

SEA EAGLE®

Spring
2016

- **New RazorLite™ Kayaks**
- **New Travel Canoe™**
- **New Wave Slider™ WS4**
- **Redesigned Sea Eagle 9**

Dear Sea Eagle Inquirer or Customer,

Our new Spring catalog shows our very **best** selection of inflatable kayaks, SUPs and boats, whether you consider price, performance, comfort, safety, style or durability. Best of all, we offer Free Ground Shipping, a 6-Month Trial Guarantee and a 3-Year Warranty against manufacturing defects.

Here are some new developments!

- **Sea Eagle Wave Slider™ WS4** raises the bar in fun water toys for rivers or the ocean. Now with removable skegs - use in surf with or without in white water. It takes the thrill of wave riding to a whole new level with it's superior buoyancy, rigidity, tracking ability & portability! Super rugged! See the column to the right.
- **Sea Eagle RazorLite™ 393r1 & 473r1 Kayaks** are world's first all drop stitch constructed inflatable kayaks. Because of their narrower V-hull sides, they paddle faster & easier than any other inflatable kayak! (See page 6 & page 7).
- **Sea Eagle Travel Canoe™ TC16** uses the same all dropstitch technology that was first developed for our RazorLite™ kayaks and recreates the shape and performance of a traditional canoe. For the first time, a traditional canoe is truly portable and inherently buoyant! (See page 19).
- **Sea Eagle Hybrid™ HB96 SUP** our smaller, wider SUP. A great all-around inflatable SUP. Perfect for both flat water and surf, young or old. See page 12.
- **Redesigned Sea Eagle LongBoard LB11 SUP** is our newest redesigned SUP - it features 6" drop stitch material - it performs better because it is more rigid and has greater buoyancy! (See page 13).
- **Patented Sea Eagle NeedleNose™ NN116 & 126 SUPs** - the best paddling iSUPs you can own. The NN 116 & 126 features 6" thick drop stitch material, longer blue EVA footpad with new raised kick tail! (See pages 14 & 15).
- **Redesigned Sea Eagle 9 Motormount Boat** - This all new motormount boat is now far more portable, easier to assemble and less expensive! (See page 3).
- **Spring Sale** on Sea Eagle Boat Packages and Accessories (See page 20).
- **WaterSnake™ Electric Motors** We had these great motors 2 years ago but sold out of them early last Spring. Now they are back on many Sea Eagle Boat Packages. The great advantage of these Australian designed motors is the fact that they can be used both in fresh water and saltwater and they are very light and very reasonable in price. Also shown in Accessories (See page 20).
- **FREE GROUND SHIPPING:** Best of all, we also offer FREE GROUND SHIPPING on all our boat packages within the 48 contiguous states. See page 20 for details.

The Portable World of Sea Eagle Boats!

Sea Eagle boats pack small and can be carried almost anywhere. Lighter and easier to carry than other boats, Sea Eagles store easily in the corner of a garage, a closet or a car trunk. They go from bag to fully inflated in just minutes. With the advent of powerful foot & piston pumps and faster electric inflatable pumps, setting up of your Sea Eagle boat is faster and easier than ever before.

Hassle Free Boating, Healthy Kayaking and Stand Up Paddling!

Sea Eagles reduce costs and hassles normally associated with boating. Maintenance and upkeep are almost eliminated. Docking fees, trailer fees, boat ramp fees are a thing of the past. With Sea Eagle inflatables, you spend more time on the water and less time maintaining and paying for costly upkeep.

Cecil C. Hoge, Jr. (President)

John Hoge (Vice President)

Unique 2-Part Sea Eagle Warranty:

1) "You Must Be Satisfied" 6-Month Trial Guarantee: We offer a 6-month trial guarantee on all Sea Eagle products. If you are dissatisfied for any reason, return within 6 months and get a full refund of your purchase price excluding shipping charges. This allows you to test our boats where their performance really matters — on the water. Boats returned in damaged or dirty condition will be refused or charged a restocking fee at Sea Eagle's discretion.

2) 3-Year Warranty against any Manufacturing Defects: If any part becomes defective, return it for repair or replacement at no charge. Warranty period starts from the date of delivery.

The 2-Part Sea Eagle Warranty does not apply to Motors, Battery Charger & Power Center – which are covered under their own respective manufacturer warranties.

The Wave Slider™ WS4

Tons of fun in whitewater or surf!

The Sea Eagle Wave Slider™ WS4 takes fun to a whole new level! This wave sliding, joy riding inflatable body board is great for adults and children alike! Whether surfing waves or river boarding, this little 4 foot board is something you just can't leave home without! Now with 2 large removable skegs for cutting down waves. Skegs can be removed for white water use so they do not get caught going over rocks. Newest version also features softer EVA foam pad that is easier on the skin and more rocker bow to stern.

Packs small for easy transport in car or airplane! These boards pack down to just 1/6th of their inflated size so you can pack 6 deflated boards in the same space it would take to pack two comparable rigid boards of a similar style. Wave Slider™ has several other important benefits over the traditional body boards:

- Wide, buoyant, stable and easy to ride, especially for larger riders
- Sits higher in the water, paddles fast, easily catches waves and goes fast!
- Deflates to fraction of inflated size and very portable
- Two deep skegs and rigid flat surface provides sharp turning and cutting ability
- Super rugged Double Fabric layer construction. No Dings on this board!

**Please note, the Wave Slider™ is not a towable.*

Start Up Package

- WS4 Wave Slider™
- High Pressure SUP Pump

High Pressure Hand Pump comes standard with the Wave Slider™

Exterior:	48"x28"x3"
Thickness:	3"
Weight:	10 lbs
Material:	1000 Denier Reinforced Drop Stitch
Inflation:	30 Seconds
Weight Capacity:	1 Person or 240 lbs
Deflated:	29"x10"x6"

Standard Features

- 3" Double layer Drop Stitch material for rigidity and inherent buoyancy
- 3" upturn at bow, 1" upturn at stern
- 2 side removable skegs for tracking when you need it
- Front carry handle
- 5-10 PSI air pressure capacity
- Deluxe recessed one-way air valve
- Soft and comfortable blue swirl EVA foam pad on top
- 2 extra fabric layers top & bottom for greater durability and rigidity

Sea Eagle 9

Redesigned for Easier Assembly, Greater Portability And Now Less Expensive!

The Sea Eagle 9 features a rigid high pressure inflatable floor and rigid high pressure seats that deflate and pack up with the boat. These boats are still being used on the Delaware River as commercial river raft rentals.

The SE9 features a rigid I-beam inflatable floor inside a strong nylon fabric cover that allows it to be inflated to 3 psi. This makes the Sea Eagle 9 rigid enough to stand on, yet allows the boat, floor and seats to roll up in the convenient carry bag. The fact that there is also a non-inflated floor makes the Sea Eagle 9 stronger and less subject to punctures.

The Sea Eagle 9 is a fun boat with many uses. It is particularly suited for families who like to camp, fish or run moderate flowing rivers. It will provide many years of use and boating pleasure.

Exterior:	11'x4'8"
Interior:	7'6"x2'4"
Hull Weight:	35 lbs. 63 lbs. with Seats Floor & Motormount
Hull Material:	38 mil K80 PolyKrylar™
Tubes:	15" Diameter
Inflation:	15 Minutes

- Fisherman's Dream Package, Plus
- Motormount Support Bench Seat
- Venom 34 lb. Thrust WaterSnake™ Elec. Motor (Now with 30" shaft)
- Deluxe Sun/Rain Canopy

Sport Kayak SE330

1 or 2 Person Sport Kayak

The SE330 is the second most popular inflatable kayak in the United States of America. Its larger sister, the SE370, is now the most popular inflatable kayak in the United States.

The SE330 has space for one or two paddlers and some gear. It is the ideal vacation kayak to take on camping trips in the mountains or to that island getaway in the depth of winter. Just 26 lbs., this kayak is easy to carry, easy to paddle, yet it will fit in any car trunk and stow in any closet.

The Sea Eagle SE330 kayak makes a great solo kayak and is so reasonable in price that you can buy a couple of kayaks almost for the price of one.

Exterior:	11'2"x34"
Interior:	9'6"x15"
Tubes:	10" Diameter
Hull Weight:	26 lbs.
Hull Material:	33 mil K80 PolyKrylar™
Inflation:	6 Minutes
Weight Capacity:	1-2 Persons or 500 lbs.
Deflated:	24"x16"x7"

- Standard Features**
- NMMA Certified
 - Screw type drain valve that opens and shuts,
 - 5 deluxe one-way air valves on hull, 2 deluxe one-way air valves per seat
 - Sun & saltwater resistant hull material & rigid I-beam floor
 - 2 lashed down inflatable spray skirts with 2 deluxe one-way valves
 - 2 skegs on the bottom for better tracking & speed
 - Inflation monitor, repair kit & printed instructions
 - Bow & stern carry handles
 - Rated for Class III rapids

Pro Solo Package

- SE330 Hull
- One 7'10" AB30 Paddle
- One DKS Seat
- One Carry Bag
- One A41 Foot Pump

America's #2 Inflatable Kayak!

Deluxe Package

- SE330 Hull
- Two 7'10" AB30 Paddles
- Two SEC Seats
- One Carry Bag
- One A41 Foot Pump

Pro Kayak Package

- SE330 Hull
- Two 7'10" AB30 Paddles
- Two DKS Seats
- One Carry Bag
- One A41 Foot Pump

Sport Kayak SE370

Our More Is More Sport Kayak

The SE370 is the most popular inflatable kayak in the USA. Two years in a row, it supplanted our incredibly popular SE330, which is the 2nd most popular inflatable kayak in the USA.

Over a foot longer than the SE 330, the SE370 has more space for gear, kids or a dog. It is ideal to take on camping trips where extra gear is a necessity or for tall paddlers who need a little extra space to stretch out their legs. Still only 32 lbs., this kayak is easy to carry, easy to paddle, yet it will fit in any car trunk and stow in any closet.

The Sea Eagle SE370 kayak also features a heavier 38 mil hull material for added strength, durability and rigidity.

Exterior:	12'4"x34"
Interior:	10'8"x15"
Tubes:	10" Diameter
Hull Weight:	32 lbs.
Hull Material:	38 mil K80 PolyKrylar™
Inflation:	8 Minutes
Weight Capacity:	3 Persons or 650 lbs.
Deflated:	31"x19"x8"

- Standard Features**
- NMMA Certified
 - Screw type drain valve that opens and shuts
 - 5 deluxe one-way screw type air valves on hull
 - Deluxe one-way screw type air valves on seats
 - Sun & saltwater resistant hull material & rigid I-beam floor
 - 2 lashed down inflatable spray skirts
 - 2 skegs on the bottom for better tracking & speed
 - Inflation monitor, repair kit & printed instructions
 - Bow & stern carry handles
 - Rated for Class III rapids

Sport Fishing Package

- SE370 Hull
- One 7'10" AB30 Paddle
- One DKS Seats
- One Multi-purpose Storage Box
- One Carry Bag
- One A41 Foot Pump

America's #1 Inflatable Kayak!

