

Pit Pal Products

OUTFITTING GARAGES, SHOPS & TRAILERS FOR OVER 30 YEARS
 UNIVERSAL ALUMINUM PRODUCTS TO ORGANIZE ANY SPACE
 WE MAKE A PLACE FOR EVERYTHING!

About Us

Back in the late 70's, two high school friends would rather spend late nights in the garage working on their race cars than going to the local disco. This desire, this passion for racing drove them to fabricate their own race cars (S&D Race Cars) and travel across the country racing competitively. Dealing with the common inconveniences of daily racing life, this dynamic duo started creating solutions. The products they developed became popular with fellow racers and enthusiasts alike. Pit Pal™ Products was born.

Slowly, the focus shifted away from race car building as demand exploded for the Pit Pal™ Product line. Disco died, but hard work, desire and innovative ideas helped to launch a very successful business that fulfilled the common need for racers and enthusiasts to get organized. Fast-forward 37 years and Pit Pal™ Products manufactures over 500 products, has a worldwide distribution network, and is still pushing the envelope to develop, design and produce the best products for you, our customers.

Whether you have a trailer, garage, shop, office, or home, it is essential to have a functionally organized environment. Since our introduction, we have manufactured top-of-the-line aluminum products, untouched by our competitors. Enthusiasts in the industry have come to know our products and ask for us by name. We manufacture products for everyone including race teams, trailer manufacturers, fabrication and speed shops, home builders and distributors, right here in the USA.

ZINC PLATED E TRACK - 5' LENGTH

Part# ETH1

Horizontal E-Track makes a great adjustable hook-up point on floors, walls or ceilings. Made of 12 gauge steel, clear zinc plated.

DOUBLE END E TRACK STRAP 10' LENGTH

Part# 74116

Strap used with E or A track to adapt tie downs. Working Load Limit - 1,666LBS Breaking Strength - 5,000LBS

HOOK WITH E TRACK STRAP 10' LENGTH

Part# 74121

Strap used with E or A track to adapt tie downs. Working Load Limit - 1,666LBS Breaking Strength - 5,000LBS

RATCHET TIE DOWN W/ FIXED END HOOK - 2" STRAP X 10'L

Part# 51HK1064BL

Fixed hook attached to ratchet. This eliminates the 12" webbing on our #500C10 for an overall shorter length. Easier to access the ratchet.

NEW

TRACK STRAP - 6" LENGTH

Part# 74118

Strap used with E or A track to adapt tie downs. Working Load Limit - 1,000LBS Breaking Strength - 3,000LBS

TIRE BONNET

Part# 30RTMS - 6" LENGTH

A fast, easy way to secure your car for storage and/or transport. Heavy duty harness fits snug over the tire and clamps securely to the floor for stable transport.

E TRACK HEAVY DUTY SERIES E OR A FITTING WITH 2" O RING

Part# 10096HD

Use with E-Track or A-Track, this O-ring attaches in a snap. Use for heavy weight duty tie-downs. Work load limit 2,000LBS. Breaking strength 6,000LBS.

HD RECESSED D RING

Part# 10064

An industry standard for your trailer. 5,000LBS capacity D-ring lifts from the recess for easy use. Zinc plated for corrosion resistance.

ALUMINUM L TRACK - 50" LENGTH

Part# 74154

This sturdy aircraft quality aluminum extrusion offers versatility and durability. Mount to floor or walls, to secure straps to stud fittings. Fittings are spring loaded and snap securely into place yet can be moved to different positions quickly. Rated at 6,000LBS.

L TRACK DOUBLE STUD FITTING

Part# 74145

O-ring fitting for L-track tie down rail. The double stud mechanism locks into two holes on the track for a secure fit. Lift the end clip and insert into the track's slots. Slide until it's halfway between two slots, then release the clip to engage the lock. Working Load Limit Rated to 1,666LBS.

