What Matters to You?

Today, America needs fresh leadership to lead us as a nation out of this economic crisis. Leadership must come not only from our political leaders but also from the average citizen. The exporting of American jobs is a trend that must be stopped and reversed. When I walk into my local hardware store, I typically find 85% of the goods for sale are manufactured 7,000 miles away. To these ruthless buyers, it is all about the money. Rarely are product quality, the political system, human rights, animal rights and environmental costs to the planet considered, not to mention the cost to our society of exporting not only jobs, but an entire factory!

At MacNeil Automotive, we are doing our part for the American economy and for our 300 million fellow citizens and neighbors. My philosophy is that if my neighbor doesn’t have a job, sooner or later I won’t have a job either. For example, we used to have our All-Weather Floor Mats manufactured in England by a company that used antiquated, inefficient equipment. They made a decent floor mat for us, but we thought we could build a better floor mat for our customers using modern American technology, American raw materials and skilled American workers. So in 2007 we transferred all of our floor mat manufacturing back to the United States. Today, we build the best fitting, highest quality automotive floor mats in the world, right here in America.

Our machine shop is equipped with 26 CNC machining centers including four 4 axis mills and one 5 axis mill that produce between 30 to 50 injection and thermoforming molds per month. We have one shift of highly skilled American Journeymen, toolmakers and apprentices, but our machines run 24 hours a day, 7 days a week. There is not a more efficient tool and mold making operation in the world - and guess what, it’s right here in America.
The raw materials that make up our All-Weather Floor Mats, FloorLiners, Cargo Liners and MudFlaps are manufactured in Paulding, OH; Greenville, OH; Wichita, KS; and Jasper, TN. Our forklifts are made in Columbus, IN and Greene, NY. Our warehouse racking is manufactured in Melrose Park, IL.

At MacNeil Automotive, we are also very aware of sustainability and our responsibility to the environment. We are proactive in controlling waste and recycling all of the unused raw materials from the manufacture of our tooling and products including: aluminum, steel, rubber, TPO, TPE, paper and cardboard.

As you can see, we are as for our consumer and OEM clients as we are passionate about supporting the American economy, preserving the American industrial infrastructure, and keeping the “money” in our family, a family of 300 plus million people from all over America.

Our commitment and dedication to our customer is further exemplified by our certification to ISO 9001:2008 Quality Management Standards with the additional Automotive Qualification ISO/TS 16949:2009. This ensures our customers of the highest quality products as well as the systems necessary to continually exceed expectations in every regard.

Life is simple; be good to your fellow man, be kind to animals and the environment, and place building a quality product, supporting your country and your fellow American worker before profit. And, one last thing - let’s all do our best to balance family time with work time as our children are the future of America.

FloorLiner™

Extreme Duty Floor Protection

WeatherTech’s designers and engineers have worked tirelessly to develop the most advanced vehicle protection system available today. The WeatherTech® FloorLiner™ lines the interior carpet up the front, back and even up the sides of the vehicle’s footwell. This ultimate protection helps to provide the assurance that a vehicle will maintain the long-lasting comfort and interior appearance that an owner wants from their investment.
Each and every designed FloorLiner™ application goes through an intense series of measurements, fittings, design and mold creation before it will become available on the accessories market. Starting with 3D laser measurements of the interior surfaces, raw data of each vehicle is collected and processed. Designers utilize this data to create a 3D prototype part that is fitted into the vehicle and, if necessary, make adjustments until the fit of the product fits seamlessly to the contours of the vehicle. A mold is then machined out of aircraft grade aluminum and water cooled to maintain a consistent production quality.

The WeatherTech® FloorLiner™ provides a custom-fit solution to spills, debris, tracked in weather and more. Made from a patented multilayer material, FloorLiners provide a rigid core for strength that helps to retain their custom-fit shape, while offering a soft tactile top surface that feels comfortable underfoot. Specially designed channels carry fluid and debris to a lower reservoir, away from shoes and clothing. Easy to clean and easy to install. Available for cars, trucks, SUVs and minivans in black, tan and grey.
**All-Weather Floor Mats**

**Interior Floor Protection**

The WeatherTech® All-Weather Floor Mats have deeply sculpted channels designed to trap water, road salt, mud and sand. Our proprietary engineered odorless resin ensures that these mats will not curl, crack or harden in sub-zero weather. All-Weather Floor Mats have anti-skid ridges to prevent shifting in your vehicle, and come with a protective non-stick finish to make cleanup quick and easy.

