Unmatched Repair Suite

Ruggedized OEM-Level Diagnostics PC Tablet

With Included J2534 Communication Device

OTC®

Genisys TOUCH™

AutoDetect™

Genisys Touch software automatically detects and alerts the technician of on-tool or web-based repair information

Experience-based Diagnostics	
On Tool	
Code-Assist®	Provides over 6.6 million experienced-based Confirmed Fixes™ for vehicle specific, individual OBD-II Diagnostic Trouble Codes (DTCs).
Repair-Trac®	The largest database of known vehicle-specific fixes available to the automotive aftermarket. Includes coverage from 1969 through 2009 for USA Domestic, USA Asian, and USA European vehicles.
New Symptom-Assist™	Provides nearly 13 million experienced-based Confirmed Fixes™ for specific symptoms for specific vehicles.
Web Based	
Fast Touch Websites	Connect to the shop's Wi-Fi to access your favorite websites right within live diagnostic sessions so no workflow is interrupted.
Direct-Hit®	Includes a free 60-day trial subscription.

On Tool Repair Info	
Pathfinder Trouble Shooting	Provides critical information: Code information, Symptoms, Specifications, TSB references, Data/sensor information, Component location, PCM connector information
InfoTech Component Information Database	A vehicle-specific repair information database for testing most common vehicle components.

AutoDetect™ is a patent-applied-for feature exclusive to Genisys Touch™.

