

WHY NAPIER?

For 30 years, Napier has been changing the way people view camping by reshaping and merging the automotive and camping industries together. It all began in 1990 after a terrible nights' sleep at a racetrack during allergy season, Roman Napieraj, President of Napier, knew there had to be a better way—and the concept of the Sportz Truck Tent was born.

Thirty years later, Napier is now the world leader in vehicle camping tents. A trusted partner with auto manufacturers across North America including Honda, GM, Ford, Chrysler, Nissan and more, Napier is known for innovative designs and superior quality. Continuing to observe the need for convenience and flexibility in outdoor adventures, we have expanded the product line over the years, including SUV Tents, awning shelters, air mattresses and accessories, as well as our Backroadz line of truck and SUV tents.

Designed to be compact and versatile, Napier tents are the perfect travel accessory for anyone with an adventurous heart or a spontaneous soul.

TRUCK TENTS

Transform your truck into a comfortable and convenient home away from home and discover the joy of vehicle camping. Napier Truck Tents seamlessly assemble in the back of your pickup truck, allowing you to sleep comfortably and dry off the ground and under the stars—perfect for your get-up-and-go adventures. All of our truck tents feature a full tent floor to keep your belongings clean, a full rainfly and storm flaps in the windows and door to keep you dry, and a color-coded pole system to make set-up a breeze. Sleep easy in the bed of your truck, and always be ready for the next adventure.

PARTNERS

With every Backroadz Tent purchased, a tree is planted through our partnership with Trees for the Future. As we continue to lose trees at a rate of 50 soccer fields per minute, this dedicated group is helping to improve the livelihoods of impoverished farmers through the Forest Garden Program—planting fast-growing trees to help provide families with sustainable food sources.

Nine out of ten people in the outdoors are uninformed about their impacts—Leave No Trace is helping change that. Providing research, education and initiatives, this group aims to inform so that we can all protect and enjoy our world responsibly.

Together with their partners, Tread Lightly! is leading a national initiative to protect and enhance recreation access and opportunities by educating users on responsible recreation.

“ I have a 1992 Dodge D250 truck. The truck tent fit my truck perfectly! It is easy to set up and take down. The tent has so many great features. One night while camping it was extremely windy and the wind had no effects on the truck tent. It took direct gusts of wind in excess of 50 mph. I would highly recommend this tent. Quality of the tent is excellent, the price is fantastic and it is a joy to use. I got many compliments on the truck tent at every campground I camped at! ”

– Wilfred H.

“ If you’re like me and want to use your truck for everything under the sun (and moon), buy this tent now. You will not be disappointed! This is a 6-star product if there ever was one. ”

– Antee

“ This thing is AWESOME! We are camping in style now! The tent is built to last. It is roomy, comfortable, easy to set up and works great. ”

– Tom

46

“ This tent has been a perfect match for my Jeep Grand Cherokee. I enjoy the comfort of an air mattress in the warm, quiet “penthouse” while my son and his buddies enjoy the experience of “real” tent camping. My second favorite feature (next to the vehicle attachment) is its spaciousness. At 6.4” it’s the only affordable tent I’ve come across that I can easily stand upright and move around in, with room to spare for storing gear inside the tent. ”

– Mark R