WeatherTech® All-Weather Floor Mats are manufactured in America to meet ISO 9001 standards and FMVSS302 standards – your assurance of quality. Choose from black, tan or grey to complement virtually any interior color. Available for cars, trucks, minivans and SUVs.
Advanced Universal Trim-to-Fit™ Mat

Good, Better, Best – what is the right choice for you when it comes to vehicle floor protection? Naturally, the WeatherTech® FloorLiner™ offers the best possible protection for your vehicle, followed by the WeatherTech® All-Weather Floor Mat coming in second on the protection scale; both offering custom-fit protection for virtually all popular vehicles. However, for car owners on a budget, the WeatherTech® All-Vehicle Mat (AVM®) offers a good option to fit their specific needs, with a Trim-to-Fit™ feature for customization.

The WeatherTech® AVM® is the evolution of the “Universal” All-Weather Floor Mat. It is the most technologically advanced universal Trim-to-Fit™ mat made today, with a unique shape for the driver and passenger floor.
Our product designers measured many different shapes and sizes of vehicles to determine the best sizes needed for an ideal fit, indicated for customization by trim lines on the mat. The combination of the high quality materials and easy to use trim lines ensures the AVM® maintains the desirable attributes expected of a WeatherTech® product.

AVM® Trim-to-Fit™ Mats feature a tall outer ridge and reservoir to help trap fluids and debris from the vehicle’s flooring. The AVM® is made from an advanced thermoplastic elastomer (TPE) that is odorless, non-toxic and stays flexible in even the coldest of temperatures.

To ensure proper safety, the AVM® features the patented MatGrip® retention device, as well as molded-in nibs for a secure mat-to-floor interface. Available in black, tan or grey.

Remember – before you place your order, this is a Trim-to-Fit™ universal-type floor mat. If you wish to have a custom mat for your vehicle, please see our FloorLiner™ or All-Weather Floor Mats.
Custom Cargo Area Protection

WeatherTech® Cargo Liners provide complete trunk and cargo area protection. Our Cargo Liners are digitally designed to fit your vehicle and feature a raised lip to keep spills, dirt and grease off your vehicle’s interior, protecting your investment from normal wear and tear.

Made from a proprietary custom blended TPE that is not only wear resistant, but also remains flexible under temperature extremes. WeatherTech® Cargo Liners feature a textured finish that helps to keep cargo from shifting. Perfect for hauling just about anything from gardening supplies to construction materials, even the family pet.

WeatherTech® Cargo Liners meet FMVSS302 standards. Available for car trunks, minivans and SUVs in black, tan or grey.
AVM® Universal Cargo Mat

TRIM LINES ALLOW FOR A TRULY CUSTOM FIT AND MAINTAINS FLEXIBILITY

TALL OUTER RIDGE AND INNER RESERVOIR CONTAIN FLUID AND DEBRIS
Universal Cargo Area Protection

Universal Protection, WeatherTech® AVM® Cargo Mats protect your investment from normal wear and tear. Intelligent design, combined with trim lines allow for a truly custom fit. An outer ridge and inner reservoir contain and keep fluid away from the vehicle’s interior. Made from a soft, flexible rubber compound that will not curl, crack or harden even in sub-zero temperatures. Textured finished and raised areas help prevent cargo from shifting. Perfect for hauling just about anything from gardening supplies to construction materials, even the family pet.

