JEEP WRANGLER GRILLES

Xprite aftermarket grilles are an inexpensive way to give your Jeep Wrangler a more aggressive and appealing look. Our grilles are made of a High Quality ABS plastic that is very durable, making it not easy to chip or crack. They come in a unfinished matte black color and ready to be sent to the paint shop. Browse though our LED lighting to complete the offroad look and functionality that all desert runners desire. With multiple styles available, you are certain to find the right look for your Jeep. Choose between mesh and no mesh designs.

NITEPAD™

Xprite's patented NitePad® premium sleeping pad is designed specifically to fit the 2007-2018 Jeep Wrangler JK (4 Door) & 2018 JL back space. This foldable cushion can be strapped to the rear seats when not in use and folds down within seconds. It provides convenience and comfort by turning the back of your Jeep into a nice little resting spot. The colors are designed to match your Jeep's factory leather interior. Whether your trekking or camping, this is a great addition to any outdoor activity.

LED WORK LIGHTS

Xprite LED work lights are a fantastic way to upgrade your lighting. With the universal nature of our lights, there are various applications and uses available. From off-road vehicles, boats, camp sites, work sites, law enforcement, UTVs, motorcycles, and more. With many options available, from small 2" 10 watt lights to 9" 96 watt lights, cube and round shapes, CREE and Epistar LEDs. Including our newest 60 watt with 4D lens designs. Whether you're looking to give your vehicle a different look, or you need more lighting for your work site, at the inexpensive prices it's a no-brainer.

High-intensity LEDs with increased output
 Aluminum alloy housing will last and not fade
 Durable construction can operate from -45°C +85°C
 Waterproof rate: IP 67
 LEDs rated at 50,000 hours
 Versatile lights with multiple applications such as off-roading, camping, boating, work lighting, and more
 2700K amber and 6000K daylight white
 Spot beam: 30 degree & Flood beam: 60 degree
 Low power consumption