L TRACK SINGLE STUD FITTING WITH RING

Part# 74143

The L track single stud fitting with round ring is one of the strongest fittings available for securing into L track. This fitting can be quickly snapped into the track to provide you the anchor point you need to connect your tie down straps. Double stud fitting also available for increased strength. Load Limit Rated to 1,333LBS.

RATCHET TIE DOWN 2" X 10' LONG

Part# 500C10

Rated at 10,000LBS. H-tech fiber in superweb makes it stronger and cut-resistant. PVB coating is weather resistant.

AXLE STRAP 21" LENGTH

Part# 30AS21

Rated at 10,000LBS. A 21" strap with thick, protective sleeve. Ideal for various attachments using hook-type ends.

26" LIGHTWEIGHT STRAP TRACK

Part# LST26

26" LIGHTWEIGHT STRAP TRACK PAIR

Part# LST262

36" LIGHTWEIGHT STRAP TRACK

NEW Deeper Design

DRUM PUMP HOLDER

Part# 784
5.5"W x 5"H x 3.5"D
SIPHON DRUM PUMP Part# NP3051

Store your siphon drum pump upright and features a storage opening for the pump hose.

DRIP FREE FUNNEL HOLDER

Part# 224
20.125"H x 1.675" DIA

Eliminate messy spills on trailer and shop floors from funnel drips. Great for long extension funnels.

TRAILER PLUG HOLDER & HARNESS BRACKET

Part# 525
2"W x 2"D x 7"H WITH 1 7/8" TUBING

Prevents plugs from getting dirty.

GREASE GUN HOLDER

Part# 324
3"W x 12"H x 3"D

Best way to store your grease gun vertically in your trailer or workstation.

TORQUE CONVERTER DISASSEMBLY TRAY

Part# 386
14.25"W x 14.5"D x 4"H

Ideal for converters that disassemble. Holds the converter in place during disassembly and re-assembly. Indexes the flywheel bolts and input shaft. Features 2 carrying handles and a drain plug. Holds 2+ gallons of fluid.

LENCO TRANSMISSION REPAIR TRAY

Part# 116
18.25"W x 3.25"H x 14.25"D WITH 4" DIAMETER HOLDER

Holds 8+ quarts of fluid.

Rebuild your Lenco transmission with the same tray Lenco uses. Crafted of heavy aluminum - it will be with you for years of service. Includes drain plug. The pump housing fits in the center hole to allow the transmission to stand on end for easier servicing. The ATF reservoir keeps your work area clean, with an easy to empty drain plug to make disposal mess free. The side tray for screws and small parts assures you will not lose any important pieces.

DIRT BIKE STAND

Part# 177
BASE 15.75" SQUARE x 16"H

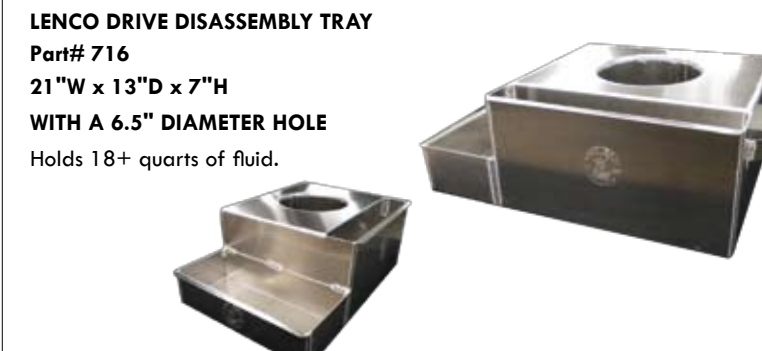

The top platform of this heavy duty bike stand is 10" x 10" and has a 4" x 4" hole which allows for easy oil drainage. The built-in work tray beneath works great for tools or your drain oil container. It has a 1/2" tough anti-slip riveted rubber top mat.