Our commitment to the environment and sustainable design, led to the development of our advanced rubber compound that is an OEM approved, virtually odorless material that contains no harmful PVCs, cadmium, or lead and is 100% recyclable! Available in black, tan or grey.
Keep the Sun and Heat Out

Custom fit and perfect for any season, the TechShade® can keep your vehicle cool in the summer and help prevent frost build-up in the winter. Reflective film chases the sun away in summer. Then, the reverse side absorbs the heat for those cold winter months. When not in use, the TechShade® is easily removed, rolled and secured with a Hook & Loop strap. The TechShade® is custom fit for each vehicle.
Custom-Fit Full Vehicle Kits

WeatherTech® TechShade® Full Vehicle Kits help keep your entire vehicle’s interior temperatures down while protecting it from the sun’s damaging effects. TechShade® Full Vehicle Kits include 4 or 6 pieces depending on the vehicle model. TechShade® kits are custom-fit, and when properly installed, will remain snug in each window opening on the vehicle. Each TechShade® features a foam core, which makes for easy handling and a sturdy fit. After use, simply pull on the your shade’s pull tabs and roll all pieces together using the easy roll up and store hook & loop strap.
Seat Protector

Rear Vehicle Seating Protection

WeatherTech® Seat Protectors are the perfect accessory for those vehicle owners needing an extra step of protection for their rear vehicle seating. A much needed accessory for the family “road trip warriors” or pet “car ride” companions to prevent scratches, damage or spills from ruining the seat surface.

The Seat Protectors are made from a polycotton drill fabric that features a durable water-repellent finish that will combat any juice box spill, cereal crumbs or pet mess! It’s also engineered with an extra layer of nylon lining, which helps to further protect the covered seat. The Seat Protector stays in place with the help of durable straps, specialty inserts and a non-slip bottom. Semi–custom to fit the size and type of vehicle. Quick and easy installation, as well as easily removable for cleaning. The Seat Protector is machine washable, making it an easy accessory for any family.

This product is for rear seats only. Designed to fit most bench-style rear seats. Will not fit rear bucket seats.

Available in black, tan and grey.
TechLiner® & Tailgate TechLiner®

Easiest to install pick-up bed protection – PERIOD!

WeatherTech® TechLiner® is the easiest to install, custom-fit solution for protecting and preserving pick-up truck beds – PERIOD! TechLiner® armors your investment against scratches, dents and paint damage by seamlessly lining the truck bed and tailgate. The liner’s “soft touch” material helps to prevent cargo from shifting yet provides ease to loading/unloading.
Made from a 100% recyclable and odorless thermoplastic elastomer; TechLiner® is durable, flexible and UV resistant. Custom-fit for each application, the liner securely fits the exact contours of the truck bed. Will not crack, break or warp in even extreme temperatures.

TechLiner® can be placed underneath a rigid high-sided liner to provide additional protection against paint damage. It is also ideal for users of truck caps and transporting pets. Installation takes only minutes, without the need for drilling or use of chemical applications. TechLiner® is secured to the truck bed with the use of hook and loop fastener discs that allow for an effortless fit and the ability to remove the liner if necessary. Additional tailgate piece available.

- Easiest to install pick-up bed protection – PERIOD!
- Fits to the exact contours of application
- No-messy sprays or drilling needed
- 100% recyclable, odorless material
- Flexible and durable
- Chemical and UV resistant
Attractive, Low Profile Design Provides Sleek Addition to Your Truck

The newest custom-fit solution to the WeatherTech® line of automotive accessories, perfect for any individuals looking to increase the utility of their truck bed. Easy for hauling; the Roll Up Truck Bed Cover keeps cargo away from the elements when covered and stays out of the way for oversized cargo. Featuring the AutoLatch II™ automatic dual locking system releases with one smooth downward pull; when used with a locked tailgate it provides excellent security.

Attractive, low profile design provides a sleek addition to your truck. It rises only 1", not taking away from the attractive appearance of your vehicle, but reducing aerodynamic drag and increasing gas mileage. Only taking seconds to open/close, it is easy to use for one person operation.
Truck Bed Protection

So you just purchased your shiny new pick-up truck and you intend to do some seriously heavy duty hauling. Your next stop will be to outfit your new vehicle with nothing but the best accessories - WeatherTech® FloorLiners™ – check, WeatherTech® MudFlaps – check. You passed on the WeatherTech® TechLiner® because you really have your mind set on a “drop-in” bed liner for the full protection you feel you need, but wait! Did you consider protecting the bed of your truck from the ravages of the rigid bed liner rubbing against the painted surface?