Pro Package

- SE370 Hull
- Two 7'10" AB30 Paddles
- Two DKS Seats
- One Carry Bag
- One A41 Foot Pump

QuikSail™ Package

- Pro Kayak Package, Plus
- QuikSail™ (see page 20)

RazorLite™ 393rl

Our Super Fast, Super Light And Super Portable Solo Travel Kayak!

The Sea Eagle RazorLite™ is the first all drop stitch inflatable kayak in the world.

Drop stitch construction (see diagram below) makes it possible for a very narrow hull width (just 28") in relation to length, which in combination with its sharp rigid bow and stern molds, allows this kayak to attain paddling speeds of up to 6 mph.

This solo kayak is the perfect travel kayak for trips to wilderness lakes, far away bays or island hideaways. It fits in its own backpack carry bag with the seat, paddle and pump. It can even be checked in as luggage in an airline. Because of the narrow drop stitch side pontoons, there is plenty of room in the cockpit for one paddler and a lot of gear.

100s of thousands of drop stitch threads create super rigid narrow rectangular floor and sides

Exterior:	12'10"x28"
Interior:	12'2"x17"
Thickness:	4" Side Chambers 3" Floor Chamber
Hull Weight:	28 lbs.
Hull Material:	1000 Denier All Drop Stitch Reinforced
Inflation:	7 Minutes
Weight Capacity:	1 Person or 500 lbs.
Deflated:	22"x22"x12"

- Standard Features**
- NMMA Certified
 - Unique Patent Pending all drop stitch construction with rigid bow and stern molds for faster paddling
 - 3 Deluxe one way recessed air valves
 - Large removable skeg at rear to control yaw and improve speed
 - 6 D-Rings to secure seat and foot strap
 - Bow and stern grab handles
 - Adjustable footrest attaches to 2 front D-rings
 - Sun & saltwater resistant hull material
 - Inflates at 7 to 10 psi for hard hull paddling performance
 - Nylon backpack, repair kit & printed instructions

Pro Package

- 393rl Hull with Backpack
- One TBS Seat
- One Adjustable Tube Footrest
- One 8' AB40 Paddle
- One High Pressure Piston Pump

This Patent Pending Design features All Drop Stitch Construction with sharp and rigid bow and stern molds for clean entry and clean exit. They roll up easily when kayak is deflated.

High Pressure Piston Pump With Built-in Pressure Gauge & Backpack come standard in both 393rl packages

Pro Carbon Package

- 393rl Hull with Backpack
- One TBS Seat
- One Adjustable Tube Footrest
- One 8' AB50 Carbon Fiber Paddle
- One High Pressure Piston Pump

Because of their narrow profile, RazorLite™ kayaks are recommended for intermediate and above paddlers.

RazorLite™ 473rl

Our Super Fast 15' Tandem Kayak!

The Sea Eagle RazorLite™ 473rl is the newest model in the RazorLite™ series. Now you can comfortably take two people plus gear.

Drop stitch construction (see diagram on page 6) makes it possible for a very narrow hull width in relation to length. This, in combination with sharp rigid bow and stern molds, allows this kayak to attain paddling speeds of up to 6 mph when paddled by one or two paddlers.

This tandem kayak is the perfect travel kayak for long camping trips to wilderness lakes, far away bays or island hideaways. Still super portable and weighing just 38 lbs., the 473rl is far lighter than most 15' kayaks and yet has far more usable space. Best of all, this incredible kayak can even be checked in as luggage.

The narrow drop stitch side pontoons provide plenty of room in the cockpit for two paddlers and a lots of gear.

Exterior:	15'6"x30"
Interior:	14'10"x21"
Thickness:	4" Side Chambers 3" Floor Chamber
Hull Weight:	38 lbs.
Hull Material:	1000 Denier All Drop Stitch Reinforced
Inflation:	8 Minutes
Weight Capacity:	2 Persons or 750 lbs.
Deflated:	30"x19"x9"

- Standard Features**
- NMMA Certified
 - Unique Patent Pending all drop stitch construction with rigid bow and stern molds for faster and easier paddling
 - 3 Deluxe one way recessed air valves
 - Large removable skeg at rear to control yaw and improve speed
 - 6 D-Rings to secure seat and foot strap
 - Bow and stern grab handles
 - Adjustable footrest attaches to 2 front D-rings
 - Sun & saltwater resistant hull material
 - Inflates to 7 to 10 psi for hard hull paddling performance
 - Nylon backpack, repair kit & printed instructions

Pro Package

- 473rl Hull with Backpack
- Two TBS Seats
- Two Adjustable Tube Footrests
- Two 8' AB40 Paddles
- One High Pressure Piston Pump

This Patent Pending Design features All Drop Stitch Construction with sharp and rigid bow and stern molds for clean entry and clean exit. They roll up easily when kayak is deflated.

Pro Carbon Package

- 473rl Hull with Backpack
- Two TBS Seats
- Two Adjustable Tube Footrests
- Two 8' AB50 Carbon Fiber Paddles
- One High Pressure Piston Pump

100s of thousands of drop stitch threads create super rigid narrow rectangular floor and sides

Because of their narrow profile, RazorLite™ kayaks are recommended for intermediate and above paddlers.

High Pressure Piston Pump With Built-in Pressure Gauge & Backpack come standard in both 473rl packages

