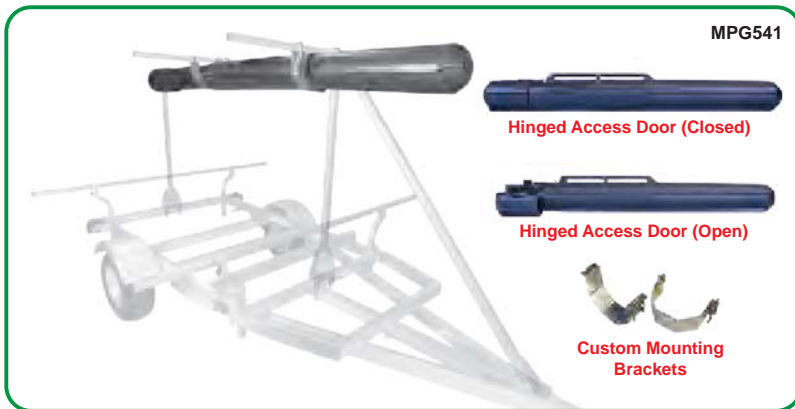

MPG207

Hinged Access Door (Closed)

Hinged Access Door (Open)

Custom Mounting Brackets

## MPG541 Fishing Rod Storage Tube

This telescoping rod transport system delivers a reliable and secure transit for your expensive "gone fishing" gear. Custom made brackets firmly secure this system to load bars and overhead vertical supports.

Designed for easy access with a hinged door. Holds up to six saltwater (extra long) rods. A fully molded and nearly indestructible frame with padded ends for years of service.

### Features

- Custom mounting brackets for a confident attachment
- Telescoping 6" diameter frame (73" to 102" in length)
- Lockable hinged access for convenience and security
- High volume capacity holds up to six oversized rods
- Five Year Warranty

Aluminum Spoke Wheels

MPG560

Diamond Plate Fenders

## MPG560 MegaSport™ Aluminum Wheel & Fender (two sets of 2)

Add a custom look to your trailer with aluminum 10" x 8" spoke wheels and diamond plate aluminum fenders. Replaces the standard galvanized wheels & fenders on an existing Malone MegaSport trailer. Lugs nuts, fender hardware and wheel caps not included.

# MegaSport™ Trailer Accessories

The MPG539 Flood Light attaches to the trailer's load bars and provides convenient overhead lighting. Add a second tier to your trailer with the MPG545 and take advantage of the extra space with the MPG546 Milk Crate Cage. The MegaSport™ Trailer Bunk Kit can easily handle one large kayak.

Sport Trailers

## MPG539 Flood Light (Bracket Mount)

This powerful and waterproof 2000 lumen LED flood light comes with mounting bracket and attachment hardware. Can be easily mounted to the MegaSport™ 2nd Tier Load Bar System in multiple locations. Provides exceptional light for rigging gear and loading accessories in the dark.

### Features

- . Sealed housing with twin beam with 2000 lumen LED lights
- . Waterproof toggle switch
- . 12' wiring harness
- . Coated mounting bracket
- . Aluminum waterproof housing
- . Five Year Warranty

**Permanently Installs  
Into the Trailer's  
Wiring Harness**

## MPG545 2nd Tier Load Bar System

Increase load capacity to your MegaSport™ with this all steel upper level load bar system. Installation is quick and simple using the retro-fit design that easily integrates to a prior assembled trailer.

Ideal for adding extra gear without sacrificing convenient waist-level lower space. The ad ustable rear load bar allows perfect placement for differing load requirements.

### Features

- . Modular galvanized steel design for a quick installation
- . 50" long x 1.25" square heavy duty galvanized load bars
- . 150 lb load bar capacity
- . Dimensions 5' 10" long x 50" wide
- . Five Year Warranty

## MPG546 Milk Crate Cage

Loading and controlling your small item gear is one of the biggest challenges to kayak fishing and the milk crate has become the standard solution within the industry.

The MPG546 Milk Crate Cage holds five standard sized crates up and out of the way. Great for keeping your gear safe and organized. Note Milk crates and tie-downs not included.

### Features

- . 11 gauge galvanized construction
- . No drilling required - Installs directly to the MPG545
- . Deep trough design to firmly capture the crates
- . Large capacity frame holds five standard sized crates
- . Made in the USA
- . Five Year Warranty

Transport one large kayak. Fits nearly any hull configuration.

## MPG561 Large Kayak Bunk Kit™

### Features

- . 84" x 4" x 2" covered bunks (2)
- . Marine grade weather resistant bunk covering
- . Installation hardware for two bunks
- . Made in the USA - Five Year Warranty