Introducing UnderLiner® – digitally designed to perfectly match the contours of your specific pick-up truck bed. The UnderLiner® provides added protection by creating a .065" thick semi-soft protective barrier between the rigid drop-in bed liner and the painted surface of your truck bed.
Mounts-in-Minutes™

The WeatherTech® No-Drill MudFlap set literally “mounts-in-minutes™” (in most applications) without the need for wheel/tire removal, and most importantly - without the need for drilling into the vehicle’s fragile painted metal surface! Contoured specifically for each application and molded from a proprietary thermoplastic resin. Featuring the patented QuickTurn™ hardened stainless steel fastening system.

The WeatherTech® No-Drill MudFlap provides protection for your vehicle’s most vulnerable rust area; protecting the fender and rocker panel from stone chips, slush, dirt and debris.

Proudly Designed, Engineered and Manufactured with American Made Tooling in the USA

Side Window Deflectors

Sleek, Low Profile Design

WeatherTech® Side Window Deflectors offer fresh air enjoyment with an original equipment look. They are crafted from the finest 3mm acrylic material available.

Installed within the window channel, installation is quick and easy, without the need for exterior tape. WeatherTech® Side Window Deflectors are precision machined to perfectly fit your vehicle. These low profile window deflectors help to reduce wind noise and allow interior heat to escape. Our light tinted Side Window Deflectors are the only deflectors in the world made with a D.O.T. (U.S. Department of Transportation) approved glazing material. Available in light and dark tint.
Wind Noise and Air Turbulence Reduction

The WeatherTech® Sunroof Wind Deflector provides significant reduction of in-cabin wind noise and air turbulence. It is crafted from the finest 4mm thick, tinted cast acrylic that fits the sunroof opening precisely; held securely in place with the MagiClip™ vehicle specific fastening system. To protect your vehicle’s finish, the unique AirCushion™ gasket seals the edge of the deflector. WeatherTech® Sunroof Wind Deflector’s sleek and sophisticated look is a great addition to any vehicle.
Virtually Indestructible
Sleek and low profile, the WeatherTech® Easy-On® Stone & Bug Deflector is aerodynamically designed to provide excellent protection against stone chips and bug stains.

Made from aerospace-grade acrylic, it is virtually indestructible and extremely scratch resistant. Attaches easily to most SUVs, trucks, minivans or cars using either a 3M® brand automotive adhesive tape or fasteners that use existing holes in the vehicle’s hood. No drilling is required. A beautiful and protective addition to any vehicle.
Billet Aluminum Plate Frame

Introducing the WeatherTech® Solid Billet Aluminum License Plate Frame. We make no excuses for the price, but there are also no excuses for the superb American crafted quality either. This is a solid billet license plate frame for car collectors or for true car enthusiast only.

Today, they are made one at a time right in the WeatherTech® tooling facility in Downers Grove, Illinois. Furthermore they are made on an American made CNC milling machine and the machining time approaches two hours which includes real 3D machining. Even the cutters used to shape the metal are American made.

None of this is inexpensive and therefore the price is what it is as our American machinists receive fair American wages, they are created on American made CNC machinery using American raw materials with American made cutters, and we use American sourced finishing of the billet aluminum.

If you want the finest billet license plate frame on the planet and you want one made right here in America, look no further as you have found it at WeatherTech®. Available in three bullet proof anodized finishes: Clear Bright Silver, Titanium and Black. Handmade in extremely small batches.

AVAILABLE COLOR OPTION:
CLEAR BRIGHT SILVER, TITANIUM AND BLACK
Introducing the WeatherTech® Solid Billet Aluminum Motorcycle License Plate Frame. We appreciate the lengths owners go to customize the appearance of their motorcycle and offer this unique and exclusive product to elevate your motorcycle’s appearance above the rest.