FastTrack™ 385ft

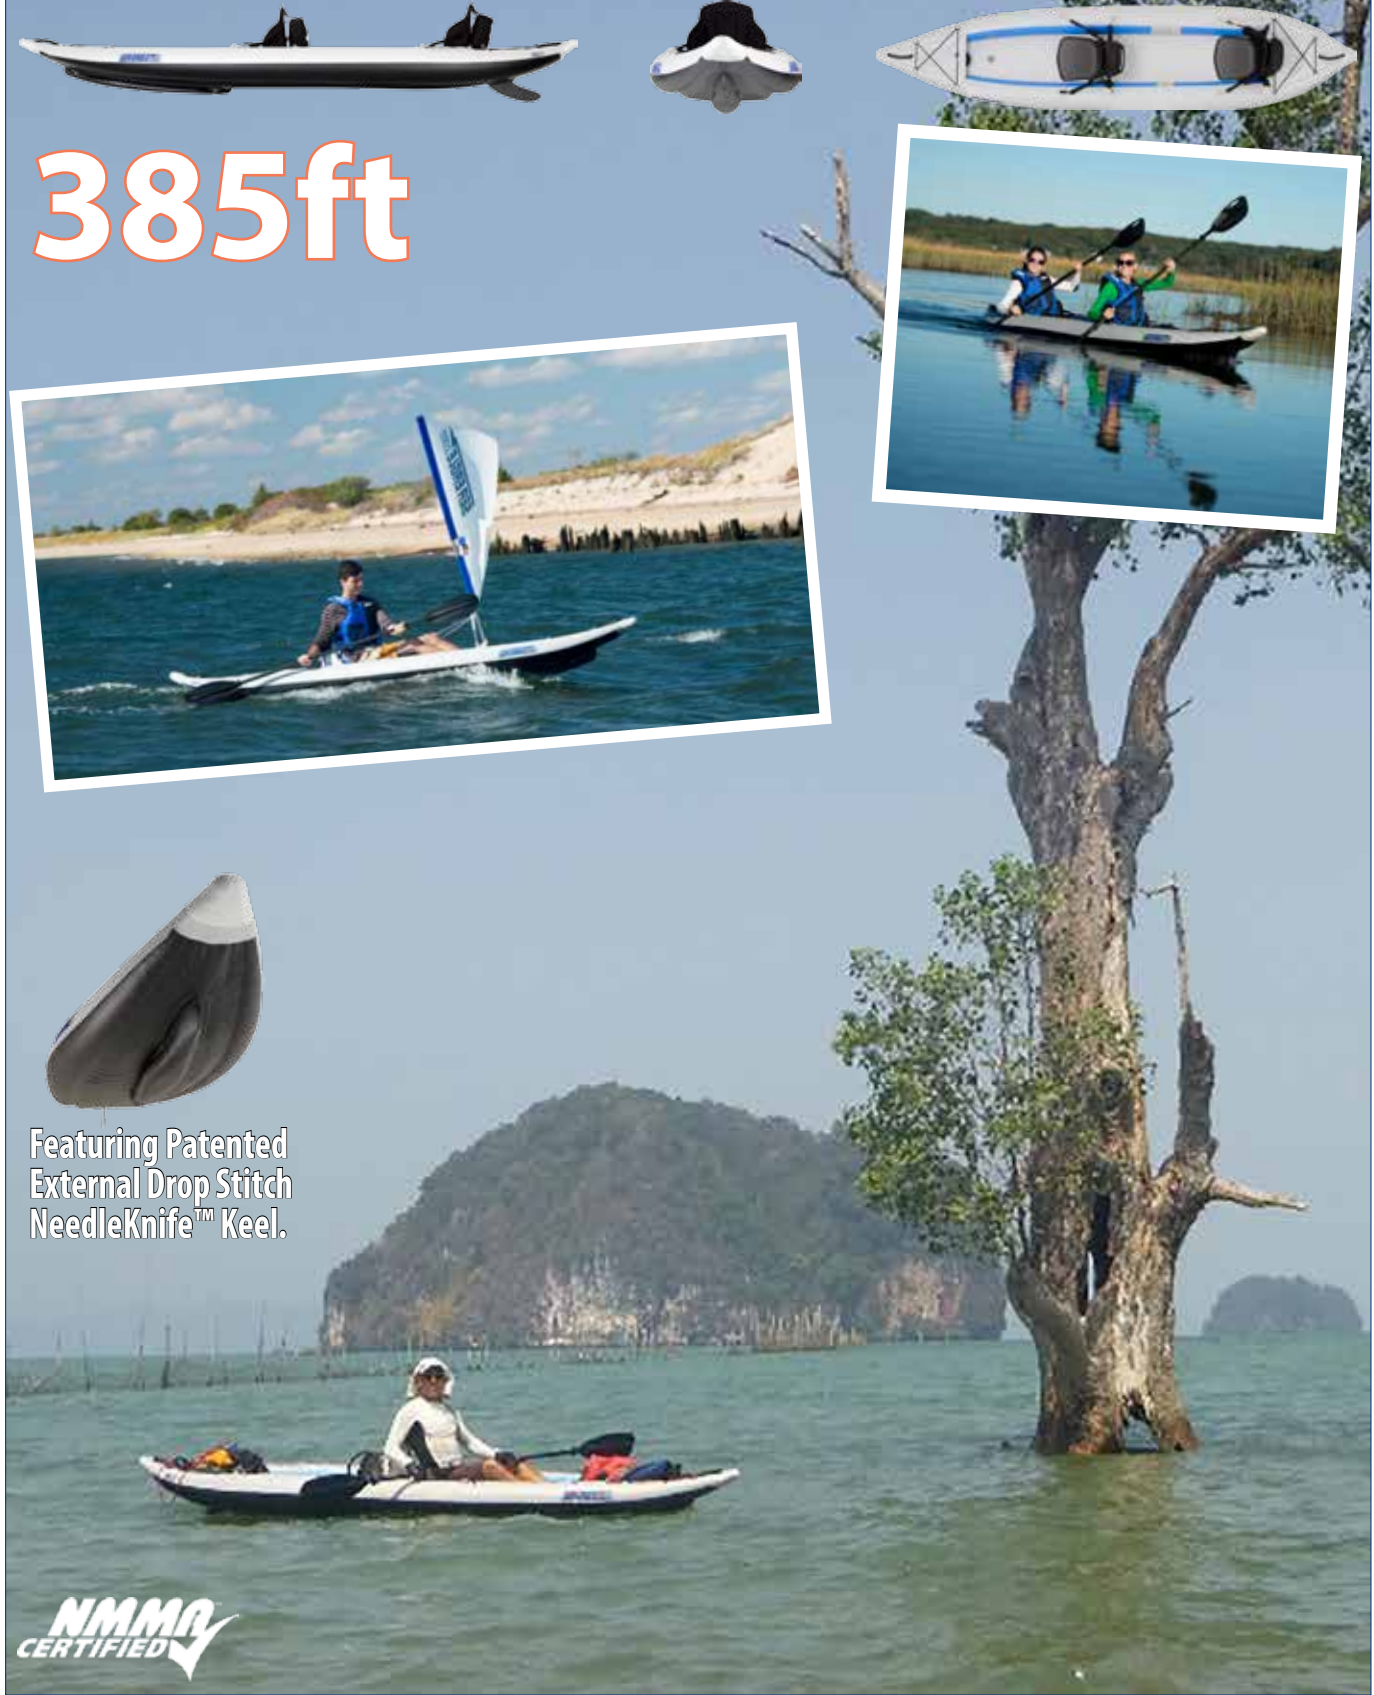

Sleeker, Faster & Lighter - Featuring "NeedleKnife™" Keel Design!

Sea Eagle FastTrack™ Kayaks are now sleeker, faster and lighter!

Our sleek, curved Sea Eagle FastTracks™ now have state of the art "NeedleKnife™" Rigid Molds at both the front and back of our external high pressure drop stitch keel. This provides cleaner entry and cleaner exit through current, wind, waves & water and allows the 385ft to paddle faster & easier with greater glide.

The Sea Eagle FastTrack™ 385ft is perfect for big lakes, open bays, long meandering rivers and intimate salt marshes. The FastTrack™ 385ft is comfortable for one paddler and a lot of gear or two paddlers with limited gear.

A real fishing kayak when rigged with our Swivel Seat Fishing Rig.

Featuring Patented External Drop Stitch NeedleKnife™ Keel.

Exterior:	12'6"x36"
Interior:	11'7"x18"
Tubes:	9.5" Diameter
Hull Weight:	32 lbs.
Hull Material:	1000 Denier Reinforced
Inflation:	7 Minutes
Weight Capacity:	3 Persons or 635 lbs.
Engine Capacity:	34 lb. Thrust Electric, 15 lb. Max. Wt
Deflated:	25"x18"x8" 

- Standard Features**
- NMMA Certified
 - Patented (U.S. Patent #8,286,573 2) outside drop stitch high pressure keel with rigid NeedleKnife™ bow mold for fast and true tracking
 - 4 Deluxe one way recessed air valves
 - 2 screw type drain valves that open and shut
 - Bow & stern deck rigging
 - Separate inner high pressure drop stitch floor for greater rigidity and structural strength
 - Large removable skeg at rear to control yaw and improve speed
 - 6 D-Rings to secure seats
 - Bow and stern grab handles
 - 2 side carry handles
 - Sun & saltwater resistant hull material
 - Nylon carry bag, repair kit & printed instructions
 - Rated for Class II rapids.

Deluxe Solo Package

Swivel Seat Fishing Rig Package

- 385ft Hull with Kayak Bag
- One 7'10" AB30 Paddle
- One Swivel Seat Fish Rig With Two Scotty Rod Holders
- One A41 Foot Pump

QuikSail™ Package

- 385ft Hull with Kayak Bag
- Two 8' AB40 Paddles
- Two TBS Seats
- Two Small Kayak Stow Bags
- One A41 Foot Pump
- Sea Eagle QuikSail™

FastTrack™ 465ft

Bigger, Sleeker & Faster But Still A Light Kayak for 1, 2 or 3 Paddlers

The FastTrack™ 465ft is longer and has more weight capacity than the 385ft. It's designed for paddlers who want more room so they can paddle with their family and friends. Whether you use it with 2 people and a lot of gear or with 3 people and some gear, it will always paddle straight and true.

The 465ft features "NeedleKnife™" Rigid Molds at both the front and back of the external drop stitch inflatable keel. This patented feature allows the 465ft to cut through current, wind, waves and water! Should you not always want to paddle, our Pro Motor Package (not shown) gives you the option to cruise electrically for a spell. You can also add the optional QuikSail for downwind runs.

Featuring Patented External Drop Stitch NeedleKnife™ Keel.

Exterior:	15'3"x36"
Interior:	14'2"x18"
Tubes:	9.5" Diameter
Hull Weight:	38 lbs.
Hull Material:	1000 Denier Reinforced

- One A41 Foot Pump

Pro Kayak Package

- 465ft Hull with Kayak Bag
- Three 8' AB40 Paddles
- Three TBS Seats
- Two Small Kayak Stow Bags
- One A41 Foot Pump

Explorer™ 300x

The Smaller Solo Explorer for Up Close & Personal Whitewater Thrills

This is the ideal one man whitewater kayak. With it's 16 drain valves this little kayak drains like a demon and handles steep drops, hydraulics, upstream eddies and even ocean waves as if it was born to the task.

This kayak is lighter than any of our Explorer kayaks, at just 28 lbs. It is easier to transport, easier to stow and easier to carry.

Made of the same super strong 1000 denier reinforced material, this kayak is just as rugged as larger Explorers, the 380x and the 420x. Its smaller size also makes it more responsive and more maneuverable for one person in white water.

