Why Steinjäger?

Made in the USA: Vertical Integration

Steinjäger and Ace Engineering branded products shown with the 'Made in the USA' logo are made in Bushnell, Illinois. Look for the 'Made in the USA' image to denote our American made products.

Customer Service & Focus

Whether you buy the product from us, from one of our retail/installer dealers, or from one of our online dealers, if you have any questions or service issues, we want you to contact us DIRECT. We enjoy servicing our customers and will do everything we can to help you enjoy your Steinjäger products. We take a sincere interest in our customers: what you've purchased, the type of Jeeps you own, how you accessorize your Jeep, what events you go to, your accent colors... these are all important to us and we will do our best to personalize your experience with us.

Rock Slider Kit for the 2 Door JL Jeep Wrangler

J0055045

For the 2 Door Jeep JK Wrangler. Made in the USA. See Features in J0054398 description below.

Rock Slider Kit for the 4 Door JLU Jeep Wrangler

J0054398

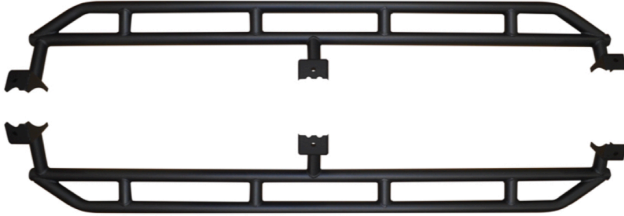

Ace Rock Sliders are made with beefy 2" tubing with 0.134" thick walls, giving you series protection with your Ace Rock Sliders. Special angles in the design keeps you from getting hunt-up when the trail gets dicey. For the ultimate protection for extreme off-roading, we recommend pairing our Rock Sliders with factory Rubi-Rails or our Ace Rocker Guards, however they do work great by themselves as well.

Sold in Pairs. Made in the USA. Powder Coated Texturized Black.

Rock Slider Kit for the JT Gladiator

J0054318

Ace Rock Sliders are made with beefy 2" tubing with 0.134" thick walls, giving you series protection with your Ace Rock Sliders. Special angles in the design keeps you from getting hunt-up when the trail gets dicey. Works with or without factory Rubi Rails. 3 connection points.

Sold in Pairs. Made in the USA. Powder Coated Texturized Black.

	Neon Yellow	J0049202

Steinjäger Rock Sliders are made from 1.75" Diameter Tubing to stand up to abuse and to give your JLU an aggressive look. These simple-to-install Rock Sliders utilize the three body mounts on each side of your Jeep. Simply remove the body bolts and install the rock sliders with the new, supplied hardware.

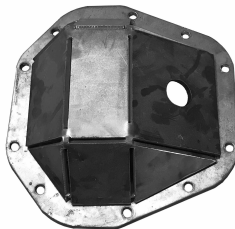

Sold in Pairs. Made in the USA. Powder Coated.

Front Differential Covers

J0050261

Steinjäger Diff Covers are a simple upgrade to your 1-ton swap. Made in the USA from 1/4" plate steel, these include the weld-in fill bung and plug. These come in **flat form**, so bending and welding will be required.

For use with Ford Super Duty Dana 60 axle.

J0050529

Red Powder Coated Aluminum Diff Cover (imported) offers strong impact resistance and features a precision machined sealing surface.

For use with Dana 44 axles.

Ace Inner Fenders for the JL/JLU/JT

J0056854

Bare Metal

Front Inner Fender

J0056865

Texturized Black

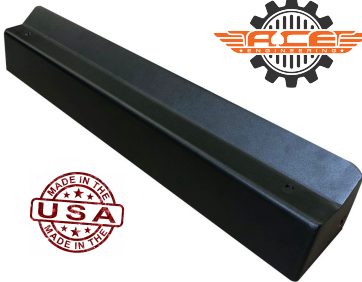

Kit

ACE Inner Fenders for the Jeep JL/JLU Wrangler and JT Gladiator are the perfect way to finish off your fender wells while protecting your engine components from mud and debris.