Code-to-Fix™

By Pattern, Symptom, Code, or any way you like — even by searching the Internet

Connectivity

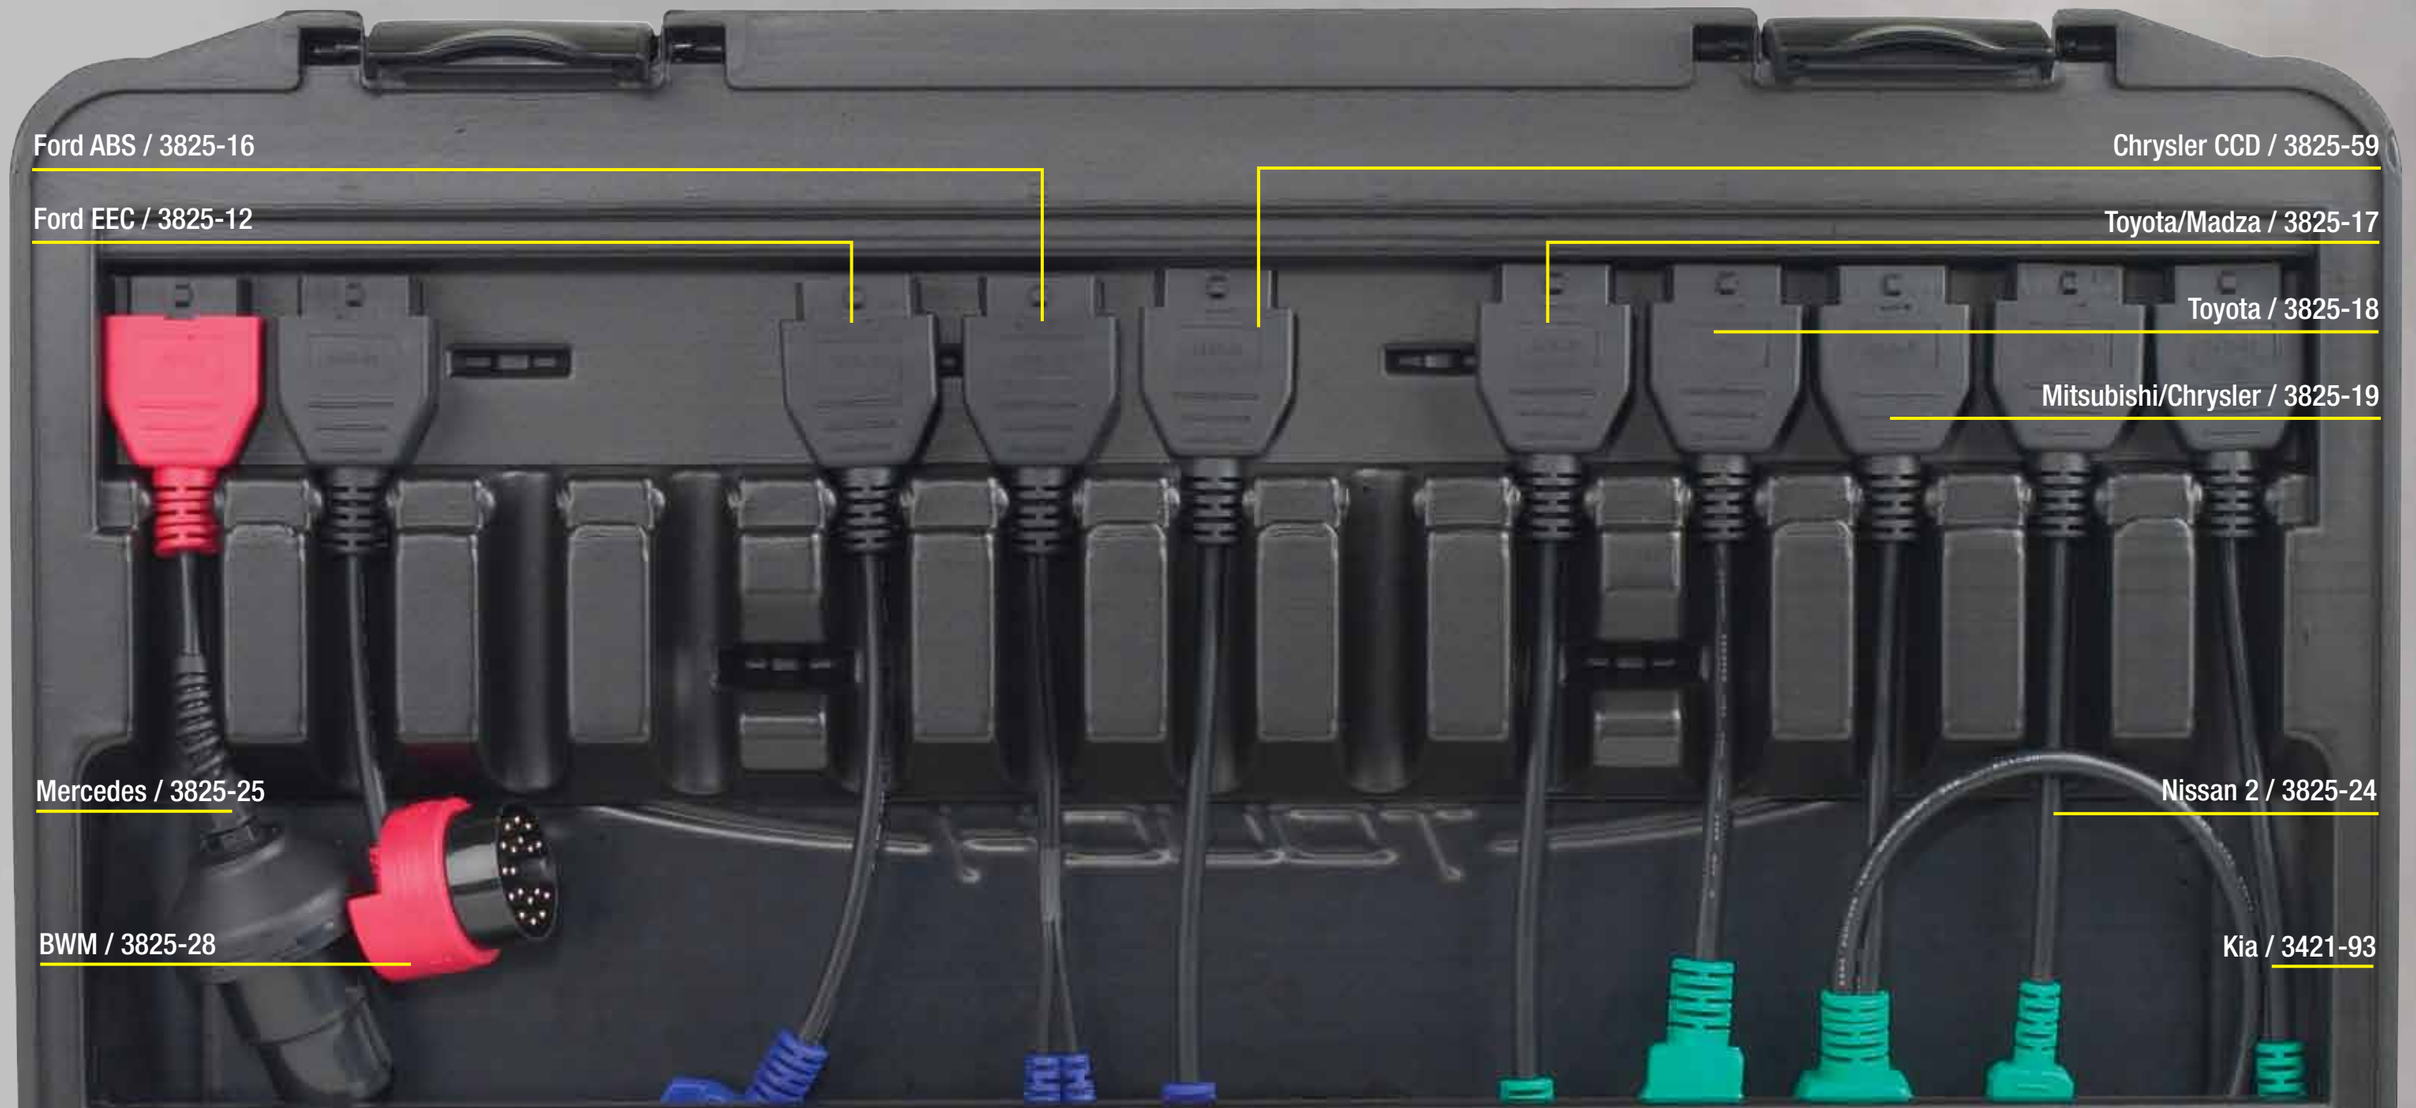
Partner up with the included OTC J2534 Communication Device. Or pair up with the optional PC-based 2-Channel Tech-Scope® or TPR Tool via long-range Class 1 Bluetooth®