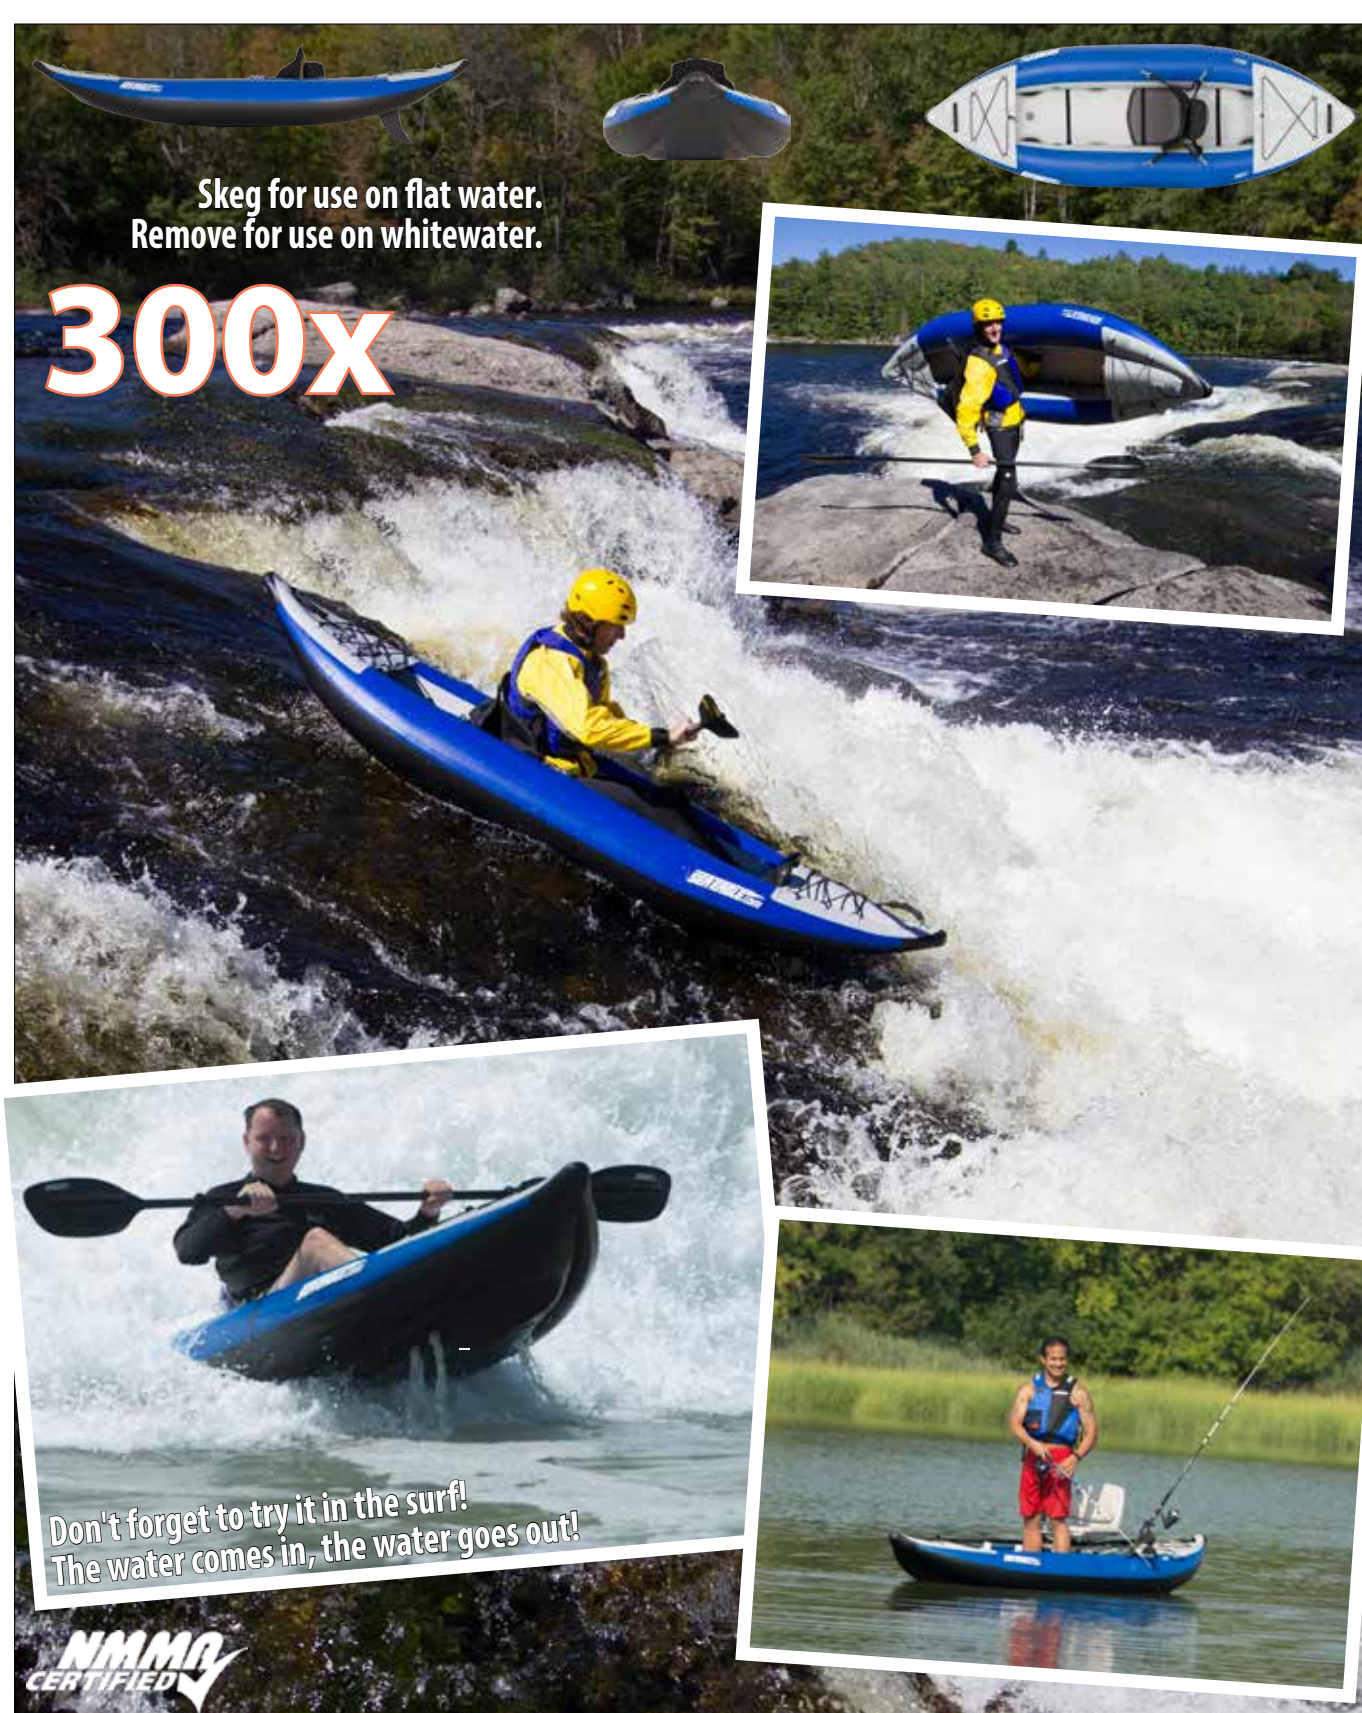

The new Swivel Seat Fishing Rig package turns this great surf and whitewater kayak in to a truly effective fishing machine.

The Explorer™ 300x is ideal for one person and enough camping gear to stay out on a river for 2 or 3 days.

Exterior:	9'10"x39"
Interior:	8'9"x16"
Tubes:	11.5" Diameter
Hull Weight:	28 lbs.
Hull Material:	1000 Denier Reinforced
Inflation:	5 Minutes
Weight Capacity:	1 Person or 395 lbs
Deflated:	24"x16"x6"

Standard Features

- NMMA Certified
- 3 Deluxe one-way recessed air valves
- Front & stern carry handles
- 16 screw type self-bailing open/shut drain valves
- Large Removable Skeg for Flatwater Touring
- 2 side carry handles

- One TBS Seat
- One Small Kayak Stow Bag
- One A41 Foot Pump

Swivel Seat Fishing Rig Package

- 300x Hull with Kayak Bag
- One 7'10" AB30 Paddle
- One Swivel Seat Fishing Rig With 2 Scotty® Rod Holders
- One A41 Foot Pump

Explorer™ 380x

Wet And Wild, High And Dry... On White Water Or Open Water

First introduced in 1976, the Explorer™ 380x is one of our oldest continuously offered kayaks. We redesigned this series to improve their shape, bailing ability in whitewater, comfort and paddling speed on flat water. Not only do these kayaks look better, they perform better on whitewater and on open water because of the rounded symmetrical shape and because the 16 self-bailing drain valves can be used open or shut.

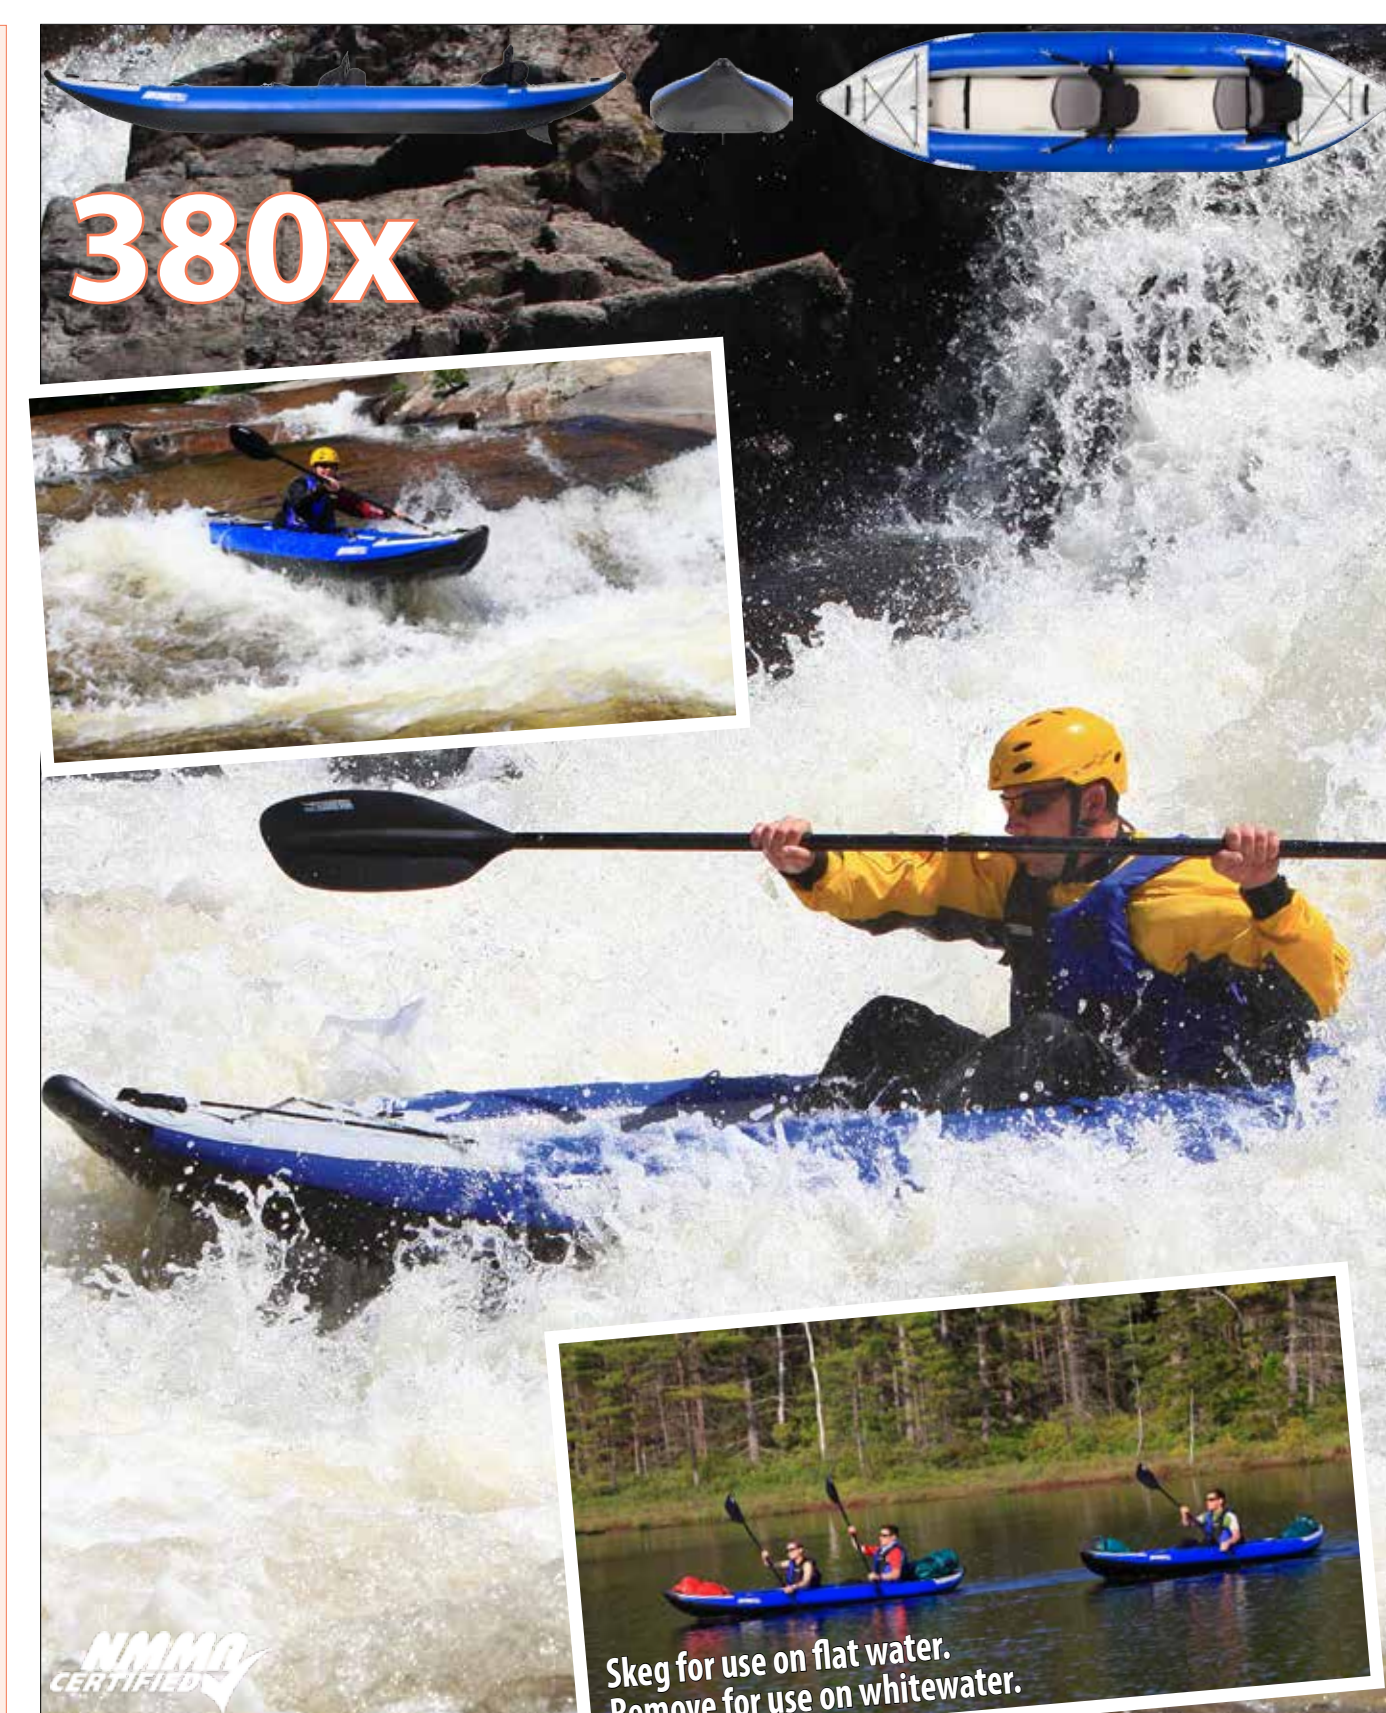

The 380x is light enough for one person to handle & roomy enough for 2 persons and gear. Best of all, because of the electronic horizontal seam system and computer controlled cutting system, the 380x is now considerably lighter in weight without sacrificing either the strength or durability.