LENCO DRIVE DISASSEMBLY TRAY

Part# 716
21"W x 13"D x 7"H WITH A 6.5" DIAMETER HOLE

Holds 18+ quarts of fluid.

STANDARD TOOL TRAY
Part# 120
17"W x 8"H x 17"D

Choose from carburetor rings available in box below.

WITH STANDARD RING
Part# 120S

WITH DOM RING
Part# 120D

JUNIOR TOOL TRAY
Part# 129
16"W x 13.25"D

Choose from carburetor rings available in box below.

WITH STANDARD RING
Part# 129S

WITH DOM RING
Part# 129D

UTILITY TOOL TRAY
Part# 159
16"W x 5"H x 7"D

Similar to our Jr. Tool Tray, but with a narrower profile. Does not have spark plug holes. Ideal for clutch servicing. Great for carrying miscellaneous tools.

20"W PORTABLE ALUMINUM STEP 20"W x 12"D
Part# 596 30"W

PORTABLE ALUM INUM STEP 30"W x 16"D
496

Use as a free standing step for your trailer, or at home to access out of reach items. Great for reaching the top of trailers or tow vehicles when washing and detailing. Helpful when servicing autos on jack stands. Rubber bumpers on all corners prevent sliding or damage. Handles punched in both sides for carrying. Heavy duty construction.

STEPWELL STEP
Part# 485
47.25"W x 6"H x 11"D

A step that stores in the step well of your trailer! An 11" tread depth makes it easy to get in or out of the trailer and the aluminum construction makes it lightweight to maneuver. Rubber bumpers on all corners allow the step to be used on smooth floor surfaces without sliding or damage. Heavy duty construction.

STANDARD RING
Part# 118 5.25"W x 2.5"H

DOMINATOR RING
Part# 119 7.5"W x 2.5"H

Mount carburetor ring to our tool trays to cover your carburetor while you work and keep your tools and parts close while you work. Perfect for dual carb setups.

CLECO TOOL TRAY
Part# 262
16"W x 5"H x 7"D

Hold all three sizes of Cleco fasteners along with two pliers in one easy to carry tray. This tray is divided into three sections and will easily hold 100 fasteners in each section.

HARDWARE TRAY
Part# 239
9.5"W x 6"D

Keeps disassembly hardware organized and separated. Tray has six compartments.

SPARK PLUG CADDIES

Mini - Holds 8 **Part# 229**

Junior - Holds 48 **Part# 230**

Pro - Holds 64 **Part# 231**

CARBURETOR FUEL BOWL DRAIN TUBE
Part# 147
9.5"H x 1.5"L x 1.5"D

Change jets and repair carburetor without spilling fuel! Capacity allows you to drain both bowls when removing carb bowl screws. Round tube is also anodized for durability and appearance. Tube has tapered end to capture fuel without spilling.

LIGHTING

RECESSED LIGHT BUCKET WITH 500 WATT LIGHT
12"W x 11.75"H x 9.125"D
Part# 130LB

RECESSED LIGHT BUCKET ONLY
12"W x 11.75"H x 9.125"D
Part# 131LB

CLIP-ON TRAILER LIGHT
Part# 130

PAIR OF CLIP-ON LIGHTS
Part# 131

Make outdoor lighting safe with our state-of-the-art clip on design. For both outdoor and indoor use. Uses 500 watt quartz halogen lights with aluminum anodized poles and water-tight electrical joints. Lights swivel up and down. Brackets supplied for outside mounting and inside storage - quantity 2.