We include everything you need to install, including the hex wrench. Attaches easily to the plate bracket with a set of four Stainless Steel Hex-Key bolts with self-locking flange nuts.

We make no excuses for the price, but there are also no excuses for the superb American crafted quality either. This is the solid billet license plate frame for motorcycle collectors or true motorcycle enthusiast. Today, they are made one at a time right in the WeatherTech® tooling facility in Downers Grove, Illinois. Individually made on an American made CNC milling machine, taking close to two hours to make (which includes real 3D machining). Even the cutters used to shape the metal are American made. None of this is inexpensive and therefore the price is what it is as our American Machinists receive fair American wages, they are made on American made CNC machinery using American raw materials with American made cutters, and we use American sourced finishing of the billet aluminum.

AVAILABLE COLOR OPTIONS:
CLEAR BRIGHT SILVER, TITANIUM AND BLACK
The WeatherTech® ClearFrame™ license plate frame has all of the features of the ClearCover® in a frame. It is made from virtually indestructible UV-stable Lupillon 3000. The one piece frame and gasket design allows for easy installation. The Multi-Flex™ Gasket seats against plate snugly preventing vibration or rattling. The WeatherTech® ClearFrame™ has many styles to choose from, and will complement any vehicle.

AVAILABLE COLOR OPTIONS: BLACK, WHITE/BLACK, RED/BLACK, CHROME/BLACK, BRUSHED STAINLESS/BLACK, RED, HOT PINK, PURPLE, NAVY BLUE, WHITE, KELLY GREEN, ORANGE, YELLOW, BELUGA GREY, GOLDEN YELLOW, BLUE, GREEN

The WeatherTech® ClearCover® license plate cover is made from the virtually indestructible UV-stable Lupillon 3000. The one piece lens and gasket design allows for easy installation. The Multi-Flex™ Gasket seals moisture out, and a stepped lip design fits the license plate snugly. The WeatherTech® ClearCover® has many colors to choose from, and will complement any vehicle.

AVAILABLE COLOR OPTIONS: BLACK, WHITE/BLACK, RED/BLACK, CHROME/BLACK, BRUSHED STAINLESS/BLACK, RED, HOT PINK, PURPLE, NAVY BLUE, WHITE, KELLY GREEN, ORANGE, YELLOW, BELUGA GREY, GOLDEN YELLOW, BLUE, GREEN

The WeatherTech® PlateFrame® features a solid one-piece design and is made from ABS Natural Platable Grade Plastic. This specific grade of ABS thermoplastic material is virtually indestructible, with optimum resistance to weathering.

AVAILABLE COLOR OPTION: BLACK

Manufactured in America from highly polished T-304 Stainless Steel, the StainlessFrame™ will surely make a statement on any car you own. PlateSpacer™ gasket supports and keeps plate away from car body. Comes complete with clever caps that hide the mounting hardware.

AVAILABLE COLOR OPTION: STAINLESS STEEL

The WeatherTech® BumpFrame® is made 3/4" thick to provide an extra barrier of protection for the front bumper of your vehicle. With its impact resistant design and materials; it takes the every day bumps, mistakes of other drivers and parking mishaps away from your bumper.

AVAILABLE COLOR OPTION: BLACK
License Plate Frames

EXTERIOR PROTECTION
Introducing the injection molded WeatherTech® BumpStep® and yes, it is proudly made in America! It is the best step-bumper protector available, next to our Solid Aluminum Billet BumpStep®.

We made the tooling for the injection molded BumpStep® in our tool room located in Downers Grove, IL by American Machinists on American made CNC machines.

BumpStep® is molded out of a proprietary resin in our manufacturing facility located in Bolingbrook, IL, and fits any vehicle with a standard 2” receiver hitch.

Why get a BumpStep®? Well, it’s simple, protection against bumps, dents and scratches to your vehicle’s bumper. Careless drivers can bump, knock, and crash without care into your back bumper. With the BumpStep®, you will have the reassurance of bumper protection from other motorist’s mistakes and small accidents from backing up.