3895 3857 3834T

Access the Internet browser right within a live diagnostic session and visit one of the Fast Touch websites known by technicians for their wide range of repair information and fixes.

Start the Repair

Wi-Fi Internet access and multi-device pairing for maximum shop productivity



All Makes Coverage Kit

All required OEM adapters from 1996 to 2012

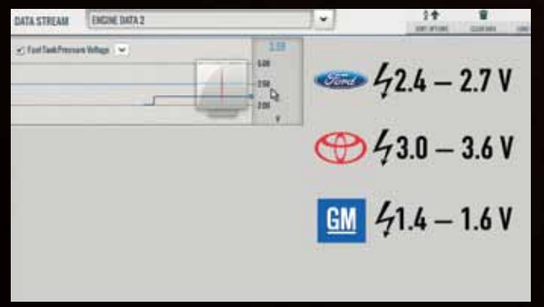
Pull-apart, durable case for easy storage

Embedded Training Videos

Videos within live diagnostic sessions
don't interrupt workflow

In one minute or less, learn test procedures commonly used by technicians every day.
An instant alert shows if a video is available for the specific year/make/model selected.
No need to attend a lengthy training class, or search on your smartphone — learn it now!

Read OEM-specific data where available



Watch videos any time in the video library

Learn the Test

Video training on scan and scope test procedures, tool operation and more

Go Home Early Today

Shorten your diagnostic time, maximize billable labor hours, and get the repair done from Code-to-Fix® faster than ever before

Genisys Touch™ Deluxe Kit P/N 3895

Includes a ruggedized 10” high resolution display tablet, J2534-1 / -2 compliant Vehicle Communications Interface (VCI), 10 OEM adapters, OBD II cable, USB cable, 12V power cable, AC power supply and custom carrying case.

Productivity Enhancements	
Automated System Test™	Perform a Comprehensive Heath Test. Provides DTCs (generic and enhanced), Freeze Frame, Mode 6 Component Test, Mode 5 Oxygen Sensor Tests, Mode 1 Readiness Tests, and more.
All System DTC Scan™	Perform a trouble code check of all supported vehicle systems in seconds. Fast validation that all systems are clear of DTCs before or following a repair. Test Generic and Enhanced DTCs, then store and print the record.
Software Wi-Fi Updates	12-month software subscription.