- Sold in Pairs. All Mounting Hardware included
- Dimple Died Design for Improved Strength
- Black Texturized Powder Coat (unless listed as 'Bare Metal' option)
- Made in the USA. Brake Press Formed 5052 Aluminum
- Does **NOT** fit Diesel Engine Option

Ace Front Sway Bar Skid Plate for JL, JLU, JT

J0056845

The Ace Front Swaybar Skid Plate is a great addition to the Ace JL, JLU, or JT Front Bumpers. Our design protects the factory electronic swayer disconnect and the factory frame extensions on the underside of your Jeep. Other features...

- Works with Ace Expedition Series Front Bumpers and Pro Series Front Bumpers
- Made in the USA from 1/4" Steel. Black Texture Powder Coated
- Includes all Mounting Hardware

Rear Bumper with D-Ring Mounts

Steinjäger's Rear Bumper gives your JL a fresh look, hiding the unsightly frame rails. Made from 3/16" steel with D-ring mounts included. End Caps are sold separately. Made in the USA.

Bumper will NOT work with the ParkSense Rear Park-Assist System.

End Caps are made from 3/16" steel and bolt directly to the frame rails. Made in the USA. Sold separately from Bumpers.

Ace Expedition Series Front Bumper Kit with Bull Bar

J0055245

Ace **Expedition Series Stubby Bumpers** for the Jeep JL, JLU Wrangler and JT Gladiator offer a ton of features at a great price. Constructed of strong, but lightweight 3/16" mild steel. Works with non-steel bumper factory fogs (non-LED). Has an open, recessed winch design. Black Texture Powder Coated. Made in the USA.

Ace Expedition Series Front Bumper Kit with Stinger

J0055225

The 'Stinger' version of our Ace Expedition series of bumpers has all the features of the Bull Bar design, but has the 'stinger' instead of the 'bull bar' look.

3/16" Steel Plate Bumper

Made in the USA

Ace Pro Series Front Bumpers

Bull Bar Design

Stinger Design

Ace **Pro Series Bumpers** bring our tight Pro Series styling to the Jeep Wrangler JL, JLU and Gladiator JT platforms. Features include:

- Fog Light or Lightbar provisions
- Fog Light provisions are compatible with JL Sport Non-LED factory fog lights or Lifetime LED JK Fog Lights
- NOT compatible with LED Factory Fog Lights
- 20" Double Row Light Provision compatible with Lifetime LED Lightbar or Rigid Industries Radiance
- Slim design provides great clearance and approach angles
- Made in the USA from 1/4" Steel Plate
- Recovery Tabs included
- Black Texture Powder Coated
- Installation does NOT require modifications to the Factory Frame
- Includes all Mounting Hardware
- Fits 2018-Present JL, JLU Wranglers and Gladiator JT

Ace Halfback Rear Bumper

J0055145

Slim design provides full coverage with great departure angles. Made in the USA from 1/4" steel plate. Black Texturized Powder Coat. Includes factory hitch provision, optional 20" single row light bar provision, 7-pin factory to plug provision, factory rear back-up sensor provisions. D-Ring Mounts, but not shackles, included.

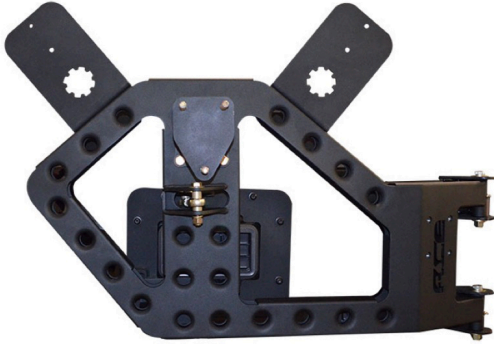

Ace Pro Series Rear Bumper

J0055301

Ultimate protection for the rear of your Jeep. Optional 6" LED light provision. Made from 1/4" steel plate in the USA. Black Texturized Powder Coat. Comes with built-in receiver. Uses existing mounting holes. Mount extends 10" inside the frame rail. Designed to work with an aftermarket carrier when running oversized tires.