The 380x model has been the most popular size Explorer.

Exterior:	12'6"x39"
Interior:	11'9"x15"
Tubes:	11.5" Diameter
Hull Weight:	38 lbs.
Hull Material:	1000 Denier Reinforced
Inflation:	8 Minutes
Weight Capacity:	2-3 Persons or 750 lbs.
Engine Capacity:	34 lb. Thrust Electric, 15 lb. Max. Wt.
Deflated:	31"x20"x9"

WaterSnake® ASPT24 Motor for Saltwater & Freshwater

HyBrid™ HB96

Our Smallest, Toughest, Most Versatile SUP For River, Sea & Surf

The HB96 is small, tough and versatile. Just 9' 6" long, 32" wide, made with an extra heavy outer layer for bullet proof toughness and 6" drop stitch construction for best rigidity, this SUP is designed for rivers, bays and ocean.

We now use 6" drop stitch material with 2 additional layers of extra thick material to provide the greatest strength, rigidity and puncture resistance.

The HB96 is a great choice for beginner or expert, male or female. This model can be used standing or sitting in the surf or rivers. The wider stance (32") makes it more stable in these conditions and also makes it suitable for fishing or yoga.

The New Swivel Seat Fishing Rig package turns the HB 96 into a very lightweight, very portable and very functional fishing platform that can go almost anywhere there are fish!

HB96

Exterior:	9'6"x32"x6"
Thickness:	6"
Hull Weight:	23 lbs.
Hull Material:	1000 Denier Reinforced Drop Stitch
Inflation:	4 Minutes
Weight Capacity:	1 Person or 175 lbs
Deflated:	34"x13"x7"

- Standard Features**
- 6" Drop Stitch Material for greatest rigidity & buoyancy
 - World's first and only paddle pocket for quickly securing paddle
 - 4" upturn at bow for surf,
 - Large removable center skeg at rear
 - 2 side skegs for tracking
 - Front carry handle
 - Elastic cords & D-Rings at bow to stow gear
 - D-Rings for center seat, Large rear D-Ring for leash
 - Middle fabric carry handle
 - 14 PSI air pressure capacity
 - Deluxe one-way recessed air valve
 - Longer EVA blue diamond foam footpad on top with kicktail at rear
 - 2 extra fabric layers top & bottom for greater durability and rigidity

- BP12 High Pressure Electric Pump Without Battery (page 20)

High Pressure Piston Pump With Built-in Pressure Gauge & Backpack come standard in all SUP packages

LongBoard LB11

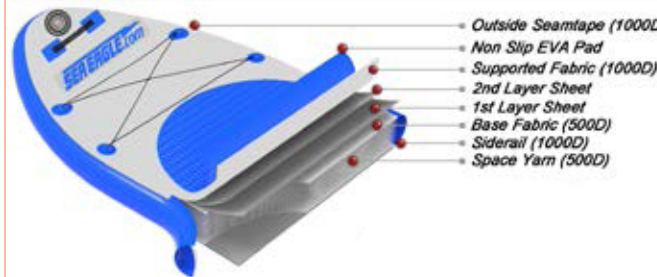

The Lightest and Most Packable SUP In the Land

Most Standup Paddleboards, inflatable or otherwise, weigh 30 or more pounds. Our LB11 weighs a mere 22 lbs. We achieve this by using layers of lightweight materials that inflate up to 15 PSI and make an incredibly rigid SUP.

We now use 6" drop stitch material with 2 additional layers of material to provide the greatest strength to weight ratio possible. The 6" thickness and double layer construction provides super rigidity for the SUP and protection top and bottom against punctures.

The LB11 is a great choice for beginner or expert, male or female. This model is very light weight, has thoughtfully designed features and is extremely portable. It's a great choice to take on your holiday.

The LB11 is our most popular all-around Standup Paddleboard.

Exterior:	11'x30"x6"
Thickness:	6"
Hull Weight:	22 lbs.
Hull Material:	1000 Denier Reinforced Drop Stitch
Inflation:	5 Minutes
Weight Capacity:	1 Person or 200 lbs.
Deflated:	32"x14"x8"

Standard Features

- 6" Drop Stitch Material for greatest rigidity and buoyancy
- 4" upturn at bow, 2" upturn at stern
- Large removable center skeg at rear
- 2 side skegs for tracking
- Front carry handle
- D-Rings for center seat
- Large rear D-Ring for leash
- Middle fabric carry handle
- 15 PSI air pressure capacity
- Upturned bow for surf
- Elastic cords & D-Rings at bow to stow gear
- Deluxe one-way recessed air valve
- Longer EVA blue diamond foam footpad on top with kicktail at rear
- 2 extra fabric layers top & bottom for greater durability and rigidity
- Backpack, repair kit & instructions

LB11

3 Skegs — 1 large & removable, 2 permanently mounted side skegs. Upturned bow for surf or lake!

Take a break and sit for a bit

6" drop stitch material for greater rigidity and buoyancy!

- LB11 SUP with Backpack
- 7"10" AB30 4-Part Paddle
- 3-Part Adjustable SUP Paddle
- Deluxe Kayak Seat
- High Pressure Piston Pump

High Pressure Piston Pump With Built-in Pressure Gauge & Backpack come standard in all SUP packages

Electric Pump Package

- LB11 SUP with Backpack
- 3-Part Adjustable Carbon Shaft ABS Blade SUP Paddle
- High Pressure Piston Pump
- BP12 High Pressure Electric Pump Without Battery

NeedleNose™ NN116

Wave Piercing Bow
Makes This SUP Fast!

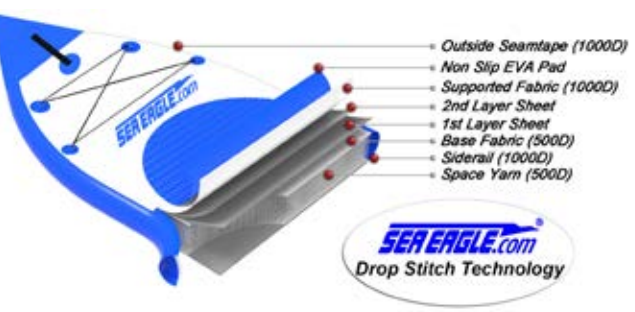

Want to go fast? The razor sharp bow of the NN116 slices through the water like no other inflatable SUP on the planet. The straight-line hull design and the longer length to width ratio plus thicker, more rigid 6" drop stitch material make the Sea Eagle NeedleNose™ 116 the one of the sleekest and fastest inflatable SUPs in the world like our NN126 & NN14.

The NN116 size is ideal for medium to lighter weight men and perfect for women who want the lightest weight board with the fastest speed. The razor sharp bow makes long paddling trips much easier, faster and more enjoyable.

The Sea Eagle NeedleNose™ NN116 is the most packable and lightest weight NeedleNose™. Simply put, this a serious paddling machine!

NN116

Exterior:	11'6"x30"x6"
Thickness:	6"
Hull Weight:	23 lbs.
Hull Material:	1000 Denier Reinforced Drop Stitch
Inflation:	6 Minutes
Weight Capacity:	1 Person or 200 lbs.
Deflated:	32"x15"x9"

- Standard Features**
- Patented (US Patent#8,821,204) razor sharp V-bow with NO UPTURN to pierce waves and water
 - 6" Drop Stitch Material for greatest rigidity and buoyancy
 - Hydrodynamic curved touring shape for speed
 - Diamond deck EVA foam pad with custom performance kick tail
 - Large removable rear center skeg
 - 2 side skegs for tracking
 - Front carry handle, Middle fabric carry handle
 - Elastic cords & D-Rings at bow to stow gear
 - D-Rings for center seat, Large rear D-Ring for leash
 - 15 PSI air pressure capacity
 - Deluxe recessed one-way air valve
 - 2 extra fabric layers top & bottom for greater durability and rigidity
 - Backpack, repair kit & instructions

Start Up Package

- NN116 SUP with Backpack
- 3-Part Adjustable SUP Paddle
- High Pressure Piston Pump

Patented NeedleNose™ Design is easier and faster to paddle!

The Wave Piercing Effect of the Patented NeedleNose™ bow.

Deluxe Package

- NN116 SUP with Backpack
- 7'10" AB30 4-Part Paddle
- 3-Part Adjustable SUP Paddle
- Deluxe Kayak Seat
- High Pressure Piston Pump

High Pressure Piston Pump With Built-in Pressure Gauge & Backpack come standard in all SUP packages

Electric Pump Package

- NN116 SUP with Backpack
- 3-Part Adjustable Carbon Shaft ABS Blade SUP Paddle
- High Pressure Piston Pump
- BP12 High Pressure Electric Pump Without Battery (page 20)

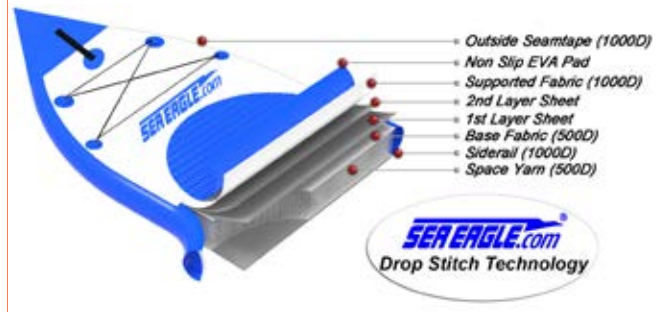

NeedleNose™ NN126

Wave Piercing Bow & Longer Length Makes This SUP Faster!

Want to go even faster? The NN126 is the real deal and a true paddle machine. The razor sharp bow and the longer length to width ratio makes this model faster. The straight-line hull and the more rigid 6" drop stitch material make the Sea Eagle NeedleNose™ 126 one of the sleekest and fastest inflatable SUPs in the world like our NN126 & NN14.

The extra foot of length gives more space for a dog or extra gear. The razor sharp bow cuts through water, wind and waves making long distance paddling trips easier, faster and more enjoyable.

The Sea Eagle NeedleNose™ NN126 is the most popular NeedleNose™ model. Simply put, the NN126 is a serious paddling machine!