MOUNTED ARM SWING LIGHT - 500 WATT
Part# L41

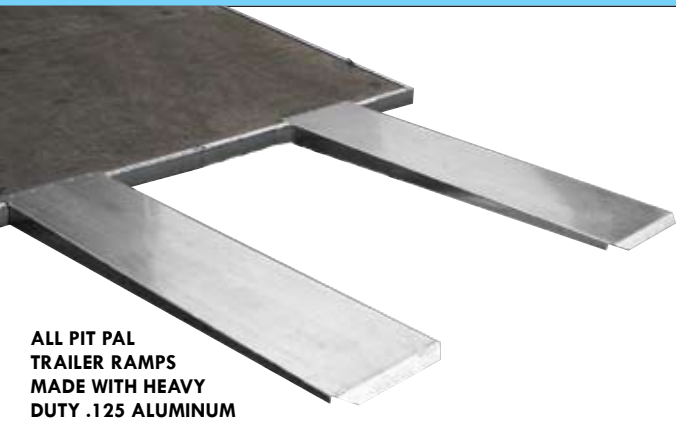

Shine light on loading, unloading or work areas. Heavy duty light fixture provides great outdoor lighting for your trailer or shop. 500 Watt halogen light with professional grade construction. Adjustable arm extends from wall 40". Features a weatherproof on and off switch. Has a 10-Foot 18/3 grounded power cord.

SOLD AS PAIR

ASSIST RAMPS

Part# 281
 26"L x 9.125"W x 3.75"H
SOLD AS PAIR

Raises car 2" for easy access to trailer or allows enough room for floor jacks. Allows you to park your vehicle in the same location inside your trailer.

PIT RAMPS

Part# 280
 24"W x 2.75"H x 8"D
SOLD AS PAIR

Allows jack to slide under chassis. Keeps front tires secure while raising rear of car 2.25". Helps maintain oil pressure by keeping car level while rear is elevated when warming motor and drive line. Great when pitted in grass or uneven ground at the track. Convenient handle allows for easy removal and storage.

STORAGE POUCH
 Part# 279

1.5" LOW RISE PIT RAMPS
 Part# 580

RUBBER TRAILER DOOR BUMPERS

3.25"H x 6"W Part# 704
 2"H x 7.75"W Part# 703

RUBBER D-SHAPED HOLLOW BUMPERS

Medium 6"L x 2"H Part# DR200
 Large 12"L x 3"H Part# DR300

ROUND RUBBER BUMPERS

Small 1.75" OD Part# DR26
 Large 2.5" OD Part# DR25

ADJUSTABLE TRAILER DOOR BUMPER

Part# 795
 Useful when pitted on uneven ground like dirt, grass or gravel. Keeps trailer door from being warped or twisted. Constructed of 2" heavy wall aluminum square tubing. Nine telescoping heights up to 11". 1" thick rubber bumper. Heavy duty locking pin.

E-Z FILL THRESHOLD BRIDGE

Part# 705
 20"W x 8"D x 2.5"H **SOLD AS PAIR**

Traverses the path from ramp to trailer, eliminating gaps and bumps that usually cause problems loading or unloading equipment, hand carts, cars or goods. Hanging storage brackets included.

HINGED TRAILER GAP COVERS **SOLD AS PAIR**

Part# 709
 36" x 9" 7" Leg

One piece components that cover the trailer gap to make loading carts, toolboxes, dollies, low front ends, etc. trouble free. Mounts to the inside of your trailer and flips up/down when you open/close your trailer door. Built with a formed angle to assist with easy loading. No welded pieces.

FUEL JUG RACKS

1 Bay 12.125"W x 12"D Part# 180
 2 Bay 23"W x 12"D Part# 181
 3 Bay 34.5"W x 12"D Part# 182
 4 Bay 46"W x 12"D Part# 183

Safely store your fuel in your trailer. Holds round or square 5 gallon fuel jugs. Also stores jack stands and air bottles. Open bottom and back. Mount easily on your trailer floor. **Bottoms can be installed. Call for pricing.**

STACKED 4 BAY FUEL JUG RACK
 Part# 481

23"W x 43"H x 11.375"ID

Are you limited on trailer space? Our Stacked Fuel Jug Racks takes up less floor space but hold more jugs! Mount on floor of trailer and secure to wall. Full back and bottom for fuel jugs. Fits round & square 5 gallon plastic fuel jugs only.
