

UNITY

SUSPENSION SIMPLIFIED

2020 EDITION

UNITY STRUT ASSEMBLY

Our complete strut assemblies include all the components required for a strut replacement in a single, fully assembled unit. They feature pre-assembled replacement bearing plates, top mounts, upper and lower spring isolators, upper spring seat, coil spring, premium rubber dust boot, and a gas charged premium quality strut.

This breakthrough design saves on installation time by eliminating the safety hazards associated with the decompression of the coil spring. Every strut assembly features application engineered valves to optimize each vehicle's unique ride and handling characteristics.

- FULLY ASSEMBLED & READY TO INSTALL
- ELIMINATE USE OF OLD PARTS FOR A PREMIUM RIDE
- ELIMINATE SAFETY HAZARD OF INSTALLATION
 - REDUCE VEHICLE DOWN TIME
 - NO SPECIAL TOOLS REQUIRED

Our Unity Strut Assembly line consists of the following:

- COMPLETE STRUT ASSEMBLIES • BARE STRUT ASSEMBLIES • GAS SHOCK ABSORBERS

ELITE
S U S P E N S I O N

ELITE SUSPENSION

Elite is a premium air suspension and conversion kit line that combines innovation & craftsmanship to deliver a range of products that uphold our ongoing dedication to comfort and quality. Elite uses the highest quality materials in the manufacturing of its air suspension products. Only premium quality sleeves & bladders, aircraft grade aluminum, and other premium components are used to meet or exceed original equipment standard.

Elite also caters to those that prefer standard suspension over air suspension. Our conversion kits significantly reduces the costs of repairs with no loss of ride quality while improving consistency of carry load and handling. Through customer-led innovation, Elite has transformed traditional suspension parts into something more refined. It's a premium ride at a fraction of the cost.

- LARGEST COVERAGE IN AIR SUSPENSION & CONVERSIONS
- AIRCRAFT GRADE ALUMINUM
- PREMIUM AIR SLEEVES & BLADDERS
- DESIGNED TO MEET OR EXCEED OEM STANDARD
- DIRECT FIT, NO MODIFICATIONS NECESSARY
- COST A FRACTION OF THE DEALER PRICE

Our Elite Suspension line consists of the following:

- AIR STRUT ASSEMBLIES
- AIR SPRINGS
- AIR SHOCKS
- AIR COMPRESSORS
- CONVERSION KITS

RACE READY

Race Ready is first of its kind, a fully assembled and ready to install complete performance strut assembly line. Race Ready provides high quality performance kits, every assembly has been engineered and built specifically for each vehicle's specification with a lowering effect of approximately 1.5".

Lowering kits lower your center of gravity and tighten your springs for improved steering & traction on pavement. They also alter your exterior style. Typical lowering kits include a wide array of simple and complex parts which also require extensive & expensive tools and equipment to properly install.

Race Ready solves this problem by offering a fully assembled, ready to install solution.

- FULLY ASSEMBLED & READY TO INSTALL
- LOWERS VEHICLE'S CENTER OF GRAVITY 1.25"-1.75"
- IMPROVES AERODYNAMICS & GAS MILEAGE
 - INCREASES HANDLING
 - GIVES AN AGGRESSIVE STANCE
 - REDUCES VEHICLE DOWN TIME
 - SAVE TIME & MONEY

SAVE ON INSTALLATION TIME

Restore your vehicle's handling and ride quality with our OEM designed fully assembled air supply devices. All components air engineered and rigorously tested to assure fitment, durability and performance. Depending on vehicle application, a variety of compressor variations are offered, anywhere from simple compressors with air dryer to high level integration mechatronics which can include ECU controls, pneumatic valves, motor relay, and temperature and pressure sensors.

CURRENT MARKET OFFERING

VS

OUR OFFERING

The above reference is for demonstration purposes to show the difference between our fully assembled compressor versus the industry's standard. Components included on the air suspension compressor or air supply device may vary depending on the vehicle application.