As a vehicle owner that takes pride in your investment, scratches and dents to your bumper are as much of an eyesore as a ding to your door.

As the “step” portion of its name describes, BumpStep® also allows you to safely stand on the step (up to a 300 lb max) for every day tasks such as loading a roof rack, racking a bike or washing the upper area of your vehicle.
It’s HEAVY! It’s HANDMADE in America! It’s SOLID aluminum. It’s COOL, and it’s the best bumper protector/step you can buy. We make the Billet BumpStep® in our tool room in Downers Grove by American Machinists on American made CNC machines.

Made in very limited quantities, we start with a 36.5 pound solid billet of aluminum. Many hours are then spent sculpting the Billet BumpStep® in multiple CNC machines. Custom fixtures had to be made, programs written and specialized cutters purchased, all to make the best bumper protector/step in the world. Fits any vehicle with a standard 2" receiver hitch. The aluminum is hard-anodized for corrosion resistance and scratch protection.

STAINLESS HITCH PIN (sold separately)
Protect your vehicle and support your favorite team with the WeatherTech® BumpStep®, featuring high quality NHL® team designs. These fan favorite accessories help protect your vehicle's bumper from unwanted dents and scratches from small accidents. BumpStep® also provides an excellent "step" utility to your vehicle.
Protect Your Lights

Protect your lights with the WeatherTech® LampGard®. Designed to specifically fit vehicle headlamps, fog lamps and turn indicators. Each LampGard® is computer die-cut to fit specific vehicles. Made from an optically clear urethane, the LampGard® protects your lights from cracking, scratching and pitting. Easy to install.
SLEEK, STYLISH - AERODYNAMIC APPEARANCE

Custom-Fit Hood Protector
Sleek and low profile, the WeatherTech® Hood Protector allows for ultimate utility with a polished finish. The Hood Protector is made from a durable, yet flexible acrylic that withstands the wear-and-tear that comes from even the ultimate road warrior.

Custom-fit, the Hood Protector follows the hood’s contours with a wrap design that provides an aerodynamic appearance. By providing a barrier against debris, bugs and rocks; the Hood Protector helps to keep paint pristine. Quickly and easily installed with strong 3M automotive tape without the need for drilling. Available in a dark finish.
TechCare® Complete Line of Automotive Care and Cleaning Products

WeatherTech® TechCare® is a complete line of automotive care and cleaning products. Developed with dedication to sustainability and superior care, TechCare® products are made from only the highest quality of ingredients and advanced formulas. The TechCare® line of care products provide the ultimate clean and professional finish expected of the WeatherTech® name.

**TechCare®**

**Soaker**
- Soaks up the water to quickly dry your vehicle without streaking
- Smooth surface on one side and textured on the other for different drying style needs
- Great use for cars, trucks, motorcycles, boats, planes, animals, household chores and more
- Approximately 17" x 27"
- Does not leave lint behind
- Machine washable

**Microfiber Applicator & Cloths**
A. Microfiber Applicator Pad
B. Super White Microfiber Cleaning Cloth
C. Microfiber Finishing Cloth & Quick Detailer
D. Microfiber Waffle Weave Drying Towel

**Ready-to-Wash System**
- Heavy duty bucket
- MittSaver™ wash mitt holder
- GritGrate™ insert
- Comfy vented lid seat
- Sturdy rolling dolly
- Easy roll casters with lock
- 100% USA made!
Perfect for the ultimate car collector or every day car love, the WeatherTech® BatteryCharger is the ultimate solution to providing a long term battery charging and maintenance solution. For use on vehicles, motorcycles, ATVs, boats, jet skis, lawn mowers, motorcycles, RVs and tractors; will keep your battery in prime condition while vehicle is not in use.

The WeatherTech® BatteryCharger uses a 4-step charging method to keep your battery in top shape for months. An intelligent system will monitor your battery’s power levels and will maintain the needed charge. Installation is easy.
Indoor Custom-Fit Car Cover

Designed to Form-Fit® the exact contours of the make and model of your vehicle. A car that warrants space in your indoor storage areas, deserves the luxury of protection provided by the WeatherTech® Indoor Custom-Fit Car Cover. Especially designed for those vehicles that warrant an additional step of superior care and protection, perfect for those vehicles that are not daily drivers. Providing total vehicle protection, the car cover helps to shield the vehicle from settling sediment, moisture, scratches and other minor hazards that exist in a typical garage/storage space.