Exterior:	12'6"x30"x6"
Thickness:	6"
Hull Weight:	25 lbs.
Hull Material:	1000 Denier Reinforced Drop Stitch
Inflation:	7 Minutes
Weight Capacity:	1 Person or 225 lbs.
Deflated:	32"x16"x10"

- Standard Features**
- Patented (US Patent#8,821,204) razor sharp V-bow with NO UPTURN to pierce waves and water
 - 6" Drop Stitch Material for greatest rigidity and buoyancy
 - Hydrodynamic curved touring shape for speed
 - Diamond deck EVA foam pad with custom performance kick tail
 - Large removable rear center skeg
 - 2 side skegs for tracking
 - Front carry handle, Middle fabric carry handle
 - Elastic cords & D-Rings at bow to stow gear
 - D-Rings for center seat, Large rear D-Ring for leash
 - 15 PSI air pressure capacity
 - Deluxe recessed one-way air valve
 - 2 extra fabric layers top & bottom for greater durability and rigidity
 - Backpack, repair kit & instructions

NN126

3 Skegs — 1 large & removable, 2 permanently mounted side skegs.

Need a change? The NeedleNose™ can always be paddled sitting down!

6" drop stitch material for greater rigidity and buoyancy!

The NeedleNose™ features Diamond Deck EVA Foam Pad with custom performance Kick Tail. It can be paddled standing back of center for better turning or further forward for more speed. Standing forward lowers the bow to slice through waves and go faster. Optional SUP leash shown.

Start Up Package

Swivel Seat Fishing Rig Package

- NN126 SUP with Backpack
- 3-Part Adjustable SUP Paddle
- High Pressure Piston Pump
- Swivel Seat Fishing Rig & 2 Scotty® Rod Holders

285fpb Frameless Pontoon Boat

The Mean Green Fishing Machine

The HUNTER GREEN 285fpb features genuine Scotty® mounts for rod holders, optional quick release pedestal swivel seat system for easy 360° fishing and full access to the cockpit. The convenient release-a-seat mount makes setup & take-down easy.

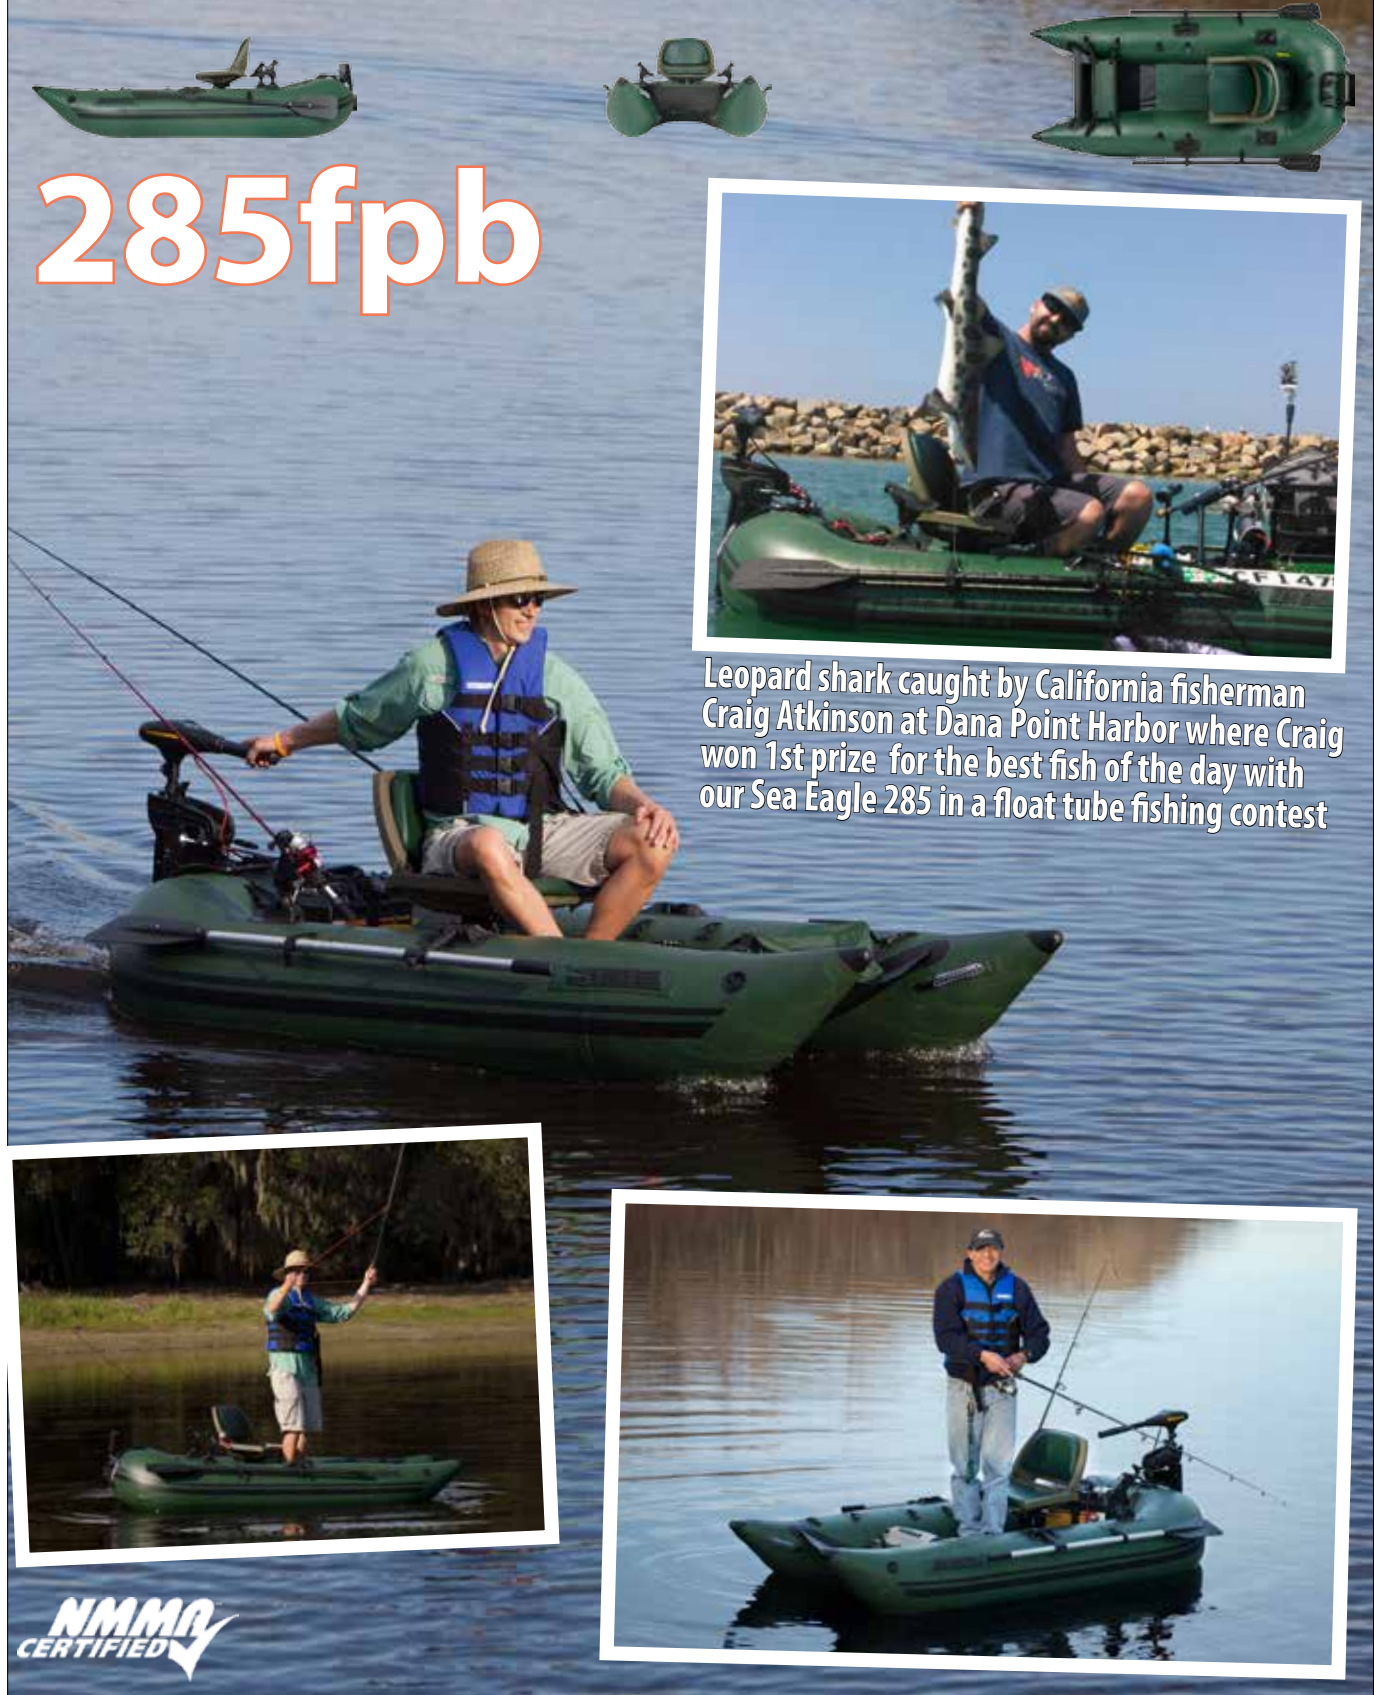

This ultra-portable boat weighs just 42 lbs. with wood floorboard & motormount, packs in a small bag that fits in a car trunk and sets up in 5 minutes.

The optional motormount accepts an electric motor or up to 3 hp gas engine for easy motoring. The optional swivel seat allows the fisherman to sit even higher and turn 360°. The wooden floorboard provides the fisherman with a platform to stand up and cast.

The 285fpb can be used on remote ponds, small or large lakes, wilderness rivers, inland bays or saltwater flats.

Exterior:	9'x4'
Interior:	6'2"x1'4"
Hull Weight:	30 lbs., 42 lbs. w/ Wood Floor & Motormount
Hull Material:	1000 Denier Reinforced
Tubes:	16" Diameter
Inflation:	5 Minutes
Weight Capacity:	1 Persons or 450 lbs.
Motor Capacity:	3 hp, 15" Shaft, 45 lb. Max Wt. Or 55 lb. Thrust Electric
Deflated:	

- Standard Features**
- NMMA & CE Certified
 - Hunter Green color
 - 2 Built-in Scotty® Mounts
 - Full fabric floor
 - Swivel Seat
 - Step bench/footrest
 - 4 carry handles
 - Front and stern stow bags
 - Motormount fittings for electric or 3 hp gas engine
 - Raised oarlocks for better rowing
 - Green Inflatable High Fishing Seat or 360° Pedestal
 - Nylon carry bag, repair kit & instructions
 - Sun and saltwater resistant hull material

285fpb

Leopard shark caught by California fisherman Craig Atkinson at Dana Point Harbor where Craig won 1st prize for the best fish of the day with our Sea Eagle 285 in a float tube fishing contest

NMMA CERTIFIED

Deluxe Package

- 285fpb Hull w/Boat Bag
- Green Inflatable High Fishing Seat
- 5' AB285 Oar Set
- Clip-On Stow Bag
- A41 Foot Pump

Field Tested & Approved by the North American Fishing Club. **Rated 9.6 out of 10.**

Pro Package

- Deluxe Sun/Rain Canopy

New longer 30" shaft WaterSnake® Venom 34 Motor for Saltwater & Freshwater

FoldCat™ 375fc

Mean Green FoldCat™ for 1 or 2

The Sea Eagle FoldCat™ 375fc has been a favorite of fishermen for over 10 years. This is because it offers a higher standing platform and more usable space for fishing. The 2 swivel seats provide 360 degree sit-down fishing and aluminum crossboards provide stable, stand-up fishing in both calm & rough waters. This great fishing boat is still small and compact enough to fit in a car trunk. Weighing only 75 lbs. this new boat is light enough to be carried easily by 2 anglers from car to water.