Ace Stand Alone Tire Carrier for JL and JLU

The **Ace** Stand Alone Tire Carrier is a great solution for those who want to run a larger tire, but don't want to change their rear bumper. It's a single-handed operation carrier that includes dual RotopaX mounts that double as stabilizers for your tire. Plus, they work whether you have RotopaX or not.

- Mounts to Internal Substructure - very solid. All Hardware included
- Rated up to 40" Tire
- Optional High Lift Jack Mount
- CB Antenna Mount Built-In
- Black Texture Powder Coated. Made in USA

Ace Pro Series Rear Bumper & Tire Carrier

Part#	Light Provisions	Backup Sensors Provision
J0055379	No	No
J0055419	No	Yes
J0055399	Yes	No
J0055439	Yes	Yes

With an aggressively styled Ace Pro Series Rear Bumper and Tire Carrier, you'll have the ultimate protection for the rear of your Jeep Wrangler JL or JLU. This rock-solid carrier holds your oversize spare tire and still allows for single-handed gate operation. Plus, with our optional integrated 6" LED light provisions, you'll have plenty of light no matter how dark the trail gets.

This slim-designed Pro Series Bumper is made of 1/4" thick steel plate and is contoured tightly to allow for extreme departure angles. Mounting inside the factory frame for maximum clearance, our design actually gains some clearance from the stock receiver.

The Tire Carrier consists of a spindle housing that's welded and supported from the top and bottom plate of the bumper. The 2" diameter, 0.134" wall CNC machined spindle housing utilizes oil-impregnated bronze bearings and includes a grease zerker provision.

The carrier comes with our Spare Tire Plate Relocate that features a 3rd brake light, courtesy light and factory camera mount. The kit also includes a telescopic tire mount stanchion used to mount your tire tightly to the carrier regardless of tire width, plus a rear gate mounting plate that couples the tire carrier to the gate via heim joint. The carrier is rated for up to a 38" tire, is conveniently designed for effortless single-handed operation, and has an integrated CB antenna mount.

Made in the USA, our kit is black texture powder coated, includes zinc-coated mounting hardware, and integral D-Ring Shackle mounts already built in. The receiver retains the factory tow rating. Installation uses existing mounting holes. Our mount extends inside the frame rail, making the attachment much stronger. LED Lights not included.

Ace Adjustable Rear Cargo Basket for 4 Door Jeep JLU

J0056965

The Ace **Adjustable Rear Cargo Basket** for the Jeep Wrangler 2 Door JL is a great way to add storage space to your Jeep. Our design has the following features:

- Bolt-on installation
- Mounts to factory holes in sport cage.
- Adjustable height in 1" increments to allow between 19" to 23" clearance from Jeep floor
- Inside basket dimensions 17" long, 34-1/2" wide and 4" high.
- Basket and Mounting Brackets are texture black powder coated
- Allows factory soft top to be fully retracted
- Stainless Steel and Zinc Plated mounting hardware included
- Works **ONLY** with 4-Door JLU Hard Top or Soft Top models. **NOT** compatible with 2 door JL

Adjustment Provides 19" to 23" Clearance

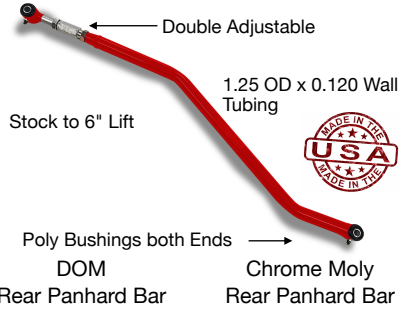

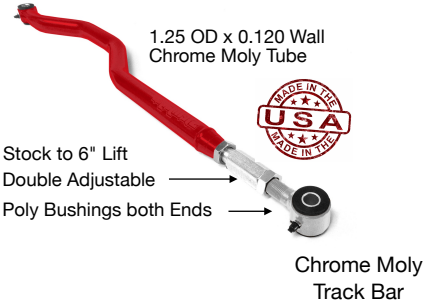

Works with 4 Door Soft or Hard Tops
