

THULE THRURIDE

Thule ThruRide 535

Thru-axle fork mount bike carrier fits complete range of thru-axle diameters and has universal roof rack system compatibility.

1. One-handed throw-hood design fits a full range of 12mm to 20mm thru-axles
2. Expanding wide-jaw clamp accommodates a bike's thru-axle so there are no loose parts for easier loading
3. Ergonomic precision dial ensures a secure and stable grip by optimizing clamping pressure on thru-axles
4. "D" shaped low profile tray design provides better aerodynamics
5. Tool-free universal mounting makes it simple and easy to install
6. Thule's One-key lock cylinder (sold separately) allows you to lock the bike to the carrier and the carrier to the rack
7. Fits Thule rack systems, round bars and most factory racks with both T-track and around the bar mounting options
8. Compatible with 9mm skewer dropouts by using 535SKR