Now featuring up to 4 Scotty™ rod-holders that can accommodate many other Scotty™ accessories, raised oarlocks and oars that really propel the craft, a motormount that takes an electric or gas motor up to 4 hp, pedestal swivel seats that sit you higher and a full deck that doesn't lose gear or fish when you drop something.

375fc

 - 4 universal Scotty® mount pads
 - 4 carry handles
 - 3 hp motormount for gas & electric motors
 - Nylon carry bag, repair kit & instructions
 - Sun and saltwater resistant hull material

Travel Canoe™ TC16

The Traditional Canoe Has Been Re-invented...

We have applied our patent pending drop stitch kayak construction technology (the same as used on our patent pending RazorLites) to create the classic shape of the rigid canoes. The Sea Eagle Travel Canoe is unique!

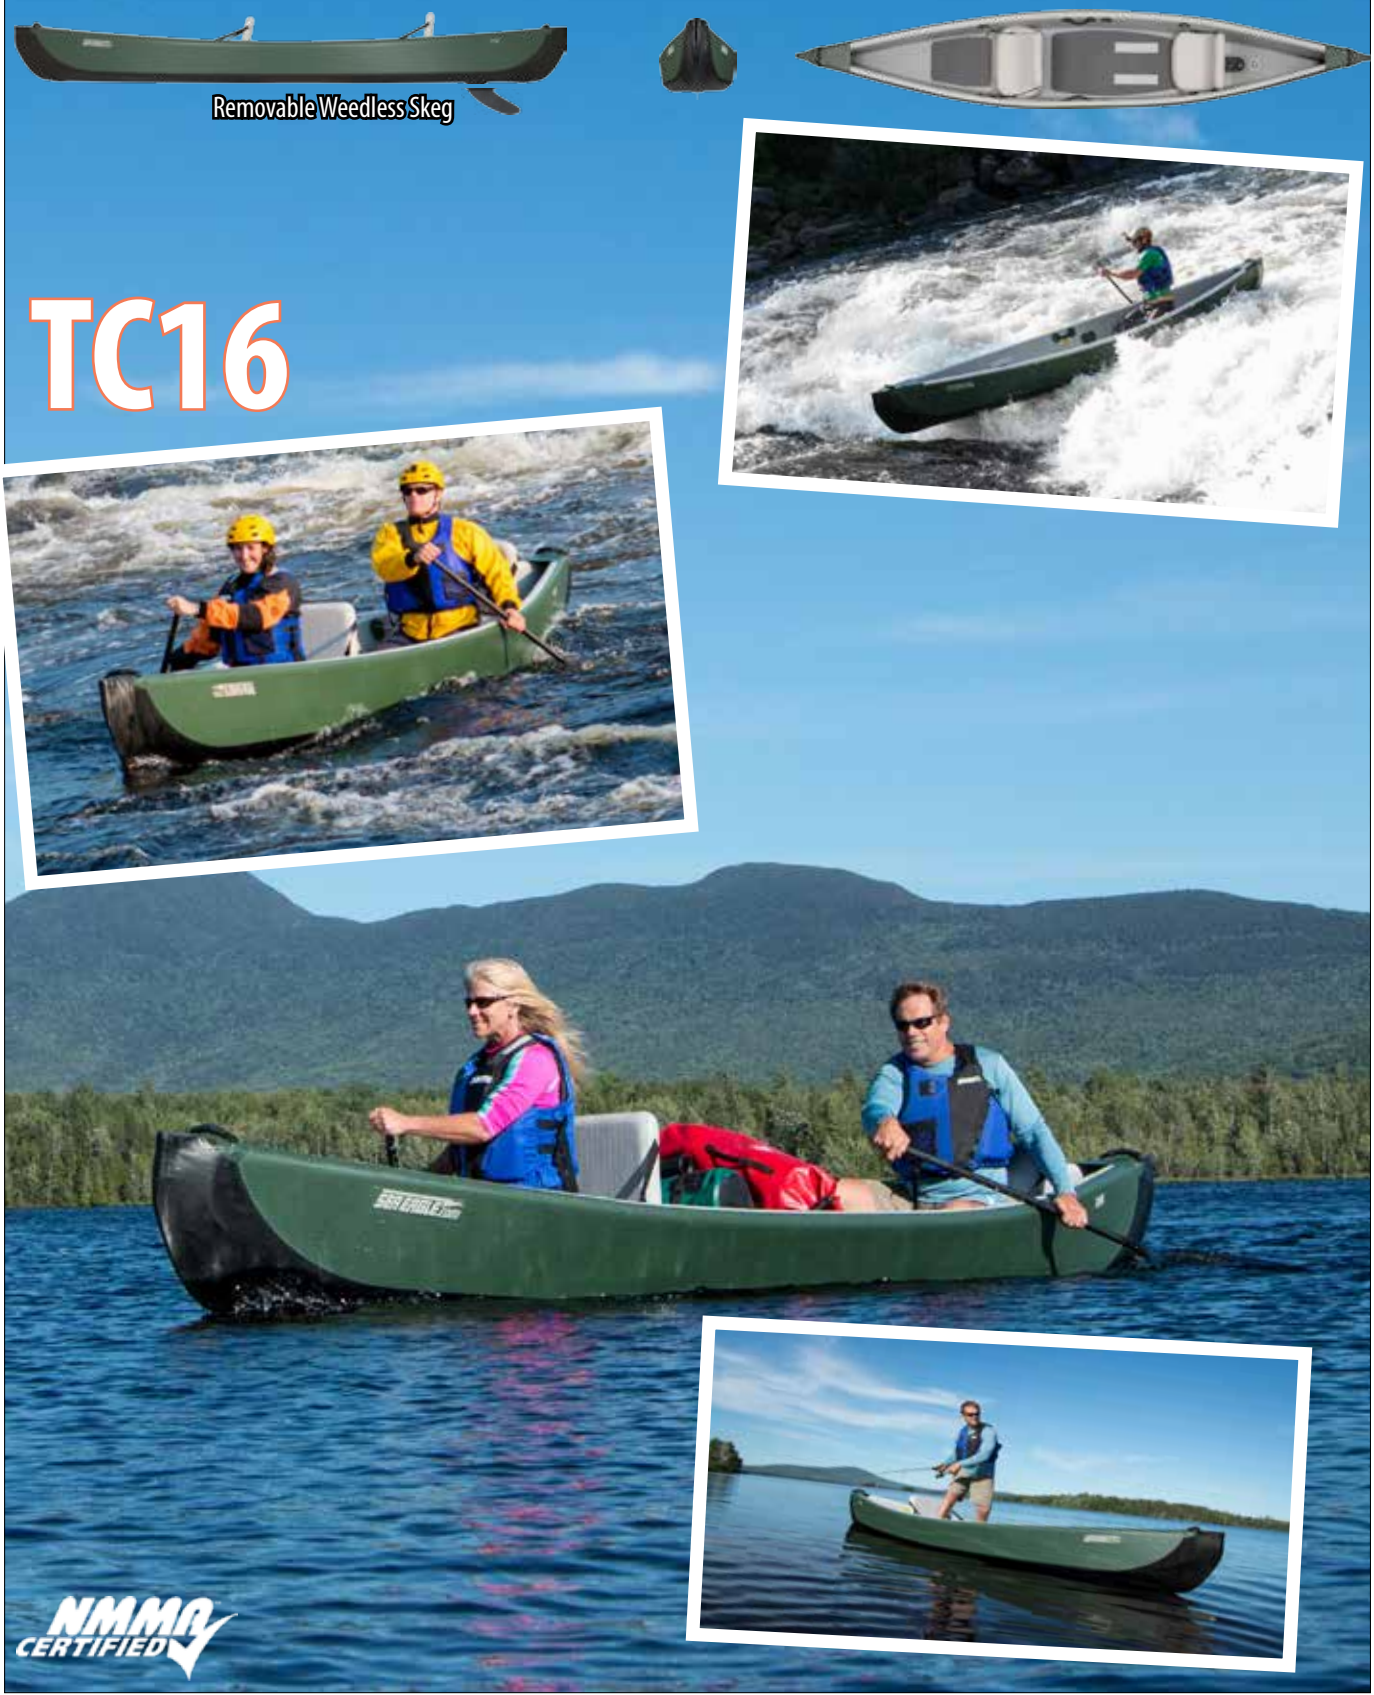

Revolutionary benefits:

- Unbelievably tough because of double wall construction with extra fabric layers inside and out on all sides of the drop stitch material.
- Far safer - cannot capsize or sink because the 3 main air chambers provide inherent buoyancy.
- Fast to paddle - goes up to 5 mph with one, two or three paddlers - and light to carry - just 60 lbs.
- Far more stable than traditional canoes - can even be paddled standing up.
- Far more comfortable than traditional canoes because of our super comfortable drop stitch inflatable seats with backrests.
- Anti-skid EVA foam diamond-deck pads on floor provide more secure footing for getting in and out of the canoe.
- Large removable swept back skeg provides tracking on open water and can be removed for whitewater.
- Floor drain valves open to drain out water when needed and close when paddling on open water.
- Can be paddled solo with one seat or tandem with 2 people & loads of gear or by 3 people.
- Packs down to a fraction of its inflated size.
- Stows in its carry bag in a car trunk or closet.
- Can be checked in as luggage on any airline.