- Long-lasting fabric memory
- Form-Fit® around vehicle’s contours
- Breathable to prevent vapors/moisture trapping
- Soft, plush interior lining
- Sewn in vehicle ID tag on front of cover, easily find the correct cover
- Designed for indoor use only
- Available in 6 colors
- 2 storage bags included

AVAILABLE COLORS

- DARK BLUE
- BLACK
- BRIGHT RED
- CHARCOAL GREY
- SILVER GREY
- HUNTER GREEN
Designed to provide years of protection against the harsh effects, in any climate, of the sun. UV rays have a permanent effect on the paint and finish of a vehicle, Outdoor Custom-Fit Car Covers feature a Sunbrella® enhanced acrylic fiber material that helps prevent this damage. With long-lasting strength and water resistance, these car covers defy color fading and resist rot due to extended exposure to the elements.

Custom-fit to hug the natural contours and shape, the cover prevents sediment, water, and other outdoor materials from resting on the vehicle.

- High performance, long-lasting material
- UV resistant, withstands harshest sun climates
- Water resistant
- Designed for outdoor use
- Available in 3 colors
- Front labeled for easy install
- Sewn in vehicle ID tag in front of cover, easily find the correct cover
- 2 storage bags included
Perfect for Any Doorway!

An outdoor mat is never JUST an outdoor mat when it is designed, engineered and manufactured by WeatherTech®. We took the same technology that we use for our precision engineered automotive accessories and developed a premium OutdoorMat™ to fit the needs of busy doorways.

Made from 100% recyclable resin, the WeatherTech® OutdoorMat™ features a specially designed scraper edge combined with semi-rigid cones to remove debris from shoes. Perimeter vents surround the edges to allow liquids to drain from the mat with ease. Its robust design enables the OutdoorMat™ to stay-put and lay-flat. The attractive appearance of the WeatherTech® OutdoorMat™ makes it the perfect and exceptionally functional accessory for any doorway - from a busy business to a household of outdoor lovers, it will stand the test!
OutdoorMat™

- Made in USA from a 100% recyclable resin
- Specially designed scraper edge and scraper cones to remove debris
- Robust design lays-flat and stays-put
- Perimeter vents to allow drainage
- Available in 3 sizes and 4 different colors

**SIZES:**
- 24" X 39"
- 30" X 48"
- 30" X 60"

**COLORS:**
- BLACK, TAN, GREY

Keeping Your Floor Clean!

With comfort and protection in mind, the WeatherTech® IndoorMat™ was designed to fit the needs of any doorway. Place the mat in the entrance of the family mudroom to conquer soccer cleats and rain boots; front door to collect visitor’s leaf crunching debris; or business lobby to catch the leftovers of customer’s walking through puddles. Developed from the same digital technology that WeatherTech® is known for, the IndoorMat™ entry mat is made from a 100% recyclable resin.

It features a fully wrapped raised lip perimeter to contain any fluid, dirt, etc to protect your floor from tracked-in messes. Engineered with a specially designed pattern that is comfortable to walk on, but is strong enough to hold shoes up from the bottom of the mat where dirt and fluids are retained. Easy to clean and easy to move, the WeatherTech® IndoorMat™ is the ideal mat for indoor entryways.
Keeps Mud Away!

Finding an attractive solution for storing muddy, wet or snow covered shoes can often be difficult in your home. Standard door mats don’t hold any liquid, towels on the floor in the mud room just look sloppy and no one wants to step into cold, wet boots that have been tossed in the garage to dry off! The BootTray™ is made from a strong, yet flexible TPE material that is durable for even the most rough and tumble household entry. The BootTray™ is engineered to keep mud, snow, water and dirt contained and features channels that keep the mess away from your shoes, allowing them to dry. Measuring at 16" x 36", the BootTray™ easily holds four large pairs of boots/shoes.

