

VARTA® POWERSPORTS BATTERIES

READY TO INSTALL
PERMANENTLY SEALED
PERFORMANCE READY
FRESHLY CHARGED IN THE USA

Install immediately. Each battery is freshly charged, with no need to hassle with measuring, filling and waiting for a charge. So they're ready to go when the rider's ready, not when the battery's ready. Because VARTA batteries feature AGM technology, they're built to handle whatever the road, dirt, water and snow can dish out and still deliver high performance.

- Superior vibration resistance
- Longer life
- Withstands repeated charging and discharging
- Maximum power with no loss in performance
- Maintenance free, no initial charging or acid handling
- Established grid design for improved durability and power
- Higher performance in a wider range of temperatures
- Nonspillable design and can be installed at any angle

Freshly charged, factory sealed and long-lasting. Introducing the new line of VARTA POWERSPORTS Absorbent Glass Mat (AGM) Batteries. Backed by more than 100 years of innovation.