Exterior:	16'x38"
Interior:	15'2"x25"
Thickness:	3" Side Chambers & Floor.
Hull Weight:	60 lbs.
Weight Capacity:	3 Persons or 915 lbs.
Hull Material:	1000 Denier Double Drop Stitch Construction
Inflation:	7-9 Minutes
Deflated:	39"x24"x12"

Standard Features

- NMMA Certified
- Double wall construction on all air chambers, inside and out, provide greatest possible strength, rigidity, puncture & abrasion resistance
- Unique Patent Pending all drop stitch construction with rigid bow/stern molds for easy & fast paddling
- 3 one way recessed Halkey Roberts style air valves
- Large removable swept back skeg at rear to control yaw and improve speed
- 6 D-Rings to secure seats
- 4 Open & close floor drains
- Bow and stern grab handles
- Sun & saltwater resistant hull material
- Rated for up to Class IV whitewater
- Inflates to 10 psi for hard hull paddling performance
- Nylon carry bag, repair kit & printed instructions

- 3 Adjustable Single Blade Paddles
- High Pressure Piston Pump

2 Person Start Up Package

- TC16 Hull with Carry Bag
- 2 Drop Stitch Seats with Backrests
- 2 Adjustable Single Blade Paddles
- High Pressure Piston Pump

3 Person Electric Pump Package

- TC16 Hull with Carry Bag
- 3 Drop Stitch Seats with Backrests
- 3 Adjustable Single Blade Paddles
- High Pressure Piston Pump
- High Pressure BP12 Electric Pump

Drop Stitch Construction Explained
Hundreds of thousands of drop stitch threads create narrow inflatable sides and floor that can be inflated at high pressure to make a super rigid flat floor and narrow sides.

Rigid bow and stern molds provide clean entry and clean exit and they roll up easily with the canoe when deflated.

Ultralight 60 lb. Hull packs down to 39"x24"x12"

ACCESSORIES

NEW Swivel Seat Fishing Rig for Kayaks And SUPs

Shown on **300X**

Shown on **HB96**

This Sea Eagle® Swivel Seat Fishing Rig with Scotty® Rod Holders turns our SUPs and all our FastTrack and Explorer kayaks into true fishing machines. So simple, this lightweight frame reliably holds a swivel seat with 2 Scotty™ Rod Holders. It straps down to D-rings already on our SUPs and Kayaks. *Weights just 15 lbs.* fully assembled. Can be carried fully assembled, or taken apart to stow more compactly. Turns any of these models into true fishing machines. Please specify model you will use this accessory with. Not for **SE330** & **SE370**. *Item Number: SSFR*

Sea Eagle QuikSail™ — The Universal Kayak or SUP Sail

Easy to deploy, easy to stow, this “down wind” sail can move a kayak or SUP up to 7 knots and can be steered 30 degrees to the left or right using your paddle as a rudder or by adjusting the angle of the sail. The Sea Eagle QuikSail™ works well with all Sea Eagle Kayaks. Sea Eagle SUPs and most other inflatable and rigid kayaks.

The Sea Eagle QuikSail™ enhances and broadens the experience of kayaking and paddle boarding. You can use this sail in many ways...kayakers can go really long distances and carry heavy loads with no effort. Exercise enthusiasts can paddle against the wind for exercise, take a break and sail back. Bird lovers will discover that they can sneak up on birds and silently get closer so you can take great photographs. Fishermen will find that you can use this sail to silently troll for unsuspecting fish who would otherwise be scared away by the sound of paddling. And for those who want to mix sailing and paddling, you will find you can sail and paddle at the same time. QuikSail™ packs to 43" x 3", weighs just 2 lbs. and comes in its own nylon carry bag

WARNING: The QuikSail™ is a Serious Sailing Machine! Don't let this little sail fool you! It will propel a kayak in the lightest breeze and it can easily handle a 15 to 20 mile an hour wind. But be careful where you sail...it is such a pleasure and you are so stable that you may not realize that you can easily sail a kayak 10 or 20 miles without thinking about it. Remember, you still have to paddle back from wherever you sailed. That said, this is an incredibly simple sail system that sets up in seconds and goes anywhere the wind is blowing.

Note: Deluxe Inflatable Seats required when using with the **Sport Kayaks**. *Item Number: QUIKSAIL*

AB40 (8' Double End Asymmetric Spoon Blade 4-Part Paddle)

This paddle features a unique setback asymmetric curved blade that increases paddling speed. Made with ABS fiberglass composite blades, aluminum shaft designed to disconnect at center for easy portability. Snap button for flat, left or right feathering. Disconnects into four parts. Weighs 2.92 lbs. *Item Number: AB40*

SUP Adjustable Stand Up Paddle

3-Part Stand Up Paddle. Fiberglass shaft/ABS blade, adjustable (67"-85"). Packs small. Weighs 2.5 lbs. *Item Number: SUPPADDLE*

SUP Pro Carbon Shaft Adjustable 3-Part Stand Up Paddle

This is our best SUP paddle. Made with carbon shaft and ABS/fiberglass reinforced blade, this is a high performance paddle. This 3-Part Adjustable (74"-82") Stand Up Paddle is far lighter, yet more rigid and responsive. Weighs 1.95 lbs. *Item Number: SUPCARBON*

Thigh Straps (Set of 2)

The thigh straps give you more stability in rough whitewater. They also help transfer the force of paddling to the water, improving speed and reducing fatigue. Clips to D-Rings already on our **Explorer™ Kayaks**. *Item Number: THIGHSTRAP*

MB80 Electric Pump

12 Volt pump delivers 1.1 PSI. Includes multiple adapters & 6ft. cord to attach to the cigarette lighter of your car. Only for **Sport Kayaks & Motormount Boats**. *Item Number: MB80*

BTP Mano Electric Turbo Pump (with Battery) (without battery)

The BTP Super Turbo Electric Pump is the next generation of high performance electric pumps. It features a two stage pumping system — a high speed turbine to quickly inflate your hull, and a piston pump to achieve the desired pressure our 1000 denier reinforced boats need — from 1 PSI all the way up 14 PSI (perfect for our **SUPs, FastTrack Kayaks, Explorer Kayaks and Transom Boats**). This pump is amazingly fast and, being battery operated, it is very portable & very convenient for you to inflate your boat at far off remote places. The high capacity battery can inflate two of our largest boats between charges. Includes valve adapters, 110 Volt household charger & 12 Volt battery clip adapters for car use. Not for **SE330, SE370, SE8 & SE9**. *Item Number: BTPKIT for pump with Turbo Pump Lead Battery & Charger. Item Number: BTPMANO for pump only.*

BP12 Electric High Pressure Pump (with Battery) (without battery)

The BP12 Electric Pump is an excellent alternative to the BTP Turbo Pump, especially if you are using it for our LongBoards and NeedleNose SUPs or for our FastTrack and Explorer kayaks. It features simpler one stage pumping system that goes from 1 PSI all the way up 14 PSI (perfect for our **LB11, LB126, HB96, NN116, NN126 & NN14** SUPs). This pump is still very fast and, being battery operated, it is very portable & very convenient for you to inflate your boat at far off remote places. The high capacity battery can inflate two of our largest boats between charges. Includes valve adapters, 110 Volt household charger & 12 Volt battery clip adapters for car use. Not for **SE330, SE370, SE8 & SE9**. *Item Number: BP12KIT for pump with Turbo Pump Lead Battery & charger. Item Number: BP12 for pump only.*

Lead Battery for BTPMANO & BP12

This battery can inflate your boat wherever you like. Stores enough power to inflate our largest boat with room to spare. Includes a 110 volt AC charger. *Item Number: BTPBATTERY*

USCG Approved Adult Life Vest

Sea Eagle type III PFD life vests are super comfortable & buoyant. Available in 4 sizes: SM (30"-40" chest), LXL (40"-52" chest) XXL (50"-60" chest). *Item Number: LJ*. Specify size when ordering.

USCG Approved Adult Paddling Vest.

Designed specifically for paddling & rowing comfort these type III PFD paddling vests give you much more room under your arms for paddling & rowing. Available in sizes: M (36"-40" chest) L (40"-44" chest) XL (44"-48" chest). *Item Number: PADVEST*. Specify size when ordering.

USCG Approved Belt Pack Life Jacket (PFD)

Life Jacket in a Belt Pack — If total freedom of movement and safety is most important to you, you might consider Belt Pack Life Jacket. When deflated it packs small, weighs little and takes no room. When inflated, it provides tremendous buoyancy. Includes belt pack bag, inflatable life jacket and CO2 cartridge to instantly inflate. Also has mouth inflation valve for backups. Approved by USCG as PFD. Weighs 1.5 lbs. *Item Number: PFDBELT*

USCG Approved Boat Cushion/Personal Flotation Device.

Sea Eagle boat cushion is USCG approved as a rescue safety device. It also makes a comfortable seat on our boats. *Item Number: BTCUSHION*

MinnKota® Electric Trolling Motors

Endura 30	Traxxis 55
30 lb. thrust; weighs 15 lbs.; 30" shaft. (Fresh water only) <i>Item Number: MKENDURA30</i>	55 lb. thrust. Weighs 20 lbs.; 36" shaft. (Fresh water only) <i>Item Number: MKTRAX55</i>

MinnKota® electric motors are the most reliable electric trolling motors on the market. These motors feature five forward speeds and three reverse. Made with an unbreakable composite shaft and MinnKota's "Weedless Wedge". The tilt twist tiller and the 10-position mount allows for a variety of motoring angles. These motors run on a 12 Volt Deep Cycle Marine Battery (not included) and deliver approximately 1 hp — enough thrust to power any of our boats, that can take a motor, at a trolling speed.

MinnKota® Power Center

Easy access external battery terminals allow trolling motor leads and charger leads to be connected without opening the box. Built-in battery meter includes two 12-volt

accessory plugs and 3 manual reset circuit breakers (15 amp for accessory plugs and 60 amp for trolling motor). Fits group 24 and 27 size batteries. Battery not included. *Item Number: MKBATTCTR*

MinnKota® 10 Amp. Portable Battery Charger

Weights 17 lbs., Input: 120 Volt AC. 1.8 A (Max) 60 Hz., Output: DC 12 Volt 10 A per circuit. *Item Number: MK110P*

All MinnKota® products are covered by the MinnKota 2-year Factory Warranty. The Sea Eagle 2 part guarantee does not apply to MinnKota products. They are not returnable. All warranty work is handled directly by MinnKota®.

WaterSnake® Easy Mount Electric Trolling Motors For Both Freshwater & Saltwater

If you want a tough, easy to mount, super light weight electric trolling motor for both freshwater and saltwater, these are the motors for you. The transom brackets and motor casings on these motors receive additional layers of anti-corrosive treatments to provide a motor that is completely impervious to freshwater and saltwater intrusion. The shafts are made from a corrosion resistant composite material that will flex on impact and all motors are fitted with stainless steel propeller shafts and weedless propeller. **The WaterSnake® Venom 34 model now features 30" shaft and an extend-able handle.**

These Australian designed motors are extremely light weight and ideal for our kayaks, our motor mount boats and other small craft. An important and great feature of these ultralight motors is that they can be powered by small and far lighter deep cycle marine batteries. This removes a lot of the hassle of using electric motors because a smaller deep cycle marine battery can weigh 20 or 30 lbs. less than a larger deep cycle marine battery.

	WaterSnake® ASP T24
	WaterSnake® Venom 34
24 lb. thrust; 12 volts; weighs 7 lbs.; 24" shaft. Recommended for 385ft, 465ft, 300x, 380x, 420x, & SE9 <i>Item Number: WSASPT24</i>	34 lb. thrust; 12 volts; weighs 14 lbs.; NOW with 30" shaft. Recommended for 385ft, 465ft, 300x, 380x, 420x, 435ps, SE9 & 10.6SR. <i>Item Number: WSVENOM34</i>