**SIZES:**
16" x 36"

**COLORS:**
BLACK, TAN, GREY AND BROWN
Catches Spills and Condensation

Shaped in the classic WeatherTech® Floor Mat style and even made from the same materials, the Drink Coaster’s grooved surfaces collect the liquid from condensation or small spills that pool on surfaces. These coasters fit right inside the man cave or around the house for everyday use.
PREMIUM WITH TRACTIONSQUARES™
The first modular floor tiles to offer two distinctly different materials molded into one tile. Our revolutionary manufacturing process offers an extremely rugged and low profile polypropylene plastic tile with non-slip thermoplastic elastomer TractionSquares™. A soft touch underside offers incredible grip to virtually any floor.

SOLID WITH RAISED SQUARES
A solid polypropylene tile that features raised squares for traction and style. Combine with Premium with TractionSquares™ for unlimited styling options.

Easily Assembled by Hand!
Available in 2 tile styles, 2 tile sizes, and 5 border components to allow fast wall-to-wall installation without the need to cut or trim.
Easily assembled and disassembled by hand using a snap together loop & tab system. No professional installation or special tools required!
Tiles are available in a variety of colors, borders available only in black. Use a single color or create custom patterns by using multiple color and border options.

Multi-Use
Designed to withstand the daily wear and tear of virtually any floor:
• GARAGE • LAUNDRY ROOM • SHOP • BASEMENT • MUD ROOM
• WORKOUT ROOM • PLAY AREA • TRADE SHOW FLOORING
Keep those paws and claws off the upholstery. The WeatherTech® Pet Barrier is adjustable, expandable and keeps pets safely in the rear of your vehicle.

The heavy-duty ¼” diameter telescopic tubing installs easily without tools or drilling. The barrier adjusts vertically and horizontally to suit any vehicle and any pet. “No-Mar” rubber coated components protect your interior and ensure a rattle-free installation. An optional extension is available for minivans, or vehicles with folding seats.

- Tubing Size: 1/2", 5/8" & 3/4" Steel
- Total Weight: 7.3 lbs.
- Max Height: 42" (w/out extension) 51" (w/extension)
- Max Width: 66"
The WeatherTech® PetSTEP® folding pet ramps were designed for the comfort of our furry friends and their handlers. The PetSTEP® was created with superior design and quality for those pet lovers who need a ramp for their higher vehicles, vans or stair replacement.
Unlimited Uses
The CargoTech® system integrates with the WeatherTech® Cargo Liner, standard carpeted surface of a car trunk, or SUV cargo area. Aids in securing large or unusually shaped items, such as grocery bags or plants. Molded from two different materials, the WeatherTech® CargoTech® system couples a durable plastic “fence” with a super-grippy underside to ensure goods remain stable. Sold as a set-of-four.
Expand Your Cargo Capacity

The WeatherTech® RackSack® expands your cargo carrying capacity a whopping 13 cubic feet and measures 39” x 32” x 18”. Made of heavy-duty 1800 Denier Oxford fabric that is tear resistant and water repellent.

Features include swivel straps that mount to the crossbar or side rails of an existing roof rack, patented Roll and Wrap™ tabs to prevent flapping straps, ITW Nexus™ Connectors and a soft felt bottom to protect your vehicle’s finish from scratching.
Support the WeatherTech® Racing Team

High quality apparel inspired by our WeatherTech® Racing Team, competitors in the IMSA WeatherTech® SportsCar Championship. WeatherTech’s in-house design team developed the designs from actual photos of the vehicle.

- Multiple designs to fit any style
- Jackets and pullovers for chilly days at the track
- Hats to shade your eyes in the stands
- T-shirts to show your support while taking pictures with the drivers
Racing Apparel
Gift Bag
Make the perfect gift even better with this worry-free wrapping, a gift bag exclusively made to fit around the WeatherTech® FloorLiner™ boxes.
Made from high quality materials, it is reusable for unlimited other uses. Available in red and black.
